AVIATION WEEK & SPACE TECHNOLOGY

1983 Editorial Index

ADVANCED TACTICAL FIGHTER

USAF studies transatmosphere vehicle 11/7, p. 44

USAF reviews progress of new fighter programs 11/28, p. 44

AEROSPACE INDUSTRY

Argentina

Aircraft builder moves toward combat jets 7/25, p. 35

Navy expands aircraft overhaul facility 8/1, p. 62

Air Force keys reequipment to defense mission 8/8, p. 56

Argentina army produces own weapons 8/8, p. 59

Chincul seeks expanded export sales 8/15, p. 52

Naval air seeks growth, improvement 8/22, p. 125

Australia

Edgley Optica sales 8/22, p. 18

Brazil

Embraer expands its facilities for two new aircraft 8/22, p. 144

Embraer cuts interest on domestic sales 8/22, p. 146

Canada

Canadian liaison 3/7, p. 45

Canadian aerospace sales and exports 3/14, p. 190

Canada foresees rapid aerospace growth 3/14, p. 195

Canada and aerospace 5/2, p. 9

De Havilland seeks financing from Parliament 6/20, p. 24

Parliament studying Canadair problems 6/20, p. 24

Canadair Limited consolidated statement of income 6/20, p. 25

Lack of research funding alarms Canadians 10/3, p. 16

Canadair realigns top management 10/24, p. 27

China

China moves to counter effects of cultural revolution 6/6, p. 52

Visiting group 6/6, p. 58

Europe

Status of major U.S., European defense, aerospace programs 3/14, p. 10

Europe seeks stabilization of transport production 3/14, p. 181

Three European firms report losses 4/4, p. 23

Group studies arms development cooperation 5/30, p. 101

Europeans see erosion in two-way street goal 5/30, p. 107

European firms seeking to boost market in U.S. 5/30, p. 127

Study urges strong government policy 5/30, p. 287

Japanese stress aerospace support 5/30, p. 319

Crosscurrents on cooperation 5/30, p. 37

Exhibitors aim at growing space market 6/6, p. 24

New trainers, fighters vie for contracts 6/20, p. 63

Airbus Industrie displays its family of transports 8/29, p. 32

Europeans seek unified arms development 11/28, p. 131

European arms exports, 1980 11/28, p. 132

France

Dip in exports clouding French industry 3/14, p. 75

Weak economy hinders Mitterand plan 4/18, p. 73

French see U.S. restraints as barriers to joint efforts 5/30, p. 183

French budget sets $8 billion for equipment 11/14, p. 31

French military export sales decline 12/5, p. 28

General

Manufacturers' joint work cuts costs 5/30, p. 262

Foreign manufacturers confirm sales to U.S. carriers 11/21, p. 30

Arms exporters to the third world 11/28, p. 131

Germany

MBB forms U.S. branch 1/24, p. 24

Dornier seeking to maintain capacity 4/4, p. 43

Germans push joint technology base 5/30, p. 315

U.S. trade policies irritate Germans 5/30, p. 99

MTU profits 8/8, p. 61

Germany asks manufacturers for small transport proposals 9/19, p. 66

Great Britain

British companies undergoing reorganization 1/31, p. 63

Company goes public 3/7, p. 26

British military exports rising 3/14, p. 75

Workforce to grow 3/14, p. 89

Funding dispute snags British program 4/18, p. 65

Meetings canceled 5/16, p. 23

Costs push British toward joint efforts 5/30, p. 177

British study aerospace involvement 5/30, p. 191

British Aerospace sees commuter sales upturn 5/30, p. 65

British concerned with protectionism 5/30, p. 87

Westland profit 7/4, p. 67

British Aerospace considers reducing facilities 8/1, p. 62

Westland subsidiary 8/15, p. 19

British Aerospace seeking turboprop project launch 11/21, p. 34

Supplier payment 11/21, p. 39

Hungary

Hungary seeks world aircraft markets 1/10, p. 91

India

India plans to buy, produce DO 228 transports 8/29, p. 34

Italy

Piaggio seeks U.S. partner in aircraft project 9/26, p. 26

Japan

Japanese budget 1/10, p. 16

Japan budgeting $2.4 billion for space in 1983, up 3.1% 1/17, p. 26

Japan aerospace budget procurement 1/24, p. 62

Japan awaits 1983 economic rebound 3/14, p. 193

Japan doubtful of surpassing Western effort before 2000 4/18, p. 81

Mitsubishi leads Japanese aerospace sales 6/20, p. 52

Japan selects SH-60, drone contractors 7/25, p. 24

Japan's 1984 defense budget to create out-year problems 8/15, p. 23

Japan's STOL highlights air show 11/7, p. 16

Japan's Airlines poised for higher yields 11/14, p. 119

Japan setting higher aerospace goals 11/21, p. 16

Netherlands

Fokker reorganizes engineering sector 5/2, p. 23

Fokker aircraft sales spur profit increase in first half 9/19, p. 77

Romania

IAR. 93 strike fighter enters service 1/3, p. 52

New aircraft designs under test in Romania 1/24, p. 52

Saudi Arabia

U.S. pushes regional stability 5/23, p. 42

Saudis buy aerospace weapons, high technology 5/23, p. 48

Saudi defense budget follows decrease in petroleum market 5/23, p. 52

Saudis employing offsets to expand industrial base 5/23, p. 85

Singapore

Singapore firm seeks aircraft projects 11/21, p. 40

Sweden

Budget cuts could affect Sweden's JAS 12/12, p. 74

U.S.

Boeing's 1982 transport sales at lowest level since 1971 1/3, p. 28

Users, sellers study warranty lessons 1/10, p. 103

Opponents plan drive on research 1/10, p. 16

Aerospace to gain military market 1/17, p. 117

Cessna extends twin piston production halt 1/17, p. 25

Riley aircraft files for bankruptcy 1/24, p. 24

Boeing plans Witchita plant expansion 1/24, p. 70

Bendix increasing its military business 1/24, p. 71

Region seeing advanced technology as key to growth 2/21, p. 56

Florida's business climate attracting new industry 2/21, p. 60

Beech plans five-year, $40-million expansion program 2/21, p. 75

Georgia Tech facility is key to growth 2/28, p. 69

University center fosters industrial growth 2/28, p. 72

McDonnell earnings rise 2/28, p. 73

Northrop net down 2/28, p. 73

Research Triangle Park spurred growth 3/7, p. 54

Status of major U.S., European defense, aerospace programs 3/14, p. 10

U.S. aerospace exports 3/14, p. 107

Growth trends: U.S. aerospace industry 3/14, p. 16

U.S. manufacturers project turnaround 3/14, p. 167

New Markets seen for tactical missiles 3/14, p. 33

Military aircraft export outlook found uncertain 3/14, p. 71

Military sector to extend growth, commercial sector remains flat 3/14, p. 8

Growth trends: U.S. space sales 3/14, p. 83

Top officers at Fairchild aircraft change 3/21, p. 27

Vought changes 3/21, p. 28

Alabama expanding aerospace image 3/21, p. 90

Huntsville planners diversify to non-government work 3/21, p. 90

Brevard County reviving after economic slump 3/21, p. 93

Recharging technology's batteries 4/18, p. 13

U.S. dominant technology role eroding 4/18, p. 46

Panel urges action on technology 4/18, p. 49

Debate weighs U.S. competitive ability 4/18, p. 51

Shifting of federal policy draws industry opposition 4/18, p. 61

Multifirm electronics venture nears operational site choice 4/18, p. 90

Contractor offers its vendors full-time quality control work 4/25, p. 150

Eight-year study finds U.S. tops in arms sales contracts 5/2, p. 90

Airframe builders boosting sales with more trade-ins 5/9, p. 32

More on incentives 5/23, p. 11

MCC joint venture selects Texas site 5/23, p. 26

New tax rules may raise industry costs 5/23, p. 98

Eased research antitrust curb meets democratic opposition 5/30, p. 105

Europeans see erosion in two-way street goal 5/30, p. 107

Congress debates protectionist policy 5/30, p. 123

French see U.S. restraints as barriers to joint efforts 5/30, p. 183

Boeing studies increased joint projects 5/30, p. 222

Study urges strong government policy 5/30, p. 287

U.S. avionics companies stress teaming ventures 5/30, p. 302

Grumman plant expansion 5/30, p. 305

USAF, Westinghouse pact to save $1 billion 5/30, p. 78

Exhibitors aim at growing space market 6/6, p. 24

United Technologies sets R&D goals 6/6, p. 89

Boeing Commercial Airplane Co. reorganizes 6/13, p. 32

McDonnell Douglas designing four derivative transports 6/27, p. 32

Controls section 7/11, p. 16

Jobs shift from civil to military sector 7/11, p. 54

Litton reorganizes 11 divisions 7/18, p. 117

Hughes estate plans to sell helicopter unit 7/18, p. 26

General aviation deliveries drop 7/25, p. 14

Allied reorganizes aerospace sector 7/25, p. 17

Industry review 7/25, p. 24

Budget, politics hamper reequipment 7/25, p. 34

Research incentives yield mixed results 7/25, p. 63

Managers meet with President Reagan 8/8, p. 16

Boeing reports sales, earnings increase 8/8, p. 32

Boeing/Lockheed project 8/15, p. 31

Hurricane Alicia damage assessed in Texas 8/29, p. 24

General aviation groups rally to oppose trust fund surplus 8/29, p. 26

Vought research facility 9/5, p. 55

Bendix transitions smoothly into Allied 9/5, p. 77

Profit reinvestment program shows results 9/5, p. 77

Car designers refine aerodynamics for efficiency 9/12, p. 48

Fairchild creates factory direct sales group 10/10, p. 83

Martin tightens its standards of quality 10/10, p. 83

Producing small quantities: accepting a way of life? 10/24, p. 11

Bell helicopter establishing Singapore facility 10/31, p. 27

Boeing official decries industry's condition 10/31, p. 28

Air Force tightening policies to improve bid procedures 10/31, p. 73

Carburetor facility 10/31, p. 73

House relaxes some export controls 11/7, p. 66

British firms await new project funding 11/14, p. 162

Boeing gauges evolving aircraft market 11/14, p. 174

Sales gain in used narrow-body market 11/14, p. 182

General aviation aircraft sales hit 30-year low 11/14, p. 32

Cessna, General Dynamics plan joint project 11/14, p. 34

Transport improvements center on derivatives 11/14, p. 78
McDonnell Douglas halts transport projects 11/21, p. 14
And then there was one 11/28, p. 13
Piper loses $38.5 Million in fiscal 1983 11/28, p. 28
Icy winds off the Potomac 12/5, p. 11
Fairchild plans aircraft price increases 12/12, p. 73

USSR
Soviet designer criticizes slow growth 4/11, p. 67
Soviet arms exports rose in 1981 4/18, p. 200

Yugoslavia
IAR.93 strike fighter enters service 1/3, p. 52

AIR CARGO AND AIR MAIL
Task force seeks boost in Atlanta cargo traffic 1/10, p. 41
Alaskan cargo carrier plans passenger service 1/31, p. 27
Airlift command fulfilling high priority cargo delivery mission 2/7, p. 75
Growth planned in air cargo operations 2/14, p. 43
Executive analyses air cargo growth 2/14, p. 45
Air freight traffic and revenues 3/14, p. 192
Fuel prices, deregulation shape air cargo industry 3/14, p. 192
Lufthansa moves into Texas cargo facility 4/25, p. 50
Cargo rates 4/25, p. 57
Automated processing facility moves heavy volume of cargo 4/25, p. 60
DHL launches domestic courier service 5/2, p. 28
Converted 727 meets air cargo needs 5/16, p. 31
U.S. air cargo market gears for growth 5/16, p. 35
Small package firms streamline rates 6/27, p. 33
DHL Airways to carry government packages 8/15, p. 28
Northwest Airlines improving cargo facilities 9/5, p. 30
UPS expands small package cargo service 10/3, p. 126
IATA cargo tariff alterations allow use of local currencies 10/24, p. 42
Freight gains lead to greater capacity in lower deck design 11/14, p. 154
DHL aims at courier service expansion 11/14, p. 189
Cargo gains 41% on North Atlantic 11/28, p. 32
Foreign trade zones 12/5, p. 33

AIR SHOWS
Florida exhibit 5/2, p. 16
Farnborough
Firms weigh value of show participation 7/4, p. 57
Europeans considering longer hiatus between trade shows 10/3, p. 16
Great Britain
U.S. to sponsor air display in Britain 7/4, p. 55
Hanover
Hanover Air Show space increasing 12/5, p. 167
Paris
Paris show registrations reflect competition, cost 1/31, p. 22
Show participants 1/31, p. 22
Government, private company grouping U.S. exhibition in Paris 2/14, p. 24
NASA might display shuttle at Paris Air Show 2/14, p. 24
Vought drops Paris 2/14, p. 25
Boeing will display 757, 767 at Paris 3/28, p. 20
Paris exhibitors cutting show costs 4/18, p. 163
Soviets pull aircraft from Paris 5/23, p. 16
Air show coverage 5/30, p. 42
Emphasis shifts at LeBourget 5/30, p. 42
Transitions at Paris 6/6, p. 11
Air show coverage 6/6, p. 16
Displays focus on 1990s fighters 6/6, p. 16
New transports fly at air show 6/6, p. 20
Exhibitors aim at growing space market 6/6, p. 24
Fighters perform tight maneuvers for Le Bourget's flight display 6/13, p. 22
Flying reflects limitations, shortage of new aircraft 6/13, p. 24
Helicopter firms stress armed versions 6/13, p. 53
Attendance increase recorded at Le Bourget 6/20, p. 29
Firms weigh value of show participation 7/4, p. 57
U.S. debates Paris Air Show role 8/22, p. 16
U.S. ponders shift in air show services 11/14, p. 34
Legal challenge may stop Paris show questionnaire 11/21, p. 21

AIR TRAFFIC CONTROL
December traffic 1/24, p. 34
U.S. will modernize traffic control system 3/14, p. 188
NTSB chief warns on pace in recording ATC capacities 3/28, p. 36
New traffic control system being built in Berlin 3/28, p. 66
ATC investigation 4/25, p. 33
Controllers' sentences 5/9, p. 26
French traffic control center at Reims opens after delay 5/9, p. 47
FAA urges ATC survey for satellites 5/30, p. 332
New FAA software will alert controllers on separation loss 7/25, p. 28
European charter group delays data bank decision 8/29, p. 38
Belgians force reversal of Eurocontrol cuts 9/19, p. 32
FAA proceeds with control plan update 9/19, p. 79
Controller recruiting 9/26, p. 45
Controllers tell Congress of safety concerns 11/7, p. 36
Taiwan selects Lockheed to modernize ATC 11/21, p. 17
Soviets evaluating new approach control console at Leningrad Airport 12/12, p. 63

AIRBORNE EARLY WARNING
Firm modifying P-3B for early warning patrol 11/21, p. 23
NATO's initial AWACS bases start operations 11/28, p. 130
E-2C unit formed 12/5, p. 68

AIRBORNE WARNING AND CONTROL SYSTEMS
NATO planning early warning force role 3/14, p. 69
AEW forces hampered by air-ground links 3/21, p. 87
Navy plans tests of airborne EW simulator 3/28, p. 62
NATO readying early warning force 4/4, p. 65
Boeing receives AWACS upgrade kit contract 4/25, p. 24
FAA certifies Lockheed 4-D flight system 4/25, p. 26
Early warning aircraft 6/6, p. 31

AIRCRAFT CARRIERS, SHIPS, SUBMARINES
Soviets press massive naval fleet buildup 4/25, p. 153
USS New Jersey launches Tomahawk missile to Nevada test range 5/16, p. 22
Saudi naval force grows toward 34-vessel fleet 5/23, p. 75
Lockheed C-5A used to deliver sonar dome to destroyer 5/30, p. 271
General Dynamics unit to build prepositioned ships 5/30, p. 348
Naval update includes new missile system 8/8, p. 54
New Soviet guided missile cruiser enters service 10/17, p. 18
Swedish Navy to force submarines to surface 12/12, p. 85

AIRCRAFT LEASING
Delta will lease 33 737s 1/3, p. 28
British Airways seeks transport lease deal 1/10, p. 30
Braniff/PSA lease agreement gains legal, financial support 1/24, p. 36
Leasing meets opposition in Congress 3/7,
PSA/Braniff deal dead 3/21, p. 30
Midway DC-9 lease 3/28, p. 28
Libya seeks to wet-lease A300s 4/4, p. 29
British Airways to lease or buy transports 7/11, p. 34
Ryder 727 purchase 7/18, p. 32
Eastern plans safe harbor financing of new aircraft 9/19, p. 40
DC-8 impounded 9/26, p. 45
Pan American comparing transport for Europe 10/31, p. 34
Leasing firm refurbishing spare parts 11/14, p. 159

AIRCRAFT THEFT
Aircraft thefts decrease in 1982 1/31, p. 68

AIRCRAFT-INTERNATIONAL
Argentina
Argentines will flight test new jet trainer 6/20, p. 67
Pucara contract 6/27, p. 27
Australia
Australians complete engineering mockup of new primary trainer 9/5, p. 78
Brazil
Iraq negotiating on Tucano trainer buy 1/3, p. 19
Nigerian state government orders Embraer Xingu 1 aircraft 1/31, p. 67
EMB-120 wing, fuselage readied for mating 3/21, p. 79
Bandeirante directive 5/9, p. 63
Embraer Brasilia prototype removed from assembly jig 5/23, p. 29
EMB-120 entering crowded market 8/1, p. 31
Embraer flies EMB-120 prior to rollout 8/8, p. 28
Embraer seeks Xingu 2 improvements 10/10, p. 71
Egypt to build Embraer Tucano trainer 12/12, p. 22
Canada
DHC-6 modified for laser terrain profiling 1/3, p. 42
DHC-8 wing mated with fuselage 1/17, p. 27
British cargo airline using CL-44 on North Atlantic route 2/21, p. 33
De Havilland nears rollout of DHC-8 2/28, p. 63
Challenger 601 certificated by FAA 3/28, p. 59
De Havilland aircraft rolls out DHC-8 4/25, p. 31
Extended range Dash 7 5/16, p. 31
CF34 upgrades Challenger capabilities 5/16, p. 63
Canadair redesigns Challenger flap vane 5/16, p. 65
Canadair Challenger equipped with electronic flight instrumentation 5/23, p. 103
De Havilland DHC-8 to make first flight this month 6/6, p. 29
De Havilland DHC-8 makes its first flight 6/27, p. 28
Egyptian de Havilland DHC-5D transport operate near Cairo 8/15, p. 149
Canadair outlines future of Challenger 9/26, p. 121
China
Chinese transport tested with PT6-11 powerplants 1/17, p. 29
Chinese flight test Y-10 jet transport 2/14, p. 38
China shipping F-7 fighter kits to Jiyanklis for assembly 8/15, p. 160
Iraq, Iran acquiring Chinese-built fighters , p. 16
France
Dassault-Breguet Mirage 3NG fighter makes its first flight 1/10, p. 17
Falcon 20 follow-on 1/31, p. 22
France determines new fighter design 1/31, p. 57
France flight tests nuclear-armed Mirage 2/14, p. 19
Nuclear attack version of Mirage 2000 undergoing flight tests 2/21, p. 21
Falcon D tested as electronic countermeasures trainer 3/28, p. 45
Falcon 200 shows performance gains 4/4, p. 36
Mirage 3NG export fighter continuing test flight 4/4, p. 59
French sale of Mirages to China advances 4/11, p. 27
ATR42 may enter corporate aircraft market 4/11, p. 41
France chooses twin-engine fighter design 5/9, p. 20
Falcon 20 offered with ATF3-6 retrofit 5/30, p. 341
Dassault-Breguet building larger Falcon 50 6/6, p. 26
F1s at Azraq take interceptor/ground attack role 6/27, p. 72
Microjet production awaits funding decision 7/18, p. 25
Mirage 4 display ASMP nuclear missile 8/1, p. 21
French to equip Etendards with ASMP missile 8/8, p. 20
Mirage squadrons seek aircraft replacement 8/8, p. 58
Egyptians assemble Alpha Jets at Helwan 8/15, p. 147
French deploy aircraft, troops in Chad 8/29, p. 21
French assign various roles to Mirage 4s 9/5, p. 57
French manufacturer to offer aircraft in kit form in North America 9/12, p. 61
Firms plan financing for Concorde service 10/3, p. 36
Dassault plans first flight of Falcon 900 in 1984 10/3, p. 44
Dassault-Breguet Falcon 900 in initial production facility 10/17, p. 92
Exocet, laser missile to be qualified on Mirage 10/31, p. 27
Final HU-25A delivery due this month 12/12, p. 26
No. 1 Falcon 900 nears fuselage mating 12/12, p. 71
General
International team to define future airlift needs 3/21, p. 25
Germany
Dornier DO 24 TT flies 5/9, p. 23
Dornier seeks alternate uses for Do 228 6/6, p. 30
Dornier developing amphibian prototype 6/13, p. 77
India plans to buy, produce DO 228 transports 8/29, p. 34
Tornado becomes operational with German Navy 10/10, p. 61
Germans study Fantrainer use 12/5, p. 162
FAA postpones final U.S. certification of DO 228 12/5, p. 33
India to produce Dornier DO 228-200 transports 12/12, p. 27
DO 228-200 offers mission versatility 12/12, p. 52
Great Britain
RAF orders two 146s for royal family 1/3, p. 27
Engine boosts Jetstream performance 1/3, p. 43
Engine changes mark Jetstream evolution 1/3, p. 44
Jetstream 31 specifications 1/3, p. 45
British design Mach 2 VTOL fighter 1/10, p. 22
Lear Fan plans cutbacks at Belfast factory 1/24, p. 30
146 service start 2/21, p. 33
Short Brothers develops new versions of its 330 transport 2/28, p. 49
O-2A modified for single turboprop 3/7, p. 18
Short Brothers delivers 360 transport to Scottish airline 3/21, p. 32
Nimrods for NATO 3/21, p. 86
Jetstream 31 Demonstrator being completed in U.S. 4/4, p. 50
Short Brothers 360 delivered to Mississippi Valley Airlines 5/2, p. 34
Mockup shows U.S. Navy Hawk design changes 5/9, p. 21

Thoughts while flying again 5/16, p. 11
British Aerospace opens assembly facility for Jetstream 31 5/30, p. 194
HS-125-800 enters flight test phase 6/6, p. 91
Sheriff enters final assembly stage 6/6, p. 98
Pilot lands Harrier on passing ship 6/13, p. 28
British Aerospace HS-125-800 enters flight test program 6/20, p. 24
British Royal Air Force first British Aerospace 6/20, p. 36
British Aerospace delivers VC-10K Mk.2 tanker to Royal Air Force 8/15, p. 23
Fairey Gannet turboprop undergoes testing in Space Agency's propfan program 8/15, p. 27
De Havilland tests DHC-8 commuter aircraft over Toronto 8/22, p. 27
British 146 reduces cockpit workload 9/5, p. 39
British NDN-1T Turbo Firecracker makes its first flight 9/12, p. 32
Firecracker designed as military trainer 9/19, p. 70
British Aerospace proposes advanced Sea Harrier fighter 9/26, p. 29
HS. 125-800 flight testing on schedule 10/3, p. 117
British Aerospace tests advanced turboprop aircraft 10/3, p. 28
British investigate Tornado crash 10/10, p. 30
Contractors seek British funds for A320 10/17, p. 32
British Navy receives two-seat Sea Harrier 11/14, p. 199
Pacific Southwest to purchase 20 British Aerospace 146-200s 11/21, p. 31
British using Macchi MB.339 testbed to evaluate Viper 680 in flight 11/21, p. 40
Stress cited in loss of Buccaneers 11/21, p. 42
British Nimrod Mk. 3 AEW enters final development 11/28, p. 52
Changes cut drag on uprated HS. 125 12/5, p. 141
Canberra modernization 12/12, p. 17

Hungary
Hungary expects to export sailplane next year 1/3, p. 53
Hungarian company to market Rubik R-26 training sailplane 1/3, p. 54

India
Hindustan Aeronautics Ajeet trainer begins flight tests 1/17, p. 17

Israel
U.S. nears Lavi transfer approval 1/10, p. 20
U.S. companies oppose Lavi A 2/14, p. 16
Kfir proposed for U.S. Navy aggressor role 2/14, p. 19
Wing, fuselage of Israel Aircraft Industries mated 2/28, p. 65
Israelis producing new version of Kfir 5/30, p. 134
Grumman receives Lavi primary subcontract 6/6, p. 19
U.S. Lavi involvement raises concerns 7/4, p. 14
IAI bases Lavi fighter project on 300 aircraft procurement 7/18, p. 23
Lavi specifications 7/18, p. 23
Israeli manufacturer rolls out new Astra corporate aircraft 9/12, p. 33
Israel may advance Astra certification 9/19, p. 63
U.S. company sells 10 Astra aircraft 9/19, p. 65
IAI seeks North American market for corporate Astra 10/3, p. 120
State Dept. notifies Congress of composites sale for Lavi 10/17, p. 27
Lavi receives FMS funding assistance 11/14, p. 35
Reagan approves credits to Israel for Lavi 11/28, p. 27

Italy
Siai-Marchetti plans 19-passenger commuter 6/6, p. 31
P.68C wings break during aerobatic show 9/26, p. 129

Japan
Artist paints with jet exhaust 2/21, p. 79
STOL research aircraft based on C-1 4/4, p. 64
Two C-1s crash 5/2, p. 25
Y-X-X development 5/16, p. 27
Mitsubishi builds control configures T-2 7/25, p. 49
NTSB urges MU-2 certification review 9/12, p. 60
Japan's STOL uses blown flaps for lift 11/21, p. 19

Netherlands
Fokker studying market for stretched F-28 2/21, p. 29
Piedmont F-28 buy 8/29, p. 31
Fokker deciding on new F-28 version 10/3, p. 26
Carriers assessing Fokker plan to build FXX propfan transport 11/14, p. 171
Fokker budgeting $300 million to launch F-28, F-27 aircraft 12/5, p. 32
Empire buys F-28s 12/12, p. 31

Poland
Poland developing new trainer aircraft 6/20, p. 63

Romania
New aircraft designs under test in Romania 1/24, p. 52

Spain
CASA develops new versions of C.212 1/10, p. 63
CASA seeks export markets for C-101 1/17, p. 114
CASA to test increased-thrust-C-101 9/26, p. 107
Two CN-235s prepared for flight tests 9/26, p. 59
CASA increasing power of C-101 trainer/light attack aircraft with Garrett engines 11/14, p. 203

Sweden
Hughes developing HUD for Swedish JAS 39 fighter 1/10, p. 81
JAS-39 development 1/24, p. 24
Swedes award JAS 39 Gripen contracts 6/6, p. 18
Saab producing 340 transports in Sweden 9/26, p. 41
Gripen brake supplier 10/24, p. 59
Budget cuts could affect Sweden's JAS 12/12, p. 74

USSR
SU-25 operating in Afghanistan 1/3, p. 16
Soviets withdraw TU-144 from service 2/14, p. 31
Soviets develop new aircraft, radar 3/14, p. 260
Soviets building YAK-42 air transports 4/4, p. 60
Brazilians block Libyan arms shipment 5/2, p. 17
Soviets stress heavy-lift transports 6/6, p. 46
Sukhoi Su-15 Flagon intercepted over Baltic Sea 7/25, p. 15
Aeroflot offers Ilyushin Il-86 service on Moscow-Havana route 8/15, p. 29
Soviets developing new fighters 11/28, p. 18
Soviet, U.S. fighter compared 12/5, p. 68
Soviet bomber sorties 12/12, p. 25
Swedish aircraft photograph Soviet Flagon 12/12, p. 79

Yugoslavia
Yugoslavia displays super Galeb G-4 at Paris air show 6/6, p. 23
Yugoslavs deliver joint trainer, fighter 6/20, p. 61

AIRCRAFT-INTERNATIONAL-CONSORTIUM

ATR42
ATR42 suppliers 2/21, p. 35
Consortium plans user survey to define ATR42 derivative 2/21, p. 35
Aerospatiale seeks ATR42 sales partner 12/5, p. 44

Advanced Combat Aircraft
Europe at odds over flight project 5/30, p. 306
Combat aircraft study 11/14, p. 31

Airbus A300
Airbus to test Sfena management unit on A300 5/30, p. 189
French evaluate side-stick controller in Airbus A300 10/3, p. 27
Airbus using four Super Guppy transports to ship aircraft components 10/17, p. 39
Airbus considers retrofit of A300 cockpit 10/31, p. 30
Airbus showing A300/A310 production 10/31, p. 30
FAA proposes A300 slat, flap system checks 11/14, p. 137

Airbus A300-600
Airbus Industrie nears completion of its first A300-600 transport 4/4, p. 28
Thai Airways reconfirms Airbus order 5/9, p. 28
Airbus initiates A300-600 flight tests 7/18, p. 41
A300-600 tests advance toward final configuration 7/25, p. 29
Stretched Airbus Industries A300 transport uses single-piece flap 8/15, p. 41
First Saudi Airbus A300-600 enters final assembly phase 10/3, p. 36
Airbus A300-600 simulator readied for delivery 11/21, p. 29
Saudi Arabian Airlines begins flight evaluations of A300-600 transport 12/5, p. 31

Airbus A310
Lufthansa to operate its first A310 1/24, p. 40
Middle East Airlines purchasing Airbus A310s 3/7, p. 28
A310 readied for delivery upon obtaining certificate 3/21, p. 44
Moscow flights 8/8, p. 31
A310 transport delivered to Kuwait Airways 10/17, p. 30
Airbus showing A300/A310 production 10/31, p. 30
KLM initiates service with Airbus A310s 11/14, p. 110
Martinair Airbus A310 transport is given predelivery test 12/5, p. 49

Airbus A310-200
A310-200 maximum takeoff weight increases 3/21, p. 44

Airbus A310-300
Swissair A310-300 order launches aircraft version 4/4, p. 28

Airbus A320
Airbus develops side-stick controller for A320 2/28, p. 34
Airframe makers review options 6/6, p. 29
A320 maturing into lighter transport 7/18, p. 33
Airbus to flight test sidestick controller 7/18, p. 41
Airbus evaluates side stick controller for A320 9/19, p. 30
Airbus builds mockups of A320 design 9/26, p. 110
French budget includes A320 research funds 10/3, p. 31
Pressure for aid gains with A320 buy 10/17, p. 32
Airbus nears A320 go-ahead decision 11/14, p. 137
Britain weighs funding of A320 project 12/12, p. 34

Alpha Jet
Nigerian air force orders Alpha Jet 7/11, p. 21
Egypt tales delivery of four Alpha Jets 12/12, p. 51

British Aerospace/McDonnell Douglas T-45 Hawk
Congress may force Hawk delay 11/7, p. 18
Hawk order 11/7, p. 25
Navy T-45B Hawks 11/21, p. 15
Navy restructures T-45A trainer buy 11/28, p. 26

CN-235
CASA/Nurtanio CN-235 aircraft nears completion 3/28, p. 50
CN-235 suppliers 3/28, p. 53
CASA accepts CN-235 landing gear 4/25, p. 137
CASA rolls out CN-235 turboprop transport 9/19, p. 30
Indonesia readies CN-235 for testing 10/31, p. 39
CN-235 first flight 11/21, p. 31
Spain's CN-235 turboprop transport enters flight test program 11/28, p. 32

Concorde
Carrier agrees to pay Concorde support costs 1/3, p. 27

Reims/Cessna Caravan 2
U.S.-French turboprop shown in prototype at Paris 6/13, p. 70

Saab-Fairchild 340
Saab-Fairchild 340 transport makes first flight 1/31, p. 28
Saab-Fairchild 340 transport in flight test leading to certification next year 2/28, p. 31
Second Saab-Fairchild 340 transport out 4/11, p. 30
Joint subsidiary to sell Saab-Fairchild 340 5/2, p. 22
Saab-Fairchild 340 undergoes static testing 5/16, p. 32
Manufacturer displays first two Saab-Fairchild 340 aircraft at Paris 7/11, p. 35
Saab performing fatigue tests on Saab-Fairchild SF. 340 10/3, p. 69
Saab assembles commuter aircraft 11/14, p. 39
Saab-Fairchild study PW100 for corporate 340s 12/12, p. 24

Spain
CN-235 2/14, p. 123

Tornado
Panavia, Turbo-Union push effort to market 200 Tornado aircraft 2/28, p. 42
Production begins on first Tornado F.2 7/18, p. 80

AIRCRAFT-U.S.

150-seat Transport
Joint effort set on 150-seat aircraft engine 3/14, p. 263
Delta, SAS to campaign jointly for new 130-150-seat aircraft 10/24, p. 30

AeroVironmental Bionic Bat
Man-powered aircraft wins speed test 10/17, p. 93

Beech 1900
Beech 1900 achieving flight test goals 4/25, p. 32
Three prototype Beech 1900 airliner commuters fly in formation 5/30, p. 306
Bar Harbor orders 10 Beech 1900 transports 8/22, p. 28
Transwestern Airlines acquires two Beech 1900s 10/24, p. 28

Beech C-12
Navy's C-12 buy generates opposition 12/5, p. 29

Beech Composite Turboprop
Beech composite turboprop prototype makes first flight 9/5, p. 19

Beech King Air 90
Raisbeck expands modification line to King Air 90s 4/25, p. 72

Beech Lightning
Beech prepares Lightning prototypes 9/5, p. 61

Beech RC-12D
RC-12D to fill communications role 2/7, p. 79

Beech Starship 1
Starship 1 shows wing design in flyby 10/24, p. 66

Beech Super King Air 200
Firms offer kits to modify Super King Air 9/12, p. 64

Beech Super King Air B200T
Beech exhibiting its Super King Air B200T demonstrator 5/30, p. 262

Boeing 707
Boeing 707 deploys air refueling drogues 7/4, p. 54

Boeing 707-320
Boeing converts former airline 707-320 transport to tanker 3/28, p. 20
Tanker-transport to be shown at Paris 5/30, p. 255

Boeing 720
Planned 720 crash to benefit safety 7/11, p. 28

Boeing 727
Boeing power system 1/10, p. 23
Braniff 727 transports await resale in Tucson 1/24, p. 36
Boeing plans end to 727 production run 2/7, p. 31
Valedictory for the 727 2/28, p. 11
727 letter of intent 3/7, p. 29
727 production run 4/18, p. 43
Boeing delivers last passenger 727 to USAir 5/9, p. 42
Converted 727 meets air cargo needs 5/16, p. 31

Holographic display installed in Boeing 727 for system certification 9/12, p. 96
T/CAS faces operational tests on Boeing 727 9/26, p. 143

Boeing 727-200
People Express buying 14 Delta 727-200s 8/22, p. 47

Boeing 727-200F
Boeing completing first of fifteen 727-200F freighter aircraft for Federal Express 3/21, p. 47
Boeing delivers 727-200F freighter to Federal Express 7/18, p. 43

Boeing 737
737 order 5/16, p. 34
Indonesia using 737s for marine patrol 9/26, p. 95

Boeing 737-200
Boeing prepares 737-200 transports for delivery to Chinese airline 3/7, p. 37
Air Malta purchases three Boeing 737-200 transports 4/25, p. 51
Boeing building Delta's first 737-200 twinjet transport 8/29, p. 38

Boeing 737-300
Western Airlines orders three Boeing 737-300 transports 1/10, p. 34
CFM56-3 being flight tested on 707 prior to installation on new 737-300 3/7, p. 31
737-300 transport design set 4/4, p. 30
Boeing 737-300 wing work advances 7/25, p. 32
Boeing begins assembly of first 737-300 10/10, p. 31
Boeing preparing stretched 737 for rollout in January 10/31, p. 29
Boeing joins 737-300 wing to body 11/14, p. 99
Boeing 737-300 enters final assembly; systems installation begins 11/28, p. 33
Boeing installs CFM-56-3 powerplants on first 737-300 transport 12/5, p. 30

Boeing 737-400
Primary configuration changes between 737-300 and 747-400 11/14, p. 89

Boeing 747
No. 1747 in service 1/17, p. 29
Boeing completing assembly of third and fourth Swissair extended deck 747s 8/1, p. 27
JAL orders 747s 8/22, p. 27
Boeing set to retrofit 747 upper decks 9/5, p. 31
747 carried Litton LTN-72R navigation system 9/12, p. 21
747 radar 9/12, p. 27

Boeing 747-200
People Express begins 747-200 service to London 6/6, p. 51

Boeing 747-300
Extended upper deck 747 shows fuel gains in flight 1/3, p. 26
FAA delays full autothrottle use on Swissair's 747-300 4/18, p. 36
South American Airways' Boeing 747-300 undergoing tests 5/30, p. 233
Texas firms will complete Saudi King's 747-300 8/15, p. 32
Boeing will deliver 747-300 transport to KLM next month 8/22, p. 42
KLM Royal Dutch Airlines buys Boeing 747-300 9/26, p. 59
747-300 retrofit 10/17, p. 31

Boeing 757
757 British service 1/24, p. 33
Eastern 757 reliability 1/31, p. 34
Boeing will display 757, 767 at Paris 3/28, p. 20
Eastern tests 757 at National Airport 4/4, p. 30
Boeing 757 enters service with Monarch Airlines 4/4, p. 35
Eastern begins 757 flights to National 5/9, p. 27
British Airways joins Europe fleet on summer lease 5/30, p. 191
Air Europe takes delivery of Boeing 757 5/30, p. 233
Boeing sells 10 transports to Singapore 6/6, p. 33
Boeing increases range of new Twinjet 6/20, p. 40
Boeing tests 757 for fatigue 8/29, p. 35
Fairchild to end 757 section work 9/5, p. 29
Northwest orders 20 Boeing 757s 12/5, p. 33
Boeing prepares first 757 to receive Rolls-Royce RB.211-535E4 engines 12/12, p. 29

Boeing 767
Boeing delivers 767 twinjet transport to China Airlines 1/3, p. 24
Computer problems delay 767 1/31, p. 34
Boeing opts for stretched 767 2/14, p. 26
United sets new 767 computer procedure 2/14, p. 30
Boeing delays 767 world tour 2/21, p. 30
767 tests new body size appeal 3/7, p. 27
Operators find 767 blending well with fleet requirements 3/7, p. 28
Boeing will display 757, 767 at Paris 3/28, p. 20
FAA orders 767 stabilizer hinge inspection 4/11, p. 31
Boeing 767 cargo-carrying system demonstrated 4/18, p. 32
767 directive 4/25, p. 29
Boeing 767 final assembly positions filled 4/25, p. 29
Transbrasil begins 767 service 7/4, p. 30
Cost patterns emerge for 767 7/18, p. 28
United 767 loses power; engines shut down 8/29, p. 30
Boeing 767 fuselage detailed in completion facility 10/24, p. 42
Boeing inspects 767 after fatigue tests 12/5, p. 41

Boeing 767-300
Boeing considers Combi following JAL's 767 buy 10/31, p. 33

Boeing B-52G
USAF will repair B-52G 8/29, p. 76

Boeing E-3A
U.S. withdraws E-3As from Chad mission 8/29, p. 21
Tinker's 552nd Div. undergoes update to support Boeing E-3A 11/28, p. 56

Boeing E-4B
USAF receives Boeing E-4B conversion 8/8, p. 51

Boeing E-6A
Navy selects Boeing E-6A for Tacomo role 5/9, p. 19

Boeing KC-135
Competition urged for KC-135 reengining 5/30, p. 51

Boeing KC-135R
Boeing proposes multiyear KC-135R purchase 1/31, p. 18
Reengined KC-135R shows performance gains in test 2/21, p. 53
Reengined KC-135R tested for water ingestion at Edwards AFB 3/7, p. 15
CFM56s boost KC-135R performance 5/2, p. 42

CAC-100
Firm stops development of CAC-100 5/16, p. 44

Cessna Caravan
Cessna flight tests turboprop Caravan 1/10, p. 95
Federal Express buys 30 Cessna turboprops 12/12, p. 27

Cessna Citation 2
Navy chooses Citation 2 for navigation trainer role 5/16, p. 17

Cessna Citation 3
Citation 3 marks new design approach 6/13, p. 91

Cessna Citation 500
Turbofan modification increases Cessna Citation Series 500 speed, range, engine thrust 2/7, p. 80
Dutch use Cessna Citation 500 to evaluate ground navigational facilities 9/26, p. 122

Cessna Trainer
Cessna trainer deliveries to begin in August 5/23, p. 25

Douglas DC-8-70
CFM56s show dispatch reliability of 99.8% 5/2, p. 31

Fairchild Merlin
Fairchild readies new designs of Merlin corporate aircraft 10/3, p. 125

Fairchild Metro 3
Atlantic Express begins regional service using Metro 3s 1/24, p. 40
Airline serving California, Airzona adds Fairchild Metro 3s to fleet 3/7, p. 38
UPS to purchase 12 modified Fairchild Metro 3s 8/15, p. 34
Fairchild delivering Metro 3 aircraft United Parcel Service 10/31, p. 60

Fairchild Republic FRC225
U.S. firm designs trainer for foreign military sales 5/30, p. 292

Fairchild Republic T-46A
Fairchild marketing export version of T-46A trainer 6/6, p. 22
Company selecting T-46A subcontractors 7/18, p. 116
USAF will test T-46A ejection seats 9/26, p. 115
Fairchild Republic T-46A undergoes wind tunnel testing 10/17, p. 55

Gates Learjet Model 55
Gates Learjet provides Model 55ER and 55LR longer range 10/3, p. 129

General
Growth trends: U.S. military aircraft 3/14, p. 23
Projected average age of aircraft inventory 3/14, p. 49

General Dynamics F-16
USAF studies fighters for dual-role 1/3, p. 36
Fokker completes modifications to Dutch F-16 fighters 1/17, p. 117
Belgian linguistic divisions threaten F-16 order 1/24, p. 22
Satellite link to speed evaluation of F-16 radar 2/14, p. 111
Project update modifies 105 F-16s 3/21, p. 67
USAF, contractor update F-16 systems 4/4, p. 62
Fokker bidding for contract to repair F-16 fighters in Europe 4/25, p. 130
USAF to seek fighter engine bids 5/2, p. 14
F-16 used to flight test low drag bomb release 5/2, p. 79
USAF seeks dual role data on F-15, F-16 5/23, p. 19
Administration lifts delay of F-16 sale to Israel 5/30, p. 56
Germany to flight test U.S. fighters 7/11, p. 17
First F-16 wing at Inshas nears operational status 8/15, p. 152
F-16 contractor refunds $56,000 to USAF 9/5, p. 18
Turkey decides to buy, coproduce 160 F-16s 9/12, p. 32
Defense Dept. proposes 24 F-16s for Norway 10/17, p. 26
F-16 in vertical test 10/17, p. 59
Dutch plan follow-on F-16 buy 11/21, p. 26

General Electric AFTI F-16
Pilot evaluations begin on AFTI F-16 5/30, p. 274

Grumman A-6E
Navy favors modified attack aircraft 11/7, p. 19

Grumman C-2A
Navy C-2A buy 6/27, p. 23

Grumman E-2C
E-2C reengining 1/10, p. 18
E-2C purchase 5/23, p. 18
E-2C unit formed 12/5, p. 68

Grumman E-2C Hawkeye
Egyptian E-2C Hawkeye 8/22, p. 16

Grumman F-14
Navy reviews redesigned F-14 rudder interconnect 4/18, p. 149
Navy evaluating television camera set on F-14 11/14, p. 211
Soviet, U.S. fighter compared 12/5, p. 68

Grumman X-29A
Grumman joins X-29A forward swept wing fuselage 6/27, p. 22
Grumman removes X-29A from assembly support jig 8/15, p. 19
Grumman completes assembly of X-29A forward-swept wing aircraft 11/7, p. 27

Gulfstream Aerospace Commander Fanjet Model 1500
Gulfstream Aerospace Commander Fanjet Model 1500 makes its first flight 1/24, p. 25

Gulfstream Aerospace Gulfstream 1
CT7 turboprop finishes flight tests on Gulfstream aircraft 1/31, p. 29

Gulfstream Aerospace Gulfstream 2
Shuttle crew hones skills in Gulfstream 6/6, p. 65

Gulfstream Aerospace Gulfstream 3
USAF selects Gulfstream to replace C-140s 6/13, p. 21
Multimission Gulfstream 3 to be built 9/26, p. 117

Gulfstream Aerospace Gulfstream 4
Down payment made on Gulfstream 4s 3/21, p. 59
Gulfstream 4 to make its first flight in 1985 3/28, p. 59
Gulfstream 4 commitments reach 45 5/2, p. 15

Gulfstream C-20A
First C-20A delivered by Gulfstream Aerospace 9/26, p. 39

Gulfstream Peregrine
Gulfstream will begin development of Peregrine 10/3, p. 114

Hawk GAF 125
Hawk industries testing new cargo aircraft 5/30, p. 66

Helio 800
Helio 800 available in STOL, float-equipped versions 5/16, p. 65

Helio Courier
Helio starts production of Courier versions 5/9, p. 23

Lake Renegade
FAA certifies Lake aircraft amphibian 9/12, p. 63

Lear Fan Ltd. Lear Fan 2100
Learfan modifying composite wing 2/21, p. 24
Omac, Lear Fan test aircraft at base near Reno 5/30, p. 341
Lear Fan awaits FAA approval to start certifying flight tests 10/3, p. 114
Lear Fan plant 10/31, p. 25
Lear Fan installs fuselage jig at Northern Ireland factory 11/21, p. 41

Lockheed C-130
C-130s yield high utilization in variety of Saudi mission 5/23, p. 88
Four arrested in attempt to sell Libya C-130s 6/27, p. 24

Lockheed C-141B Starlifter
Air Force camouflages C-141B Starlifter transport 5/30, p. 351

Lockheed C-5A
Rewinged C-5A 3/21, p. 54
Lockheed C-5A used to deliver sonar dome to destroyer 5/30, p. 271
Air Force changes paint scheme on C-5As for military airlift command 7/11, p. 17
Air Force installs color weather radar on C-5A 10/17, p. 110

Lockheed C-5B
C-5B contract 1/10, p. 17
Company selecting C-5B subcontractors 7/18, p. 109
C-5B brake award 10/3, p. 33

Lockheed HC-130H-7
Lockheed delivers HC-130H-7 Hercules long-range patrol aircraft to Coast Guard 7/11, p. 20

Lockheed L-1011
Lockheed delivers L-1011 TriStar transport to TAP Air Portugal 2/14, p. 43
L-1011 converted to tankers for RAF 4/18, p. 141
Lockheed L-1011 conversion facility being built 4/18, p. 144
L-1011 approaching end of production 4/18, p. 181
L-1011 recovers from triple-engine failure 5/9, p. 30
NTSB cites maintenance work in L-1011 work in L-1011 triple-engine failure 5/16, p. 29
Eastern plans L-1011 maintenance update 5/23, p. 31
Pitch control tested on L-1011 7/18, p. 77
Lockheed completes final L-1011 8/22, p. 34
Lockheed, Delta evaluate L-1011 systems 9/26, p. 149

Lockheed P-3A
Navy tests P-3A with airborne instrumentation system 9/5, p. 28

Lockheed P-3B
Firm modifying P-3B for early warning patrol 11/21, p. 23

Lockheed P-3C
Manufacturer completes final assembly of P-3C Orion update 3 antisubmarine aircraft 1/10, p. 81

Lockheed moving P-3C work to Palmdale 8/29, p. 17

Lockheed SR-71
Second SR-71 deployed to England 1/31, p. 59

Lockheed TR-1B
Air Force receives first Lockheed TR-1B 3/28, p. 22
Lockheed TR-1B trainer delivered to Air Force 5/16, p. 60

McDonnell Douglas AV-8B Harrier
AV-8B conducts aerial refueling with KC-130 7/4, p. 59
Marine Corps begins flight tests of first production AV-8B Harrier 2 10/10, p. 64

McDonnell Douglas C-17
Air Force develops new plan for funding C-17 transport 3/14, p. 259
Airlift plans 3/14, p. 259
Service to seek C-17 procurement funding 5/30, p. 51
Senate panel halves C-17 funding request 7/18, p. 27
C-17 tests confirm lift system design 8/15, p. 47

McDonnell Douglas CF-18
Canadians certify CF-18 fighter for inflight refueling 7/4, p. 61
Canada tests its CF-18 with weapon load 12/5, p. 161

McDonnell Douglas D-3300
Capacity cut studied for 150-seat design 1/17, p. 32

McDonnell Douglas DC-10
NTSB assesses DC-10 recommendations 6/6, p. 32

McDonnell Douglas DC-10-30
DC-10-30 order 2/28, p. 28
Laker DC-10-30s 7/25, p. 36

McDonnell Douglas DC-8
CFM56 powerplant fixes based on DC-8 operations 2/14, p. 32
Reengined DC-8 transports achieve fuel savings, high performance 8/22, p. 48

McDonnell Douglas DC-8 Series 70
DC-8 Series 70 transport flies from Cairo to Los Angeles nonstop 4/4, p. 34

McDonnell Douglas DC-8-61
Capitol Air returns Eastern DC-8-61s 1/3, p. 25

McDonnell Douglas DC-8-73
UPS purchasing DC-8s 1/3, p. 28
Stretched DC-8 6/20, p. 44

McDonnell Douglas DC-9
SAS offers to pay portion of expense in design of replacement for DC-9s 1/17, p. 33
New DC-9 model to offer greater range 2/7, p. 30
Midway DC-9 lease 3/28, p. 28
Litton gyroscopic reference system to equip Alitalia DC-9s 4/18, p. 199
DC-9 refurbishment 4/18, p. 41
Douglas considers 100-160-seat DC-9 11/14, p. 147

McDonnell Douglas DC-9-30
DC-9 low on fuel lands at Luke AFB 6/6, p. 34
Metrolink seats 7/11, p. 30

McDonnell Douglas DC-9-80
Manufacturer considers new DC-9-80 versions 1/17, p. 32
DC-9-80 sales stabilize Douglas workforce 1/17, p. 33
Carrier orders DC-9 Super 80 4/4, p. 34
Jet America receives third DC-9 Super 80 4/11, p. 42
DC-9-80s delivered to Trans World, American Airlines 5/9, p. 29
CAAC agrees to purchase two Super 80s 6/27, p. 32
American DC-9-80s 7/4, p. 29
McDonnell Douglas renames Super 80 family 8/1, p. 28
Texas Air MD-82s 8/22, p. 34
American MD-80s flying nightly into National 9/5, p. 36
MD-80 transports to operate at LaGuardia 11/7, p. 32
MD-80 order 11/28, p. 34

McDonnell Douglas DC-9-90
DC-9-90 launch sought this year 2/28, p. 27

McDonnell Douglas F-15
USAF studies fighters for dual-role 1/3, p. 36
Forward-looking infrared pod undergoing tests on F-15 1/17, p. 107
Reconditioned F-86s used in gunnery operations for F-15s 3/21, p. 53
Problem in stabilator actuator grounds F-15 fighter aircraft 4/11, p. 29
Integrated systems evaluated on F-15 4/11, p. 47
USAF to seek fighter engine bids 5/2, p. 14
USAF ends F-15 flight tests 5/16, p. 61
USAF seeks dual role data on F-15, F-16 5/23, p. 19
F-15 performs Saudi interceptor role 5/23, p. 72
F-15 digital electronic engine control shown to be feasible 6/13, p. 131
F-15 tested with digital flight control system 7/18, p. 68
Air Force completes tests of conformal weapons carriage on F-15 9/19, p. 17
Space agency testing F-15 fighter with F100 EMD engine 10/3, p. 144
USAF to modify F-15 control system 12/12, p. 16
McDonnell Douglas proposes modifying F-15 fighter into STOL demonstrator 12/12, p. 45

McDonnell Douglas F-4
Soviet, U.S. fighter compared 12/5, p. 68

McDonnell Douglas F-4E
Pave Spike aids F-4E target accuracy 5/2, p. 95

McDonnell Douglas F-4G
USAF considers F-4G radar modifications 5/16, p. 73

McDonnell Douglas F/A-18
Marines begin F/A-18 tactical operations 1/17, p. 21
Congressmen charge F-18 overruns hidden 1/31, p. 26
Drop tests conducted on McDonnell Douglas F/A-18 airframe 2/21, p. 55
F-18 contractors tighten quality control 5/23, p. 16
McDonnell Douglas sells F/A-18 to Spain 6/6, p. 28
Germany to flight test U.S. fighters 7/11, p. 17
Small businesses oppose curb on data 8/29, p. 26
F/A-18 flies takeoff tests from 6-deg. ramp 10/17, p. 27
Douglas asks F/A-18 engine mount checks 11/21, p. 21

McDonnell Douglas KC-10
KC-10 order 1/3, p. 14

McDonnell Douglas MD-100
New engines boost MD-100 plans 7/25, p. 26
Douglas delays MD-100 production decision 10/10, p. 43
Douglas designing MD-100 transport 10/17, p. 70

McDonnell Douglas MD-90
MD-90 powerplant 7/11, p. 25

McDonnell Douglas Model 279-3
Ames will test model of supersonic V/STOL fighter 4/11, p. 26

McDonnell Douglas TAV-8B
McDonnell Douglas submits proposal to build two-seat AV-8B trainer version 1/24, p. 20

McDonnell Douglas YAV-8B
NASA studies AV-8B stability 9/12, p. 52

Monnett Sonerai
Manufacturer develops tricycle landing gear versions of its ultra lights 9/12, p. 60

Mooney 301
Prototype Mooney 301 begins flight tests 5/30, p. 55

Mooney M2J201
Mooney delivers trainers to Israeli company 9/19, p. 65

Mooney M30
Mooney M30 nears first flight 3/21, p. 27
Mooney developing pressurized M30 4/11, p. 73

NASA F-111
NASA mates mission adaptive wings to AFTI aircraft 9/26, p. 117

NASA QSRA
NASA/Ames plans 18-leg trip to fly QSRA to Paris Air Show 3/28, p. 20
NASA proposes quiet short-haul aircraft based on A-3 Skywarrior 10/17, p. 28
NASA plans high-speed design for follow-on QSRA research 10/31, p. 57

North American F-86
F-86 conversion 3/7, p. 72

Northrop F-20 Tigershark
Northrop reports F-20 flight test results 1/17, p. 18
Mathematical model speeds F-20 tests 1/17, p. 72
F-20 avionics goal is reduced support 2/7, p. 81
F-20 radar uses modular hardware 2/7, p. 87
Northrop testing specific fuel consumption of F-20 Tigershark 2/21, p. 53
F-20 production may start without firm orders 4/25, p. 22
Wing, fuselage mated on second Northrop F-20 5/2, p. 46
Flight tests verify predictions for F-20 5/9, p. 65
Northrop offers Mideast F-20 with U.S. support 5/23, p. 93
Northrop, USAF agree on F-20 duties 5/30, p. 48
Germany to flight test U.S. fighters 7/11, p. 17
Tigershark sorties 7/25, p. 48
Second Northrop F-20 reaches Mach 1.2, 45,000 ft. on its first flight 9/12, p. 51
Northrop F-20 flight demonstration program moves into weapon-carrying phase 9/26, p. 129
Northrop testing two F-20s concurrently 10/24, p. 57

Northrop F-5E
Pod-mounted conformal countermeasures system tested on F-5E 1/10, p. 24
F-5Es delivered to Morocco by private firm 1/31, p. 17

Northrop F-5E/F
F-5E/F fighters provide defense on Iraqi border 6/27, p. 79

Northrop RF-5E
Saudis expected to sign letter of offer for RF-5E aircraft 5/23, p. 94

Northrop T-38
USAF studies feasibility of canopy retrofit 11/7, p. 18

Omac 1
Omac modifies prototype pusher turboprop 5/9, p. 24
Omac, Lear Fan test aircraft at base near Reno 5/30, p. 341

Piper Cheyenne
Piper Cheyenne 4 makes first flight 3/7, p. 21

Piper P-48 Enforcer
Enforcer tests 11/7, p. 53

Piper PA-48 Enforcer
Piper reschedules PA-48 first flight 2/28, p. 52
Enforcer engine tested prior to first flight aircraft 3/21, p. 51
Enforcer engine tested prior to first flight of aircraft 3/21, p. 51
Piper enforcer begins flight testing 4/18, p. 31
Piper adds PA-48 Enforcer test flights 9/19, p. 70

Prop-Jets Interceptor 400
Prop-Jets revives Interceptor 10/3, p. 129

Quickie Q2
Light composite built in China under contract to Quickie Aircraft Corp. 9/26, p. 107

Riley Turbine
Advanced aircraft takes over Riley production 9/12, p. 60

Rockwell B-1A
Rockwell applies B-1A experience to B-1B development 8/1, p. 34
B-1A flight test 8/1, p. 36

Rockwell B-1B
Rockwell B-1B design to be studied in new cab 1/17, p. 52
USAF, Rockwell conduct critical design review on B-1B 1/24, p. 18
Stealth effort set for B-1B bomber 3/14, p. 29
B-1B assembly operations advancing 3/21, p. 51
B-1B assembly operations advancing 3/21, p. 51
B-1B flight tests begin at Edwards 3/28, p. 21
B-1B flight test begins at Edwards AFB 4/4, p. 18
B-1B flight tests study mission needs 5/2, p. 72
B-1B test equipment 5/23, p. 19
B-1B rotary weapons launcher tested 5/30, p. 313
Air Force halts B-1B testing 6/27, p. 26
Boeing, AIL Div. supply B-1B avionics systems 8/1, p. 36
Rockwell management plan saving costs, time 8/1, p. 40
B-1B production work involves 5,000 firms 8/1, p. 42
General Electric F101 production nears 8/1, p. 47
Avco modifies prototype processes for production 8/1, p. 52
B-1B bomber weapons stores, avionics placement detailed 8/1, p. 53
Columbus Div. intermediate fuselage subassembly checked by technicians 8/1, p. 57
Vought installs automated system for fuselage 8/1, p. 59
USAF, contractor initiate cost-savings plan 8/8, p. 44
Paint schemes 8/15, p. 161
B-1B Test equipment 9/26, p. 151
Martin Marietta delivers first B-1B vertical stabilizer 10/3, p. 132
Funds approved for MX, B-1B 10/31, p. 20
House defeats efforts to kill MX, B-1B funds 11/7, p. 23
Cleveland pneumatic completes B-1B main landing gear 11/14, p. 201

Rockwell CT-39
Draft issued on support aircraft 2/28, p. 16
Proposal requested issued for T-39 replacement 4/4, p. 21

Rotec Rally 3
Ultralight buy 8/29, p. 20

Rotec Sport
Rotec broadening its ultralight market 7/18, p. 89

Rutan Grizzly
Rutan using Grizzly for research 7/11, p. 61

Schweizer 1-36 Sailplane
NASA researches aircraft control during deep stall 10/31, p. 53

Skyfox Skyfox Jet Trainer
Modified T-33 Skyfox makes first flight 8/29, p. 23

Skyfox T-33
Skyfox modifies T-33 trainer for export 5/23, p. 21
Skyfox trainer powered by turbofan engines 5/30, p. 323
Skyfox first flight 7/11, p. 16
Skyfox compared with T-33 9/26, p. 119

Spectrum One
Spectrum flight tests 8/8, p. 64
Spectrum Aircraft to build One at new Arizona facility 12/12, p. 71

Spectrum-One
Spectrum-One aircraft powered by PT6A-27 engine makes its first flight 2/28, p. 17
Turbine Skymaster flight tests start 3/7, p. 62

U.S. Aircraft Corp./Douglas DC-3
Reengined DC-3 aircraft ordered 3/28, p. 36

Vought A-7
Navy blames aircraft loss on Soviet sensor change 12/12, p. 25

AIRLINE DEREGULATION
CAB finds deregulation improving efficiency 1/31, p. 35
Small community service found improved 1/31, p. 35
Panel urged on deregulation problems 2/21, p. 34
Keeping a regulatory rein 2/21, p. 9
Congress may reconsider deregulation 3/14, p. 194
U.S., carrier officials oppose reregulation in spite of losses 6/6, p. 51
ALPA chief warns losses may affect safety 7/11, p. 35

AIRLINE FARES, RATES, TARIFFS
Air France protests fares practices 1/3, p. 30
Competition alters price strategy 1/24, p. 32

Discounts yield record operating loss 2/14, p. 29
Muse offers incentives 2/14, p. 34
Charter revival forces revisions 3/7, p. 35
Muse fare cut 3/7, p. 38
Carriers attempting to reduce capacity 3/14, p. 188
European carriers' fares expected to rise slowly 3/14, p. 190
U.S.-Canada pact 3/14, p. 264
Airlines set mileage-based fare 3/21, p. 29
Swissair planning to maintain two-class passenger service 3/28, p. 27
More carriers adopt mileage-based fares 3/28, p. 28
World shifts to one class in scheduled service 3/28, p. 37
Airline assesses mileage fare response 4/4, p. 26
Fare data exchange saturates facilities 4/4, p. 27
Pricing the product 4/11, p. 11
Federal Express plans regional hubs 4/11, p. 39
Air 1 draws business travelers 4/25, p. 27
Air 1 provides Newark limousine service 4/25, p. 28
Fare battle reopens on Atlantic 5/2, p. 26
Promotion fares 5/9, p. 30
U.S. changes approach on bilaterals 5/30, p. 233
Pan Am sales effort 5/30, p. 60
TWA reduced fare to London met by competitors on Atlantic 6/27, p. 30
Carriers ending unrestricted discounts 7/11, p. 31
Carriers increasing fares to improve yields 7/18, p. 30
Southwest discount 7/18, p. 31
ECAC expects temporary fare pact extension 7/18, p. 36
Laker advocate gains funding 7/18, p. 53
Carriers delay some fare changes 8/8, p. 34
Expanding use of discounts continues to depress yields 8/8, p. 34
IATA alters transatlantic fares 8/29, p. 32
GSA selects credit card for travel expenses 9/5, p. 33
Denmark allows seat-only charter sales 9/12, p. 41
Coast airlines hike capacity, soften market 9/12, p. 43
Court drops Crandall fare fixing case 9/19, p. 32
Discounts return in Hawaii-U.S. market 9/26, p. 54
PSA discount fare 9/26, p. 61
Continental regroups under Chapter 11 10/3, p. 30
U.S. reviewing European fare pricing agreements 10/3, p. 41
U.S. moving to broaden tariff antitrust immunity 10/24, p. 34
IATA cargo tariff alterations allow use of local currencies 10/24, p. 42
Continental luring passengers with low fares, credit plans 11/7, p. 31
ECAC extends North Atlantic fares 11/28, p. 41

AIRLINE FLEETS

Operators find 767 blending well with fleet requirements 3/7, p. 28
Airline serving California, Airzona adds Fairchild Metro 3s to fleet 3/7, p. 38
American shifting 767 fleet 5/23, p. 28
Horizon expansion 5/30, p. 58
Pacific Express plans fleet expansion 9/19, p. 31
Europeans revise fleet priorities 10/3, p. 26
Singapore Airlines renews fleet with 16 aircraft order 10/17, p. 46
Airline studying route, fleet changes 10/24, p. 35
Flying Tigers realigning transpacific fleet 11/7, p. 41
Japan Airlines Fleet program 11/14, p. 119
Europe seeking new long-haul aircraft 11/14, p. 69

AIRLINE INCOME, EXPENSE, PROFIT, LOSS

Capitol Air returns Eastern DC-8-61s 1/3, p. 25
Lenders ease Pan Am debt/equity need 1/3, p. 25
El Al receiver seeks funds to restart airline 1/3, p. 29
PSA/Braniff hearing 1/3, p. 29
Receiver seeks funds for El Al 1/10, p. 27
Pan Am writeoffs 1/10, p. 29
Braniff, creditors agree on debt reduction 1/10, p. 30
Airline income, expense third quarter, 1982 1/10, p. 39
Capitalization to increase 1/10, p. 40
Operating and cost data 747, A300B, DC-10 and L-1011—3rd quarter, 1982 1/17, p. 40
IATA seeking to stem rise in blocked foreign profits 1/24, p. 40
Oil discord to benefit carriers 1/31, p. 27
USAir results 1/31, p. 30
Air France records heavy loss 1/31, p. 31
Capitol shifts managers, restructures operations 1/31, p. 32
Piedmont earnings 2/14, p. 28
1982 finances-major airlines 2/14, p. 29
Sabena hopes to show profit in 1984 2/14, p. 47
Tiger International suspends its debt payments 2/21, p. 32
Variable earnings 2/28, p. 29
Alitalia shows profit 3/7, p. 38
KLM bond issue 3/7, p. 43
U.S. airlines yield-cents per revenue ton-mile; U.S. airlines operating expenses per available ton-mile 3/14, p. 175
1983 outlook possibilities 3/14, p. 177
U.S. airlines operating revenues and expenses 3/14, p. 189
Air Florida continues debt restructing 3/28, p. 27
Northwest shows profit, Republic loss 3/28, p. 38
British Caledonian Airways posts $980,000 loss 4/11, p. 41
Eastern to pare payroll by 1,600 4/18, p. 32
Creditors study Braniff revival 4/18, p. 34
Pacific Express records $19-million in 1982 4/18, p. 42
Pacific financing 5/2, p. 27
Golden West stops flying; seeks to protect holdings 5/2, p. 28
Capitol Air negotiating with investor 5/2, p. 29
Eastern faces default on loan term 5/2, p. 30
New York Air shifts operational style, cuts losses 5/2, p. 40
Carriers lose $552 million in quarter 5/9, p. 28
Major airlines—first quarter finances 5/9, p. 29
Airline income, expense—fourth quarter, 1982 5/16, p. 41
Operating and cost data 747, A300B, DC-10 and L-1011—4th quarter, 1982 5/16, p. 43
Laker bankruptcy investigation U.S.-British conflict 5/23, p. 29
Lenders agree to Eastern's recovery plan 5/23, p. 33
British Airways reports financial gains 5/23, p. 36
Finances raise problems in European program 5/30, p. 229
World finances improve 5/30, p. 60
Employee bonuses 6/27, p. 32
Braniff files revised plan with court 7/4, p. 32
KLM profits 7/4, p. 39
IATA airlines show little growth 7/11, p. 24
767 operating, cost data—first quarter, 1983 7/18, p. 28
World Airways debt 7/18, p. 36
Accounting change reduces 1982 Alitalia profit 7/18, p. 53
Second-quarter financial results mixed 7/25, p. 31
Pan Am reports profit; Delta, Continental losses 8/1, p. 30
World Airways loss 8/15, p. 36
Texas Air loss 8/15, p. 40
American, TWA end plan to cut agent commission 8/22, p. 32
Pacific Express expects profitable third quarter 8/22, p. 32
Carriers press to cut labor costs 8/29, p. 29
Delta delays aircraft deliveries, plans selective market growth 8/29, p. 34
European airlines record 1982 loss 8/29, p. 42
Air Florida default withdrawn 9/5, p. 34
Braniff reorganization 9/12, p. 36
Competition in Florida disperses profits 9/12, p. 41
Air Canada profit 9/12, p. 43
Insurance paid 9/19, p. 26
Braniff's new president plans service resumption 9/26, p. 47
Airline income, expense—first quarter, 1983 10/17, p. 52
Airline income expense—second quarter, 1983 10/17, p. 53
Preliminary third-quarter results 10/31, p. 32
Global international files for bankruptcy 10/31, p. 34
World Airways shows third quarter profits 11/7, p. 42
National domestic operating revenues 11/14, p. 129
Total regional operating revenues 11/14, p. 135
Total regional operating expenses 11/14, p. 138
Carriers adopting creative financing 11/14, p. 87
Air Florida profit 11/28, p. 42
SAS marks improved 1983 pretax profits 12/5, p. 31
Traffic gains presage operating profit 12/12, p. 32
Braniff seeks new partner for reorganization plan

AIRLINE INDUSTRY

Severe storm disrupts air carrier 1/3, p. 24
Delta expanding Dallas/Ft. Worth facilities 1/3, p. 30
New airline 1/10, p. 34
Alitalia chief calls capacity cut answer to problems of carriers 1/17, p. 28
Regional carriers facing multiple challenges 1/17, p. 28
El Al resumes operations 1/17, p. 30
SAS offers to pay portion of expense in design of replacement for DC-9s 1/17, p. 33
EEC claims Greek airline received illegal subsidies 1/17, p. 34
Braniff 727 transports await resale in Tucson 1/24, p. 36
Alaskan cargo carrier plans passenger service 1/31, p. 27
Airlift operations 1/31, p. 68
Braniff/PSA service plan challenged 2/7, p. 32
Pan Am takes steps to meet minimum cash payment need 2/7, p. 34
Banker cites risk to carriers in exhausting cash resources 2/7, p. 35
European traffic, profits increased slightly in 1982 2/21, p. 29
Continental moving headquarters to Houston 2/21, p. 30
United rejects business-class concept 2/21, p. 36
Pacific Southwest to pursue expansion plans 3/7, p. 32
U.S. domestic trunks load factors 3/14, p. 175
Far Eastern carriers plan service expansion 3/14, p. 194
Carriers believe ceiling on oil production difficult to sustain 3/14, p. 196
Taxi service links Dulles, Baltimore-Washington 3/21, p. 32
Air 1 to start scheduled Boeing 727 service 3/21, p. 34
People Express agrees to buy Braniff 727s, lease 747-200 3/28, p. 28
New St. Louis-based airline will begin service Apr. 1 3/28, p. 30
Republic expanding operations at Memphis 4/4, p. 32
Minority interest holder urges breakup of Trans World Corp 4/11, p. 34
U.S. airlines tapping Canadian market 4/18, p. 42
Western, Wien reconsider joint operations 4/18, p. 45
FirstAir to initiate luxury transcontinental service 4/25, p. 52
Carriers improving first class 5/9, p. 25
French travel agent action draws protest 5/9, p. 47
Eastern offers stock to its pilots 5/16, p. 28
Canadair seeks financial aid from Parliament 6/13, p. 27
Carry-on trend spurs retrofit 6/13, p. 30
United recalls crews, adds schedules 6/20, p. 33
Three carriers accept CRAF program 7/4, p. 15
Midway focuses on business traveler 7/4, p. 32
Peso devaluation creating U.S.-Mexico travel boom 7/11, p. 26
World seeks strengthened financial position 7/11, p. 29
Airline outlook at midyear 7/18, p. 13
Braniff moves toward reorganization 7/18, p. 29
Muse expansion 8/8, p. 36
Dolphin seeks larger role in southeastern transport 8/8, p. 41
Airlines pursue convention market 8/15, p. 28
Frontier holdings forms second airline subsidiary 8/15, p. 33
Japanese ministry authorizes new carrier 8/22, p. 26
Officials criticize essential service program 8/22, p. 26
Airspur connects Los Angeles airports 8/22, p. 40
Regent service 9/12, p. 36
Pan Am helicopter service 9/26, p. 40
Conference foresees airline struggles 9/26, p. 44
New Israeli cabinet may allow El Al sabbath flights 9/26, p. 46
Air Florida revamping operations 10/10, p. 31
Airlines oppose ICAO recorder plans 10/17, p. 34
Singapore Airlines renews fleet with 16 aircraft order 10/17, p. 46
IATA aircraft needs surpass revenue level 10/24, p. 31
Carriers propose bilateral interline pacts 10/24, p. 32
American-Pan Am swap 10/24, p. 34
European group endorses more competition 11/14, p. 102
Comfort, space are cabin design goals 11/14, p. 122
Airlines in endless transition 11/14, p. 19
Florida attracts new companies 11/14, p. 38
Pan Am, American agree to exchange transports 11/14, p. 40
British Airways proposes plan for sale of carrier 11/14, p. 42
Problems seen in airline move to Heathrow 11/14, p. 42
Airlines gear for new challenges 11/14, p. 48
Carriers intensify labor cost drive 11/21, p. 27
Cost comparisons, majors and nationals 11/21, p. 28
Cunard, British Airways sign travel contract 11/28, p. 43
Japan's airlines employ new equipment 12/5, p. 36
U.S.-British negotiators boost People Express' Atlantic rights 12/12, p. 31
Hawaiian Airlines expanding charter service 12/12, p. 32
British plan to ease licensing system 12/12, p. 34

Orders, Purchases, Deliveries

Middle East Airlines plans to purchase more aircraft 1/3, p. 30
New aircraft deliveries by year 3/14, p. 176
Value of new aircraft on order and option 3/14, p. 177
PSA orders Super 80s 3/14, p. 265
Transport marketing rivalry intensifies 3/21, p. 31
Carrier orders DC-9 Super 83 4/4, p. 34
Delta files for $250-million bond issue 4/11, p. 31
Lear Fan renegotiates orders for 2100 5/2, p. 22
Boeing's government sales show growth 5/2, p. 26
Thai reconfirms Airbus order 5/9, p. 28
Boeing delivers last passenger 727 to USAir 5/9, p. 42
737 order 5/16, p. 34
Western contemplates delay of 767 buy 5/23, p. 32
USAir advances 727 order, considers further purchases 5/23, p. 34
Boeing sells 10 transports to Singapore 6/6, p. 33
Delta postpones Boeing 767, 757 deliveries 8/8, p. 34
Piedmont F-28 buy 8/29, p. 31

USAir transport options 9/5, p. 30
Swissair sells transport 9/5, p. 36
Qantas orders nine Boeing transports 9/12, p. 36
America West 737-200s 10/10, p. 44
A310 transport delivered to Kuwait Airways 10/17, p. 30
Fairchild delivering Metro 3 aircraft to United Parcel Service 10/31, p. 60
Hawaiian Air expansion 11/7, p. 28
Pacific Southwest considering buy of 100-140-seat transport 11/7, p. 36
Boeing will deliver 747 combi to China next month 11/7, p. 43
Interiors ordered 11/14, p. 124
World annual commercial airline deliveries 11/14, p. 194
Pacific Southwest to purchase 20 British Aerospace 146-200s 11/21, p. 31
Northwest orders 20 Boeing 757s 12/5, p. 33

AIRLINE LOAD FACTORS
Sabena load factor rises 11/14, p. 124

AIRLINE ROUTES
Arrow Air assumes route formerly served by Laker 1/10, p. 40
Western to begin service on Mexican route 1/10, p. 41
CAB allows subsidized route bumping 1/17, p. 39
AirCal route plan shows traffic gains 2/14, p. 42
Piedmont expanding hubs to Baltimore/Washington 3/28, p. 35
FAA nears ruling on preferential routes 4/18, p. 34
America West to start service from Phoenix using 737-200s 4/18, p. 41
New routes planned for Airspur Westland 30s 4/18, p. 41
New Western service 4/25, p. 52
People Express readying expansion, London route 4/25, p. 57
Yemenia plans route additions 5/2, p. 40
European airline costs tied to route structure 5/23, p. 34
New Piedmont hub to begin operation July 15 6/6, p. 39
Southwest route growth 6/6, p. 51
China asks U.S. to replace Pan American 6/20, p. 30
Muse service 6/27, p. 32
Midway Airlines plans metrolink expansion 7/4, p. 33
Suburban Airlines tailors fleet to routes 7/18, p. 44
United plans new hub, service expansion for San Francisco 8/1, p. 26
Joint feeder service 8/1, p. 27
Western Airlines plans increase in Los Angeles hub operations 8/15, p. 34
America West initiates Phoenix service 8/15, p. 39
Canada rejects Empire service proposal 8/22, p. 28
People Express improving London route procedures 8/22, p. 43
Chicago-London boost 8/29, p. 31
Comair plans route gains, 340 service 9/5, p. 37
Muse Air expanding service to California 9/5, p. 38
FAA suspends use of Route R20 9/12, p. 25
Coast airlines hike capacity, soften market 9/12, p. 43
New airline serving smaller western cities 9/12, p. 44
11 nations halt Moscow air service to protest downing 9/19, p. 26
Ireland withdraws Soviet fifth freedom rights 9/19, p. 27
Carriers say R20 closing causing delays 9/26, p. 43
FAA reopens R20 10/3, p. 33
ICAO considers replacing route system on Pacific 10/3, p. 33
French extend Paris-New York Concorde service for one year 10/3, p. 36
American International sets up connecting hub 10/3, p. 41
British Airways plans to revamp route network 10/24, p. 29
Airline studying route, fleet changes 10/24, p. 35
British route sale 11/7, p. 27
Flying Tiger's realigning transpacific fleet 11/7, p. 41
South Pacific Airlines gear for mainland travel 11/28, p. 42
South Pacific Airlinesgear for mainland travel 11/28, p. 42
TWA to add European destinations 12/12, p. 43

AIRLINE SHORT HAULS AND COMMUTERS
Texas service 2/14, p. 28
Commuters spur turboprop use 6/20, p. 31
Common market relaxes commuter airline rules 8/15, p. 40
Europe commuters stifled by protectionist policies 10/10, p. 44

AIRLINE STOCK
Continental stock offering 3/28, p. 27
Muse files for stock offering 4/18, p. 33
Trans World breakup bid loses in proxy count 5/2, p. 31
Airline stocks boom in spite of losses 6/20, p. 40
New York firm to buy control of Capitol 6/27, p. 29
KLM stock 7/11, p. 26
Air 1 to increase stock offering 8/1, p. 27
USAir Eurobund issue 8/22, p. 27
Continental offers employees stock plan with profit sharing 9/19, p. 31
Trans World Corp. considers airline separation 10/3, p. 29
Air One stock sale allows expansion of fleet routes 12/5, p. 49
Bangor Punta stock sale 12/12, p. 22

AIRLINE TICKETING PRACTICES
Carriers support travel agents 1/10, p. 26
CAB chief defends ruling on ticket issuance 1/31, p. 36
Delta trimming fare structure to facilitate ticket purchases 2/28, p. 34
Continental asks review of ticket plating rule 3/7, p. 30
Bill would restore agent exclusivity 3/21, p. 33
New ticket system 6/20, p. 41
CAB weighs six options on computer reservations 6/20, p. 44
House panel hears critics of computer reservations 7/4, p. 39
Soviets retaliate 9/19, p. 18
CAB studies reservations bias in connecting flights 9/26, p. 50
Eastern cancellations 10/10, p. 34
Travel agent exclusivity bill support grows 10/10, p. 34
CAB acts on Continental tickets 10/17, p. 29
World, Air Midwest sign joint ticketing pacts 11/7, p. 32
Travelers react favorably to mileage-based bonus 11/7, p. 42
CAB urged to reduce bias in reservation systems 11/28, p. 34

AIRLINE TRAFFIC
Squeezing research 1/10, p. 11
Atlantic carriers find surge in holiday traffic continuing 1/10, p. 28
Holiday traffic provides airlines yield improvement 1/10, p. 28
ICAO traffic 1/10, p. 29
Strong dollar, recession spur international air traffic drop 2/14, p. 34
AirCal route plan shows traffic gains 2/14, p. 42
Traffic, load factors gain in January 2/28, p. 30
Growth trends: U.S. scheduled airline traffic & U.S. transport sales 3/14, p. 167
Local service airlines, revenue passenger miles available seat miles 3/14, p. 168
U.S. domestic trunk capacity and traffic 3/14, p. 169
Growth trends: world airline traffic (scheduled) 3/14, p. 170
Traffic growth expected to be higher in 1983 3/14, p. 176
Sabena traffic grows 3/21, p. 30
Europe's regionals see upturn 3/21, p. 47
Carrier traffic continues climb 3/28, p. 26
Easter traffic increase broadens 4/4, p. 24
North Atlantic traffic 4/4, p. 34
Record traffic growth seen in West Coast-Hawaii market 4/4, p. 35
Major traffic, load factors surge in March 4/11, p. 32
Intra-European passenger traffic declines 5/2, p. 32
North Atlantic traffic 5/9, p. 32
International air traffic declines 3% in 1982 5/16, p. 34
Major airlines' traffic, capacity increase moderately in April 5/16, p. 34
Major airlines' traffic gains in May; some find yields rise 6/13, p. 36
Majors' May traffic increase set at 4.6%; load factor rose 6/20, p. 36
Traffic rises in California corridor 6/27, p. 28
Traffic in June extends growth; yields increase 7/11, p. 30
International carrier traffic up 14.6% in June 7/18, p. 32
Traffic surges for North Atlantic carriers 8/8, p. 27
Scheduled traffic in July extends pattern of growth 8/15, p. 36
Muse boardings 8/15, p. 39
Airline traffic—March, 1983 8/15, p. 42
European traffic growth buoys aircraft companies 8/22, p. 41
Europe sees traffic turnaround 9/12, p. 34
U.S. airlines show traffic gains 9/12, p. 34
U.S. airlines report traffic gains 9/19, p. 30
Traffic of U.S. air carriers rises during September 10/17, p. 31
Traffic, yield increases boost airlines' third quarter profits 10/31, p. 32
Travelers react favorably to mileage-based bonus 11/7, p. 42
Airlines predict 7% traffic growth 12/5, p. 30
Traffic gains presage operating profit 12/12, p. 32

AIRLINE TRAFFIC STATISTICS
Airline traffic—October, 1982 2/28, p. 41
Airline traffic—November 1982 4/25, p. 41
Airline traffic—December 1982 4/25, p. 48
New York-Chicago market data 5/23, p. 29
Airline traffic—January 1983 5/30, p. 75
Airline traffic—February, 1983 7/4, p. 42
World air traffic—IATA and non-IATA carriers 7/11, p. 24
World scheduled airlines financial results 7/11, p. 24
IATA airline statistics 7/11, p. 25
Airline traffic—March, 1983 8/15, p. 42
Airline traffic—April, 1983 8/22, p. 39
Airline traffic—May, 1983 8/29, p. 47

AIRPORTS
Traffic forces expansion at Stapleton 3/21, p. 41
Avon/Vail, Colo.
STOL airports certified for air carrier service 6/13, p. 124
Baltimore/Washington
Baltimore/Washington to install beacon 6/6, p. 41
Berlin-Tempelhof
New traffic control system being built in Berlin 3/28, p. 66
Bob Adams/Routt County
STOL airports certified for air carrier service 6/13, p. 124
Dallas
Dallas area airport plans expansion program 10/17, p. 95
Dallas/Ft. Worth
PSA gains Braniff's Dallas/Ft. Worth slots 2/21, p. 28
Airport study support 8/29, p. 30
Everglades
Everglades jetport 5/23, p. 30
General
Carriers ask bankruptcy court to abstain in PSA slots ruling 1/17, p. 30
FAA rejects Braniff's request for return of former slots 3/31, p. 30
Storm shuts East coast airports 2/21, p. 26
Blizzard hits New England hubs 2/21, p. 27
Airport restrictions 4/18, p. 34
Braniff gates 4/18, p. 45
ATA asks study of Federal inspection agencies 4/25, p. 51
Braniff facilities 5/23, p. 35
House panel asks airport aid scrutiny 5/30, p. 65
FAA to lift slot restrictions 6/6, p. 41
Task force reviewing slot allocations 8/15, p. 32
FAA to hold slot allocation session 10/17, p. 43
FAA selects sites of new heliports 11/14, p. 121
Grenada
Details shown of modern airport being built on Grenada 11/14, p. 37
Plessey seeking to finish Grenada airport 11/28, p. 43
Heathrow
U.S., Britain agree on Heathrow user fees 5/2, p. 27
John F. Kennedy International
JFK terminal sharing 10/24, p. 31
John Wayne/Los Angeles
Appeals court clears American service to John Wayne Airport 6/13, p. 30
Kansas City International
Kansas City International attracts hub operations 12/12, p. 39
LaGuardia
MD-80 transports to operate at LaGuardia 11/7, p. 32
Lambert
Expansion eases St. Louis congestion 5/23, p. 35
Los Angeles
Completion in 1984 slated for Los Angeles-upgrade 2/28, p. 35
Memphis
Memphis airport gears for increasing hub use 4/4, p. 32
Mojave
Mojave airport grows into test center 8/8, p. 60
National
Stockman urges slot auction at National 1/17, p. 34
Carriers at National offer plan to alter schedules 9/5, p. 36
Newark
Port Authority spurs Newark expansion 6/6, p. 39
O'Hare
$1 billion upgrade planned at O'Hare 8/8, p. 35
Port Authority of New York and New Jersey
New York Port Authority boosting airport capacity 5/9, p. 33
Singapore
Singapore's new airport plans to expand by 1987 10/31, p. 41

AIRSHIPS
Hot air balloon pilots aim at 80,000-ft. altitude record 5/30, p. 107
Second skyship 500 makes first flight in Canada 5/30, p. 151
Goodyear introduces new technology airship 5/30, p. 265
JPL investigates ballon launch failure 5/30, p. 330
British completing Skyship 600 12/12, p. 17
Skyship certified 12/12, p. 46

ANTENNA
Lewis Research Center opens antenna test facility 3/7, p. 69
Transportable antenna built to transmit oil drilling data 4/25, p. 121

ARGENTINA
Mirage squadrons seek aircraft replacement 8/8, p. 58

AUSTRALIA
Manufacturers holding transports ordered by Australian carriers 4/4, p. 26

AVIONICS

Spread spectrum use likely to expand 1/3, p. 55
Users, sellers study warranty lessons 1/10, p. 103
Voice-linked avionics flight test begun 1/10, p. 104
Self-test aids isolating fault causes 1/17, p. 107
Test distinction 1/17, p. 107
Lantirn software 1/24, p. 27
FLIR system tested on F-16 in night mission 1/24, p. 61
Bendix increasing its military business 1/24, p. 71
Simulator recreates realistic weather 1/31, p. 69
Electronic warfare unit 2/7, p. 29
F-20 avionics goal is reduced support 2/7, p. 81
UV mapping to aid polar transmissions 2/14, p. 105
NOAA 8 to speed search and rescue 2/28, p. 75
Avionics group 2/28, p. 77
Navy ATC system to aid flight safety 3/7, p. 65
Sanders stresses military electronics 3/7, p. 66
NASA begins installation of fiber optic network 3/14, p. 104
Growth trends: avionics sales 3/14, p. 207
Airborne digital systems use expands 3/14, p. 223
Combat exercises 3/21, p. 85
C-130 mission simulator realism cited 3/21, p. 96
Systems command probes C3 potentials 3/28, p. 62
Avionics leasing 4/4, p. 65
NATO readying early warning force 4/4, p. 65
Dichroics spur aircraft applications 4/18, p. 193
Airborne radar adapted for Divad use 4/25, p. 154
Image system to unite computer, video 5/16, p. 70
Irish order avionics package for helicopters 5/30, p. 137
Northrop to develop focal plane array 5/30, p. 302
U.S. avionics companies stress teaming ventures 5/30, p. 302
FAA urges ATC survey for satellites 5/30, p. 332
Navy trains Lamps Mk. 3 personnel 6/6, p. 105
Remote map readers 6/6, p. 23
China moves to counter effects of cultural revolution 6/6, p. 52
Military seeks systems interoperability 6/13, p. 123
CAAC modernizes its air traffic control 6/13, p. 79
Loral widens defense electronics base 6/20, p. 77
Israel inventory includes new radars 7/4, p. 69
Advanced displays emphasize trends in design 7/11, p. 66
Strapdown inertial systems effort gains 7/18, p. 119
Region control centers prepare for air defense role 7/25, p. 64
Bubble memory products developed for French fighter 7/25, p. 67
Boeing, AIL Div. supply B-1B avionics systems 8/1, p. 36
B-1B bomber weapons stores, avionics placement detailed 8/1, p. 53
IBM advances systems integrator role 8/1, p. 64
Optical-video unit improves inspection 8/8, p. 65
Meteor trails may aid communications 8/15, p. 166
Systems simulator to cut flight testing 8/29, p. 80
Canadian Marconi begins new avionics unit delivery 9/5, p. 85
Navy evaluates pictorial cockpit display 9/12, p. 88
FAA proceeds with control plan update 9/19, p. 79
Avionics firms invest in digital designs 10/3, p. 103
Senator urges acceleration of Navstar 10/3, p. 153
Inertial sensor utilizes Coriolis effect 10/10, p. 89
Visual systems refine flight simulation 10/17, p. 105
Hughes CCIS to aid European defense 10/24, p. 78
Aireye sensors aid Coast Guard patrols 10/31, p. 80
Bendix building advanced unit for Vertol research helicopter 10/31, p. 81
USAF tests turbine monitoring system 11/7, p. 77
Hamilton Standard to market French map reader 11/7, p. 83
Advanced displays aid air-ground link 11/14, p. 194
NORAD updating data handling system 11/21, p. 78
Hughes develops helicopter night vision system 11/21, p. 83
GEODSS photographs orbiting satellite 11/28, p. 146
Conrac develops color CRT monitor for C3I military use 11/28, p. 148
New avionics will improve C3I systems 12/5, p. 183
Space-based power plan deadline near 12/12, p. 63

BEAM WEAPONS

Beam weapon advances emerge 7/18, p. 18
Sidewinder destroyed in airborne laser test 8/8, p. 66
Developing beam weapons 11/7, p. 11

BELGIUM

Belgian linguistic divisions threaten F-16 order 1/24, p. 22
Belgian helicopter buy 2/21, p. 16
Belgium set for helicopter buy decision 6/27, p. 25
Belgians force reversal of Eurocontrol cuts 9/19, p. 32

BRAZIL

U.S. school enrolls Brazilian test pilots 2/21, p. 75
Transbrasil begins 767 service 7/4, p. 30

BUSINESS FLYING

Cessna flight tests turboprop Caravan 1/10, p. 95
Business, utility aircraft shipments—October, 1982 1/10, p. 98
IFR simulator replaces training hood 1/24, p. 67
Business, utility aircraft shipments—November, 1982 1/24, p. 68
GAMA forecasts slight delivery gain 1/31, p. 66
Executive charter service 2/14, p. 126
U.S. school enrolls Brazilian test pilots 2/21, p. 75
De Havilland nears rollout of DHC-8 2/28, p. 63
O-2A modified for single turboprop 3/7, p. 18
Medical helicopter airlift services grow 3/7, p. 63
Business, utility aircraft shipments—December 1982 3/7, p. 64
Business flying outlook turns upward 3/14, p. 243
Growth trends: U.S. business flying 3/14, p. 243
U.S. business flying exports 3/14, p. 244
Beech builds new fixed-base center 3/21, p. 78
Challenger 601 certificated by FAA 3/28, p. 59
Business, utility aircraft shipments—January, 1983 3/28, p. 61
Mooney developing pressurized M30 4/11, p. 73
Business Flying research center dedicated 4/11, p. 75
Business, utility aircraft shipments — February, 1983 4/18, p. 190
Beech expanding fixed-base operations 4/25, p. 149
Schweizer plans product line growth 4/25, p. 66
Market outlook improves for general aviation 5/9, p. 62
Composite seat 5/30, p. 337
Falcon 20 offered with ATF3-6 retrofit 5/30, p. 341
Business, utility aircraft shipments — March, 1983 5/30, p. 343
HS-125-800 enters flight test phase 6/6, p. 91
Parliament studying Canadair problems 6/20, p. 24
Firms vie for government, utility sales 7/4, p. 55
Rutan using Grizzly for research 7/11, p. 61
Business, utility aircraft shipments — April, 1983 7/11, p. 63
Business, utility aircraft shipments — May, 1983 7/18, p. 97
Mojave airport grows into test center 8/8, p. 60
Cessna halts aircraft production 8/15, p. 26
Embraer expands its facilities for two new aircraft 8/22, p. 144
Business, utility aircraft shipments—June, 1983 8/29, p. 83
Beech prepares Lightning prototypes 9/5, p. 61
Business, utility aircraft shipments—July, 1983 9/5, p. 62
NTSB urges MU-2 certification review 9/12, p. 60
Israel may advance Astra certification 9/19, p. 63
Business, utility aircraft shipments—August, 1983 9/26, p. 127
Avionics firms invest in digital designs 10/3, p. 103
HS. 125-800 flight testing on schedule 10/3, p. 117
IAI seeks North American market for corporate Astra 10/3, p. 120
IAI seeks North American market for corporate Astra 10/3, p. 120
Fairchild readies new designs of Merlin corporate aircraft 10/3, p. 125
Prop-Jets revives interceptor 10/3, p. 129
New aircraft, systems ready for anticipated recovery 10/3, p. 42
Sales dip; turnaround seen in 1984 10/3, p. 47
Military missions opening new markets 10/3, p. 53
Fixed base operators gear to meet new challenges 10/3, p. 59
Helicopter sales tied to energy market 10/3, p. 63
Completion centers gear for backlog of activity 10/3, p. 78
Demand increases for corporate pilots 10/3, p. 84
Firms combining classes, simulators in pilot training 10/3, p. 90
Manufacturers push engine technology 10/3, p. 99
Waiting for the upturn 10/10, p. 13
New aircraft set corporate pace 10/10, p. 18
Turnaround in corporate aircraft sales forecast 10/10, p. 21
Pilots evaluating personal computers 10/17, p. 92
Manufacturers push advanced versions 10/24, p. 62
One-pilot rating sought for all Citations 10/31, p. 60
Business, utility aircraft shipments — September, 1983 10/31, p. 61
Exports to South Africa face more limits 11/21, p. 51
Sherpa focuses on cargo versatility 11/28, p. 117
Business, utility aircraft shipments 11/28, p. 119
Piper loses $38.5 Million in fiscal 1983 11/28, p. 28
Changes cut drag on uprated HS. 125 12/5, p. 141
No. 1 Falcon 900 nears fuselage mating 12/12, p. 71
Fairchild plans aircraft price increases 12/12, p. 73

CANADA

Canada approves cruise missile testing 7/25, p. 15
Canada rejects Empire service proposal 8/22, p. 28
Canada picks Bell to build joint helicopter facility 10/17, p. 24
Canada tests its CF-18 with weapon load 12/5, p. 161

CENTRAL AMERICA

U.S. starts Central American manueuvers 8/1, p. 18
Central America and Vietnam 8/8, p. 11

CHAD

French deploy aircraft, troops in Chad 8/29, p. 21
U.S. withdraws E-3As from Chad mission 8/29, p. 21

CHINA

China orders Landsat ground facility 1/31, p. 21
China authority 2/7, p. 31
Boeing prepares 737-200 transports for delivery to Chinese airline 2/28, p. 37
French sale of Mirages to China advances 4/11, p. 27
China moves to counter effects of cultural revolution 6/6, p. 52
CAAC modernizes its air traffic control 6/13, p. 79
China asks U.S. to replace Pan American 6/20, p. 30
Chinese push managerial improvement 6/20, p. 68
Use of English increasing in China 6/20, p. 68
CAAC agrees to purchase two Super 80s 6/27, p. 32
Light composite built in China under contract to Quickie Aircraft Corp. 9/26, p. 107
New rules ease U.S. exports to China 10/3, p. 23
Boeing will deliver 747 combi to China next month 11/7, p. 43
Company transferring technology to China 11/21, p. 41
U.S. relaxes rules on exports to China 12/5, p. 167
Chinese export firm 12/5, p. 24

COCKPITS

Canadair Challenger equipped with electronic flight instrumentation 5/23, p. 103
Simplified cockpit simulator developed 5/23, p. 107
Airbus, Porsche develop new cockpit 7/4, p. 47
Sperry unit updates helicopter cockpit 9/5, p. 79
Avionics firms invest in digital designs 10/3, p. 103
Government, civil interest in glass cockpits grows 11/14, p. 129
Fixed-base simulator aiding transport cockpit design 11/21, p. 30
Europeans stress new cockpit designs 11/28, p. 153

COMETS

Passage of new comet provides infrared data 5/23, p. 22
Comet discovered 6/13, p. 19
IRAS discovers tail on Tempel 2 comet 8/8, p. 19

COMMUNICATION SYSTEMS

Spread spectrum system likely to expand 1/3, p. 55
USAF plans development of jam-resistant radio 7/11, p. 72
Manufacturers exhibit new radio equipment 7/18, p. 119
Meteor trails may aid communications 8/15, p. 166
Hughes wins contract for PLRS digital network 8/22 p. 143
Navy tests P-3A with airborne instrumentation system 9/5, p. 28
New stations may disrupt air navigation 9/5, p. 33
British develop portable satellite ground station antenna 9/12, p. 79

Company files for international earth station 11/7, p. 56
Comsat selects earth station supplier 11/7, p. 57
Hardware problems surface on shuttle 11/14, p. 36
NORAD updating data handling system 11/21, p. 78
New avionics will improve C3I systems 12/5, p. 183

COMPUTERS AND DATA PROCESSING
ESA marketing data dissemination system 1/3, p. 51
Conferees direct computer reservations study 1/10, p. 26
Self-test aids isolating fault causes 1/17, p. 107
Test distinction 1/17, p. 107
Liquid crystal light valve plays role in data processing 1/17, p. 109
Charter reservation system uses home computer group 1/17, p. 39
McDonnell Douglas using 'idea' computers 1/17, p. 61
Grumman's computer facility aiding early airframe design 1/17, p. 72
Computer models cut USAF test costs 1/17, p. 77
British plan technology research program 1/24, p. 71
Computer problems delay 1/31, p. 34
Defense doubles integrated circuit funding 2/7, p. 19
Frontier alleges computer reservations system bias 2/7, p. 31
United sets new 767 computer procedure 2/14, p. 30
Software update aids defense program 3/14, p. 209
Airborne digital systems use expands 3/14, p. 223
American Airlines installs new flight information systems at Dallas/Ft. Worth 4/11, p. 42
Computer-controlled machine used in Harrier manufacture 4/11, p. 63
U.S. plans super computer for defense 4/18, p. 77
C3 experiment explores data restoration 4/25, p. 155
Computerized reservation claim rebuffed by airline 5/2, p. 32
USAF studies new computer concept 5/9, p. 69
Navy studies photon echo memory use 5/23, p. 102
Air Force seeking to automate logistics 5/23, p. 82
CAB weighs six options on computer reservations 6/20, p. 44
House panel hears critics of computer reservations 7/4, p. 39
DARPA to develop techniques for computer intelligence 7/11, p. 15
Eurocontrol data bank faces airline opposition 7/11, p. 34
Suburban markets data base system 7/18, p. 48
New FAA software will alert controllers on separation loss 7/25, p. 28
Olympic Games data links 7/25, p. 63
Region control centers prepare for air defense role 7/25, p. 64
CAB moves to guide computer reservations 8/15, p. 30
SITA evolving international data network 8/22, p. 134
Centers seek gains in computer efficiency 8/29, p. 57
Engine makers lead in computer uses 8/29, p. 58
USAF studies non-linear, vortex flows 8/29, p. 62
Modeling methods aid airframe design 8/29, p. 67
Panel sees U.S. falling behind in supercomputer technology 8/29, p. 71
Auto industry uses aerospace formulas 9/5, p. 53
USAF to test low-cost autopilot 9/5, p. 55
Firm develops programmable display switch 9/26, p. 145
E-systems plans FSS update for 1988 10/10, p. 41
Hughes CCIS to aid European defense 10/24, p. 78
Computer enhances simulator realism 11/14, p. 205
Mission 9 astronauts to use home computer 11/21, p. 25
NORAD updating data handling system 11/21, p. 78
Advances forecast in crystal oscillators 11/28, p. 148

CONTRACTS, AWARDS, PROPOSALS
C-5B contract 1/10, p. 17
Defense contracts 1/17, p. 28
Boeing Aerospace wins IUS contract 2/14, p. 22
Pneumo contracts 7/11, p. 54
Gates, Beech win USAF contracts 9/26, p. 26
Managerial plan pivotal in shuttle award 9/26, p. 28
Stimulating competition 10/3, p. 11
General Electric awarded engine contract 10/17, p. 24
Contractor dealine nearing in Navy aggressor aircraft buy 11/7, p. 73
Pan Am awarded $42-million contract for CRAF modification 11/14, p. 120
Loral receives Rapport 3 production tract 11/21, p. 17
Naval official predicts procurement changes 11/21, p. 24

De Havilland Dash 8 prototype 8/22,
Ames wind tunnel laser velocimeter 8/29,
Embraer Brasilia flies over manufacturing facility 9/5,
First space shuttle night launch 9/12,
Embraer Tucano trainer flies near Sao Paulo 9/19,
Skyfox T-33 derivative trainer 9/26,
British Aerospace HS. 125-800 10/3,
Mooney Aircraft 301 prototype in flight test 10/10,
MD-100 transport wind tunnel model 10/17,
Beech Aircraft Starship 1 flies at NBAA 10/24,
U.S. Coast Guard/Aerospatiale HH-65A Dolphin tests rescue hoist 10/31,
First Boeing 737-300 fuselage positioned for wing mating 11/7,
Airbus Industrie's A300-600 in flight test 11/14,
MX missile is launched from Vandenberg AFB, Calif. 11/21,
Grumman/DARPA X-29A forward-swept wing demonstrator 11/28,
Canadian CF-18 in weapons tests 12/5,
First Dornier DO 228-200 for Japan Air Commuter 12/12,

CUBA
Soviets extending power in Caribbean 3/28, p. 23
State Dept. suspends Cubana U.S. overflights 4/4, p. 24
Cuba describes hijackers' punishments 7/18, p. 34

DRONES AND RPVs
Northrop begins building its NV-144 target drone 1/3, p. 40
HiMAT program reaches conclusion with 26th test flight 1/31, p. 57
Quick reaction RPV under development by Boeing 2/14, p. 18
F-86 conversion 3/7, p. 53
Israeli remotely piloted vehicle carriers 66 lb of sensors 3/21, p. 53
Company will display subsonic aerial target at Paris air show 4/4, p. 62
Matra, MBB join forces on standoff device 5/30, p. 257
Flight refueling prepares to test shipborne aerial target 5/30, p. 289
Air Force tests Beech recoverable target missile 5/30, p. 317
Firebolt tested 7/4, p. 16
Beech develops subsonic target for Navy competition 7/11, p. 55
Israeli use bolsters interest in mini-RPVs 7/18, p. 67
Japan selects SH-60, drone contractors 7/25, p. 24
RPV growth depends on technical gains and costs 8/8, p. 42
Northrop NV-144 target drone readied for flight testing 11/7, p. 67
Air Force to toe Boeing Pave Tiger expendable drone 11/7, p. 81
New Aquila tests 11/14, p. 32
Supersonic target vehicle in flight test 11/21, p. 43
Target contract 12/12, p. 46

And then there was one 11/28, p. 13
Icy winds off the Potomac 12/5, p. 11
Turnaround in readiness 12/12, p. 11

EJECTION SEATS
Martin-Baker selection 10/17, p. 99
Air Force program to develop advanced crew ejection seats 12/5, p. 156

ELECTRONIC COUNTERMEASURES
Sanders stresses military electronics 3/7, p. 66
Falcon D tested as electronic countermeasures trainer 3/28, p. 45
Passive guidance use spurs challenge 4/25, p. 165
Loral widens defense electronics base 6/20, p. 77
F-15 ECM 10/31, p. 69

EXPORTS AND IMPORTS
One-way street, or two 1/31, p. 11
Export subsidy impact found slight in U.S. 2/7, p. 34
Congress to weigh Exim charter shift 2/14, p. 21
Exim fund boost 2/14, p. 21
Curb sought on export sanctions 3/7, p. 14
U.S. aerospace exports 3/14, p. 107
Aircraft lending demand expected to rise at Exim 3/14, p. 196
U.S., Airbus nations extend subsidy pact 3/14, p. 265
Tool builders petition on import relief 3/21, p. 26
Bill introduced to relax overseas bribery law 3/28, p. 58
Reagan seeks curb on export control use 4/4, p. 19
Bill would mandate export curb talks 4/11, p. 26
Customs spurs effort to block illegal high-technology export 4/18, p. 166
Administration resists Exim boosts 4/18, p. 168
Aircraft import opposition rises 4/25, p. 18
Congress rejects value of trade curbs 5/16, p. 19
Congressional action bolsters export-import bank's mandate 5/16, p. 20
House panel sets eased trade control 5/23, p. 18
Agreement nears on export subsidies 5/30, p. 217
CoCom review 5/30, p. 301
Senate panel compromise advances export controls 5/30, p. 54
Study analyzes job impact of aircraft exports 7/11, p. 15
Jury indicts five for unlicensed export of Flirs 7/11, p. 23
Bill would expand FAA role in exports 8/8, p. 23
Trade balance improves in aircraft, spares 8/8, p. 25
FAA as an export promoter 8/15, p. 13
House approves stronger mandate for Exim Bank 8/15, p. 22
Commerce Dept. delays tightened export 9/5, p. 28
Bulk shipping stirs import competition 9/19, p. 75
U.S., German managers urge export law changes 9/19, p. 75
Transport loans 10/3, p. 22
New rules ease U.S. exports to China 10/3, p. 23
Export control law allowed to expire 10/24, p. 26
Rolls-Royce asks clarification of V2500 engine export limits 11/7, p. 30
Amendment promotes aerospace exports 11/7, p. 66
House relaxes some export controls 11/7, p. 66

Multinational funding may support U.S. export sales 11/14, p. 100
Exports to South Africa face more limits 11/21, p. 51
Arms exports to the third world 11/28, p. 131
Congress extends export control law 11/28, p. 29
U.S. relaxes rules on exports to China 12/5, p. 167

FALKLANDS
British to construct new Falklands airport 7/11, p. 22

FINLAND
Finnish missile buy 3/7, p. 15
Finns blame Koreans 9/19, p. 27

FLIGHT CONTROL SYSTEMS
Team evaluates F-15 digital flight control 5/30, p. 305

FOREIGN POLICY
Schism on arms control 1/17, p. 11
Reagan realigning arms control team 1/17, p. 18
Soviet interest in arms negotiations assessed 1/24, p. 21
U.S. monitors Soviet influence efforts 1/24, p. 69

FRANCE
French policy to cut tourism to U.S. 4/4, p. 25
French expel Soviets 4/11, p. 29
Austerity program to pare French tourist travel 4/18, p. 165
Weak economy hinders Mitterand plan 4/18, p. 73
France sets 1983-88 defense funding 4/25, p. 22
French traffic control center at Reims opens after delay 5/9, p. 47
French travel agent action draws protest 5/9, p. 47
French neutron weapon 7/4, p. 17
France denies extradition of hijacker 7/18, p. 34
French army adopts Apilas antitank weapon 7/18, p. 71
France tests holographic radar 8/8, p. 18

FUEL
Extended upper deck 747 shows fuel gains in flight 1/3, p. 26
Oil discord to benefit carriers 1/31, p. 27
Demand for aerial refueling increasing 2/7, p. 76
Energy Dept. weapons activity funds rise 2/14, p. 91
Rocketdyne analyzing fuel line problem 3/7, p. 23
Performance system 3/7, p. 67
Fuel prices, deregulation shape air cargo industry 3/14, p. 192
Carriers believe ceiling on oil production difficult to sustain 3/14, p. 196
General Electric wins fuel antimisting contract 3/28, p. 58
British firm to provide tanker-refueling unit 4/18, p. 141
Aeroassist studies tied to fuel savings 4/25, p. 109
Delta expands JT8D engine improvements 4/25, p. 35
NASA considers coal gasification plant to produce shuttle fuel 5/2, p. 86
Oil spill in Gulf hinders fishing, desalination 5/23, p. 44
University aids air force technology effort 5/23, p. 86
France readies production of rocket fuel 6/13, p. 77
New oil to extend time between changes 7/4, p. 24
Boeing 707 deploys air refueling drogues 7/4, p. 54
Reengined DC-8 transports achieve fuel savings, high performance 8/22, p. 48
Aero Propulsion Laboratory evaluates engine with fuel derived from shale oil 9/5, p. 56
Facility tests ethanol engine 9/5, p. 56
Fuel consumption in U.S. civil aviation 11/14, p. 109
Industry expects stability in fuel prices, availability 11/14, p. 109
New turbofans designed for reduced fuel burn 11/14, p. 55
Digital systems cut fuel burn, maintenance costs 11/28, p. 154
Fuel cells tested for higher output 12/5, p. 23

GERMANY
U.S. 'protectionism' irks Germans 1/17, p. 16
U.S., Germany to confer on air defense 1/17, p. 19
Germany to flight test U.S. fighters 7/11, p. 17
Germany plans $10-billion U.S. defense buy 11/28, p. 21
U.S., Germany discuss air defense plan 11/28, p. 21
U.S., Germany sign air defense pact 12/12, p. 19

GREAT BRITAIN
British protest buy-American equipment policy 1/17, p. 16
Missile poll considered 1/24, p. 22
RAF nears decision on trainer replacement 4/18, p. 29
British campaign to focus on defense 5/16, p. 22
British Transport Dept. to direct civil aviation 6/20, p. 29
Britain to maintain 3% growth, replace equipment lost in war 7/11, p. 21
British defense cuts 7/18, p. 26
British approve cruise missile deployment 11/7, p. 25
U.S. begins deployment of cruise missiles in Britain 11/21, p. 20
British plan to ease carrier licensing system 12/12, p. 34

GREECE
EEC claims Greek airline received illegal subsidies 1/17, p. 34
Administration plans boost in aid to Greece 3/28, p. 16
U.S., Greece agree on base pact 8/15, p. 159
U.S. military bases to remain in Greece 9/26, p. 130

GRENADA
Vital interests 10/31, p. 13
Grenada Airport project halted by U.S. invasion 11/7, p. 26
Plessey seeking to finish Grenada airport 11/28, p. 43

GUATEMALA
U.S. reopens arms sales to Guatemala 2/14, p. 118

HEAD-UP DISPLAY
Hughes developing HUD for Swedish JAS 39 fighter 1/10, p. 81
Advanced displays emphasize trends in design 7/11, p. 66
Color remote map reader packaged for USAF tests 8/22, p. 138
Hughes suit charges HUD patent infringement 8/22, p. 143
FAA certificates flight dynamics head-up display 8/22, p. 29
Navy evaluates pictorial cockpit display 9/12, p. 88
Holographic display installed in Boeing 727 for system certification 9/12, p. 96
Hamilton Standard to market French map reader 11/7, p. 83
Sfena management system tested on A300 12/5, p. 188

HELICOPTERS-INTERNATIONAL
Canada
Canada seeks joint helicopter facility 10/3, p. 17
Europe
Europe challenged U.S. helicopter lead 12/5, p. 153
France
Medical helicopter airlift services grow 3/7, p. 61
Helicopter buy 3/7, p. 62
Irish order avionics package for helicopters 5/30, p. 137
Aerospatiale testing Ecureuil helicopter armed with missiles 5/30, p. 274
Rotorcraft inspections 9/5, p. 27
French qualify SA 365N for ship use 9/12, p. 55
General
Subsidies aid foreign manufacturers 12/5, p. 155
Germany
MBB medical helicopter shown on tour 2/14, p. 125
Helicopter modified for news coverage 4/18, p. 187
Canada takes delivery of BO. 105s 8/8, p. 64
Great Britain
Digital engine controls tested on Lynx helicopter 1/17, p. 116
Westland 30 helicopters to be used in shuttle service 2/14, p. 44
RAF helicopter buy 6/13, p. 60
British seeks cause of S-61 helicopter crash 7/25, p. 30
British helicopter buy 8/22, p. 18
General Electric-powered Westland 30 version makes first flight 10/17, p. 25
Westland upgrading Lynx 3 naval roles 10/31, p. 51
U.S., Great Britain ground Westland 30, Lynx 11/28, p. 36
Italy
Helicopters outfitted for ambulance airlift 5/9, p. 63
Agusta A 129 Mangusta attack helicopter makes first flight 9/26, p. 27
Agusta testing low-cost A129 antitank helicopter 10/10, p. 69
USSR
Soviets place Mil Mi-8 Hip E gunship service 4/11, p. 70
Soviets testing prototype of new Kamov Ka-32 cargo helicopter 9/5, p. 27

HELICOPTERS-INTERNATIONAL-CONSORTIUM
General
France, Germany agree on new helicopter 12/5, p. 27
MBB/Kawasaki BK. 117
Germany certificates German/Japanese helicopter 1/10, p. 79

HELICOPTERS-U.S.
Bell 214ST
Bell configures 214ST for troop transport 5/16, p. 61
Bell helicopter sales 5/30, p. 55
Bell AH-1
Marines to modify Bell AH-1 to carry AIM-9L 2/21, p. 25
Bell AH-1S Cobra
AH-1S helicopters modified for night vision 7/18, p. 128
Bell AH-IT
Navy earmarks $17.8 million toward new AH-IT engines 4/25, p. 139
Bell LHX
Bell proposes tilt-rotor design for Army's LHX 5/16, p. 19
Bell Model 400 TwinRanger
Bell introduces its Model 400, first of new helicopter series 2/21, p. 18
Bell exhibits full-scale mockup of Model 400 TwinRanger 6/13, p. 60
Bell Model 406
Flight tests begin for Army AHIP helicopter 3/21, p. 26
Bell OH-58D
Helicopter plan's success keyed to control of cost 3/28, p. 46
Sperry unit updates helicopter cockpit 9/5, p. 79
Boeing Vertol 234-ER
Boeing Vertol deliveries 234-ER helicopters 7/18, p. 113
Boeing Vertol CH-47D Chinook
CH-47D offers upgraded performance 7/18, p. 54
Boeing Vertol Chinook 234
Boeing Vertol will deliver two Chinook helicopters to a Norwegian company 3/14, p. 73
Boeing Vertol Model 360
Vertol builds research helicopter from composites 6/13, p. 102
Bendix building advanced unit for Vertol research helicopter 10/31, p. 81
Boeing Vertol V107
Swedes seek helicopter flight control system 12/12, p. 74
Commercial Service
Airspur starts Los Angeles helicopter service 5/23, p. 41
Airspur helicopters to start air taxi service 9/26, p. 50
General
Army funding covers buy of 208 helicopters 2/7, p. 27
Bell, Sikorsky readying ACAP entries 2/14, p. 119
Rise seen in 1984 civil helicopter sales 2/21, p. 17
Total market projection for 1990s lowered 2/21, p. 19
Growth trends: helicopters 3/14, p. 246
Helicopter products aim at pent-up 1984 markets 3/14, p. 246
Advanced military needs shaping rotorcraft gains 3/14, p. 61
Helicopter sales tied to energy market 10/3, p. 63
Canada picks Bell to build joint helicopter facility 10/17, p. 24
Hughes develops helicopter night vision system 11/21, p. 83
Hughes 500 MD
Korean Air Lines buying Hughes 500 MDs 7/4, p. 23
Hughes tests new weapon mount for 500 MD 7/18, p. 74
Hughes 530
Hughes 530 receives FAA certification 8/8, p. 22
Hughes AH-64 Apache
AH-64 fuselage moved to final assembly line 4/4, p. 15
Hughes completes testing of composite tail rotor 5/30, p. 355
Companies display military helicopters 6/13, p. 65
GAO reports favorably on AH-64 production 8/8, p. 50
Hughes begins ground tests on first production Army AH-64 Apache helicopter 10/10, p. 29
Hughes boosts AH-64 production rate 10/24, p. 70
Hughes Model 300C
Turkish helicopters 3/21, p. 23
Hughes Model 500
FAA issues Hughes 530 test authorization 6/13, p. 72
Hughes OH-6A
Harmonic system cuts helicopter vibration 4/18, p. 86
Kaman SH-2F Lamps
Kaman rolls out Seasprite SH-2F Lamps 9/26, p. 115
LHX
Sikorsky pursues Sidearm controls in cockpit design 5/2, p. 74
Hughes studies LHX helicopter for Army 5/9, p. 17
Sikorsky pushes advancing blade concept designs 7/18, p. 111
Industry responds to Army LHX helicopter bid request 8/8, p. 24
Army seeks light helicopter bids 8/29, p. 16
Competition mounts over LHX contract 10/10, p. 61
Sikorsky HH-60D
Sperry unit updates helicopter cockpit 9/5, p. 79
Sikorsky MH-53E
Sikorsky beginning flight tests of Navy MH-53E helicopter 10/3, p. 140
Sikorsky S-61N
British Airways helicopters redesigns color scheme on its aircraft 5/30, p. 87

Sikorsky S-76
Dallas company develops retractable step 5/30, p. 220
Helicopter sale 6/20, p. 27
Sikorsky SH-60B Lamps Mk. 3
Navy trains Lamps Mk. 3 personnel 6/6, p. 105
Sikorsky UH-60A
Customs service Black Hawk used in cocaine seizure 5/2, p. 25
FAA certificates S-70C, civil version of Army/Sikorsky UH-60A 11/14, p. 35

HIJACKING
Hijack attempt 8/8, p. 29

HUNGARY
Hungary expects to export sailplane next year 1/3, p. 53
Tracking device 1/10, p. 91

ICAO
ICAO studying its rules on interceptions 9/12, p. 24
ICAO debates full inquiry of Flight 007 destruction 9/19, p. 24
U.S. eases pressures on ICAO 9/26, p. 40
ICAO considers replacing route system on Pacific 10/3, p. 33
Pilots ask ICAO to insure end of attacks 10/3, p. 33
Airlines oppose ICAO recorder plans 10/17, p. 34

INDIA
India to produce Dornier 228-200 transports 12/12, p. 27

INDONESIA
Nurtanio aircraft industry building Indonesian facility 5/30, p. 125
Indonesia using 737s for marine patrol 9/26, p. 95

IRAQ
Iraq negotiating on Tucano trainer buy 1/3, p. 19

IRELAND
Irish order avionics package for helicopters 5/30, p. 137
Ireland withdraws Soviet fifth freedom rights 9/19, p. 27

JAPAN
Japanese budget 1/10, p. 16
Japanese engines 1/24, p. 22
Japanese military aircraft prices 1/24, p. 23
Japan approves technology transfer to U.S. 2/14, p. 118
Japan studying design of 150-seat transport 3/7, p. 37
Japan seeks more funds for military procurement 3/14, p. 74
Japanese ministry opposes promotional plans 4/4, p. 26
Japan's top ten 4/18, p. 31
Japan rejects U.S. bid on multiple designations 4/25, p. 34
Japanese ministry authorizes new carrier 8/22, p. 26
Japan's services to buy 92 aircraft 9/26, p. 129
Japanese convicted 10/24, p. 27
Japan Airlines fleet program 11/14, p. 119
Japan's airlines poised for higher yields 11/14, p. 119
Japan's airlines employ new equipment 12/5, p. 36

JOINT CHIEFS OF STAFF
House votes changes in Joint Chiefs of Staff 10/24, p. 23

JUPITER
NASA altering circuits on Jupiter probe 10/31, p. 62

KOREA
Soviet Su-15 shoots down Korean 747 9/5, p. 25
An incredible blunder 9/12, p. 13
U.S. says Soviets knew Korean Air Lines 747 was commercial flight 9/12, p. 18
747 carried Litton LTN-72R navigation system 9/12, p. 21
U.S. intercepts Soviet fighter transmissions 9/12, p. 22
ICAO studying its rules on interceptions 9/12, p. 24
U.S., Soviet Union dispute key elements of Korean 747 attack 9/12, p. 26
Attack may boost funding for defense 9/12, p. 28
Soviets harass searchers for 747 debris 9/12, p. 28
Gromyko rejects U.S. criticism of incident 9/12, p. 29
Soviets still insist shootdown of Korean transport justified 9/12, p. 29
Search for Flight 007 yields bodies, debris 9/19, p. 22
Soviet cautions West its fighters will shoot again 9/19, p. 22
ICAO debates full inquiry of Flight 007 destruction 9/19, p. 24
Soviet scientists cancel U.S. appearance 9/19, p. 25
U.S. admits Soviets fired cannon shots 9/19, p. 25
11 nations halt Moscow air service to protest downing 9/19, p. 26
Insurance paid 9/19, p. 26
Finns blame Koreans 9/19, p. 27
Ireland withdraws Soviet fifth freedom rights 9/19, p. 27
Outrage from the pilots 9/19, p. 9
Soviets charge U.S. aligned 747 with satellite, aircraft 9/26, p. 42
Carriers say R20 closing causing delays 9/26, p. 43
Human factors analyzed in 007 navigation error 10/3, p. 165
ICAO considers replacing route system on Pacific 10/3, p. 33
Pilots ask ICAO to insure end of attacks 10/3, p. 33
Normal Moscow service resumes after pilots' ban 10/10, p. 36

LABOR, EMPLOYMENT, WAGES
Eastern furloughs 1/10, p. 27
Pilot layoffs 1/24, p. 34
Pratt & Whitney reduction 2/14, p. 25
Union, American in agreement 3/14, p. 264
Pan Am signs contracts with five unions 3/28, p. 29
Pratt & Whitney schedules additional layoffs 5/9, p. 18
CAB plans employee reduction hearings 5/9, p. 33
USAF seeks industry wage limits 5/16, p. 16
Orr targets costs of labor, executive pay for scrutiny 5/16, p. 18
Southwest pay freeze 5/16, p. 28
Piper will curtail production of aircraft, furlough 1,500 5/23, p. 27
Eastern pilots vote to take raises this year 5/30, p. 58
Nonunion staff votes Eastern wage deferral 6/13, p. 33
Study analyzes job impact of aircraft exports 7/11, p. 15
Jobs shift from civil to military sector 7/11, p. 54
Labor negotiations 8/1, p. 30
Hiring increases for B-1B production 8/1, p. 52
KLM, union reach accord on A310 staffing 8/29, p. 31
Republic unions agree to wage concessions 9/5, p. 29
Piper employee recall 9/12, p. 61
Western Airlines' unions agree to pay cut 10/3, p. 29
Eastern chief tells employees payroll concessions are vital 10/3, p. 30
Airline labor costs increasing despite union concessions 10/3, p. 32
Boeing, labor sign landmark contract 10/10, p. 28
Unions attack Continental, Eastern moves 10/10, p. 32
Eastern's nonunion employees vote wage, benefit reductions 10/10, p. 34
Eastern, union sign new agreement 10/17, p. 29
Eastern union vote 10/24, p. 34
Lockheed, machinists sign three-year pact 10/31, p. 34
New Frontier subsidiary nears CAB approval 11/7, p. 36
Mechanics sue for withdrawal from IAM 11/7, p. 41
IAM workers at McDonnell Douglas accept pact 11/14, p. 30
Flight attendants ratify Eastern contract 11/14, p. 40
Carriers intensify labor cost drive 11/21, p. 27
The recipients of airline productivity 11/21, p. 27
McDonnell Douglas laying off workers 12/12, p. 28

LAND VEHICLES
General Motors testing Chevrolet Citation 4 engineering development vehicle 11/7, p. 69

LANDING AIDS AND SYSTEMS
Xenon lights to illuminate night landing 5/2, p. 88
Hong Kong offsets localizer approach 6/4, p. 72
FAA nears microwave landing award 9/26, p. 143

LASERS
Laser system approved 1/24, p. 77
White Sands to install chemical laser 3/14, p. 236
Soviet efforts point to antisatellite laser 3/21, p. 19
British Aerospace to develop laser gyro for missiles 4/4, p. 66
Sandia developing laser tracking system 4/18, p. 203
Lasers measure turbine exhaust gas 4/25, p. 165
Pave Spike aids F-4E target accuracy 5/2, p. 95
Missile defense effort includes directed-energy, other means 5/30, p. 332
Livermore tests laser optics machine 6/6, p. 88
Beam weapon advances emerge 7/18, p. 18
Laser disables missile 8/1, p. 23
Sidewinder destroyed in airborne laser test 8/8, p. 66
Conference urges laser program termination 8/15, p. 21
Air Force will evaluate laser communications system 8/22, p. 134
Laser intelligence satellite 8/29, p. 20
F/A-18 laser contract 8/29, p. 26
Ames using laser in large wind tunnel 8/29, p. 77
McDonnell Douglas completes helicopter sights 9/19, p. 83
Laser radar contract 10/3, p. 18
Lockheed builds test range 10/10, p. 92
Panel urges defense technology advances 10/17, p. 16
USAF, Navy laser destroys drone 12/5, p. 26

LAUNCH FACILITIES
Vandenberg area growth to strain water supply 11/21, p. 69
Construction gains at Vandenberg site 11/28, p. 137

LAUNCH VEHICLES
Strap-on boosters will improve Ariane capabilities 1/10, p. 58
Second Challenger main engine test set 1/17, p. 24
Centaur G upper stage to be developed 1/31, p. 23
Stage development 1/31, p. 24
NASA may opt for more Delta launchers 2/14, p. 22
NASA issues stop work order on Delta booster 2/21, p. 22
Centaur G to be for Defense Dept. missions 3/7, p. 48
GOES 6 launched as Delta payload 5/9, p. 15
Report warns on loss of launcher production 5/23, p. 23
Federal Express to acquire launcher rights 5/23, p. 24
White House issues launch vehicle guidelines 5/23, p. 24
Exosat launched on Delta vehicle 5/30, p. 54
USAF, Boeing share IUS processing procedures 6/6, p. 87
Defense managers cancel shuttle Mission 10 6/13, p. 16
Soviets marketing Proton in the West 6/20, p. 18
IUS failure attributed to deflated ring 7/4, p. 18
NASA considers Delta stages for shuttle launch on TDRSS 7/11, p. 18
Ariane gains four payloads; loses four 7/11, p. 21
NASA selects Boeing for launch complex talks 7/18, p. 21
IUS delayed for analysis of problem 7/18, p. 24
Rocket plume photographed on IUS flight 7/25, p. 23
NASA weighs greater role for Centaur 7/25, p. 60
Japan plans new launcher, 78 satellites 8/22, p. 23
NASA weighs launch options after scale booster test firing 10/17, p. 22
IUS nozzle seal causes test postponement 10/17, p. 23
Company plans orbital booster system launch 10/17, p. 81
IUS test firing 11/21, p. 26

LEGAL ACTIONS
El Al receiver seeks funds to restart airline 1/3, p. 29
PSA/Braniff hearing 1/3, p. 29
Laker liquidator sues 1/10, p. 34
Three carriers charged 1/10, p. 34
Benefit fund decision 1/10, p. 40
Carriers ask bankruptcy court to abstain in PSA slots ruling 1/17, p. 30
Supreme court to hear state tax issue 1/24, p. 42
European regulation 1/31, p. 30
Court refuses to allow Laker's British creditors to join U.S. antitrust suit 2/14, p. 31
Braniff, PSA gain expedited hearing 2/28, p. 30
American Airlines head charged in antitrust suit 2/28, p. 32
Crandall/Putnam conversation transcript 2/28, p. 32
Braniff/PSA slot agreement overturned by Appeals Court 3/7, p. 32
Pilots' tax evasion 3/21, p. 30
TWA employees suit 3/28, p. 26
Airline antitrust actions increase at Justice Dept. 3/28, p. 29
Justice will scrutinize engine project 4/4, p. 18
Greeks sentence Swissair pilots 5/2, p. 29
Controllers' sentences 5/9, p. 26
Federal drug arrests 5/16, p. 18
Jet America may fight Long Beach competition 5/16, p. 30
British carriers file appeals in Laker suit 5/30, p. 57
Canadair files suit against Avco 6/13, p. 93
Marriage rule victims return to United 6/20, p. 34
Britain challenges U.S. action on its North Atlantic carriers 7/4, p. 32
Jury indicts five for unlicensed export of Flirs 7/11, p. 23
Lawyer sentenced to fine, damages, apologies 7/11, p. 27
Court rejects flight engineer age limitation 7/11, p. 31
Cuba describes hijackers' punishments 7/18, p. 34
France denies extradition of hijacker 7/18, p. 34
Laker suit charges concerted attack 7/25, p. 28
Age discrimination 8/1, p. 31
Lawsuits protests airport ban on solicitation 8/8, p. 36

Carriers penalized on compliance violations 8/8, p. 57
Canadair, Avco relations trained 8/15, p. 26
Hughes suit charges HUD patent infringement 8/22, p. 143
Union charges airline with contract violation 9/5, p. 34
U.S. actions estimated to cost Soviets $1.5-2 million annually 9/19, p. 18
Court drops Crandall fare fixing case 9/19, p. 32
Conviction gained in C-130 illegal export case 9/19, p. 76
DC-8 impounded 9/26, p. 45
Court overturns parts supplier's suspension 10/10, p. 27
Firm pleads guilty to spare parts charges 10/17, p. 26
Japanese convicted 10/24, p. 27
ALPA suing Continental for $100 million 10/24, p. 31
ALPA asks CAB chairman's disqualification 10/24, p. 32
Mechanics sue for withdrawal from IAM 11/7, p. 41
Senators plan product liability bill action 11/7, p. 76
Antitrust laws said to allow joint research 11/28, p. 131

MAINTENANCE, OVERHAUL, REPAIR
New runway repair technique in use 2/7, p. 70
NTSB cites maintenance work in L-1011 triple-engine failure 5/16, p. 29
Eastern plans L-1011 maintenance update 5/23, p. 30
Fuselage skin tests 5/30, p. 141
Europeans promote maintenance work 5/30, p. 345
Overhaul agreement 6/6, p. 30
Navy tests new maintenance procedure 8/22, p. 131
Maintenance contract 9/19, p. 40

MANAGEMENT
Capitol shifts managers, restructures operations 1/31, p. 32
Westinghouse reorganizes business units 3/7, p. 20
Lockheed changes management structure 4/18, p. 163
Harris reorganizes corporate structure 5/23, p. 101
Hughes management shift 6/20, p. 30
Chinese push management improvement 6/20, p. 68
United Technologies realigns management 7/4, p. 27
Capitol reorganizes 7/18, p. 43
MBB reorganizes 9/19, p. 29
Comsat reorganization 11/28, p. 24

MANUFACTURING TECHNOLOGY
Lockheed-Georgia uses water jet to cut materials 1/10, p. 68
Hughes using "producibility" system 3/21, p. 77
Dornier seeking to maintain capacity 4/4, p. 43
Computer-controlled machine used in Harrier manufacture 4/11, p. 63
Fokker to expand carbon fiber work 4/11, p. 63
Huhes fabricating precision parts with automated system 4/11, p. 66
USAF, industry eye factory efficiency 4/18, p. 173
Boeing installs Japanese post mill 4/18, p. 63
High-speed, cost-effective ways to remove metal studied 4/18, p. 88
Proposed center to research materials 4/25, p. 145
Vision sensors expanding industrial robot flexibility 5/30, p. 139
Greater stress urged on quality control 7/18, p. 109
Robots assist in turbine blade coating 7/18, p. 85
British design titanium furnace for aerospace uses 7/18, p. 87
USAF implements modernization plan 8/1, p. 51
Avco modifies prototype processes for production 8/1, p. 52
Columbus Div. intermediate fuselage subassembly checked by technicians 8/1, p. 57
Vought installs automated system for fuselage work 8/1, p. 59
Steel maker installs large rotary forge 8/8, p. 45
Tempo of airframe, engine production accelerates 8/15, p. 150
Dutch to test new structural material 11/28, p. 121
Boeing Military Airplane Co. uses skin-stretched press to produce aircraft panels 11/28, p. 127
Spin-forging produces lighter parts 11/28, p. 128
Greater stress urged on quality

MARS
Mars orbiter to cut cost by using existing designs 6/20, p. 51
Contractors design Martian orbiter probes 9/12, p. 81
Soviets planning 1986 mission to probe Martian moon Phobos 11/14, p. 30

MATERIALS
Strategic materials 1/17, p. 123
Third shuttle vehicle to use blanket insulation 1/24, p. 57
Technology key to strategic advances 3/14, p. 23
Europe's composite work stresses production gains 4/18, p. 82
Proposed center to research materials 4/25, p. 145
Drive starts on specialty metals repeal 5/2, p. 16
Vertol builds research helicopter from composites 6/13, p. 102
Spoilers contract 8/29, p. 30
Boeing evaluates methods of protecting composite aircraft from lightning 9/12, p. 52
Laboratory addition 9/19, p. 72
Langley research center developing pultrusion process for large space structures 9/19, p. 73
Detail parts plant 9/19, p. 74
Council recommends cobalt recycling 11/7, p. 69
Dutch to test new structural material 11/28, p. 121

MERGERS AND ACQUISITIONS
Competition urged as key merger guide 1/3, p. 31
Litton issues tender offer for Itek 1/24, p. 18
Beech, Hangar One agree on acquisition 3/14, p. 245
LTV, electronics company to merge 4/25, p. 23
Western-Wien merger 4/25, p. 36
Litton acquisitions 5/9, p. 22
Aviquipo purchased 5/16, p. 18
Gould acquisition 5/30, p. 125
Piedmont to acquire Henson stock 6/27, p. 29
Rockwell sale ends general aviation role 7/11, p. 14
Wien Air purchased 7/11, p. 26
LTV buys AM General 8/8, p. 67
Cyrus Corp. funds satellite service Center 8/29, p. 78
Commuter acquisition 9/26, p. 40
Hiller Aviation approves Canadian takeover bid 10/3, p. 61
Tymshare purchased 12/12, p. 83

MEXICO
Peso devaluation creating U.S.-Mexico travel boom 7/11, p. 26

MIDDLE EAST
U.S. assigns Israel, Egypt bulk of military financing 1/10, p. 20
Boeing applies for Libya sale 1/10, p. 30
Israel to boost combat aircraft strength 2/14, p. 17
U.S.-Lebanon bilateral 2/14, p. 45
Export licenses denied for Libyan transports 2/28, p. 17
Democrats question Israeli aid cut 3/7, p. 14
Lebanon offer 3/14, p. 49
Iraq, Iran acquiring Chinese-built fighters 4/11, p. 16
Iraq interested in diplomatic relations with U.S. 4/11, p. 17
Kuwait maintenance plant designed to cut losses 4/18, p. 44
Arab consortium 4/18, p. 45
Brazilians block Libyan arms shipments 5/2, p. 17
Kuwaiti helicopter service 5/16, p. 36
U.S. pushes regional stability 5/23, p. 42
Oil spill on Gulf hinders fishing, desalination 5/23, p. 44
Saudi defense budget decrease in petroleum 5/23, p. 52
Military training mission increasing advisory role 5/23, p. 55
Air Force growth paced to capabilities 5/23, p. 61
Saudi Air Force expands training effort 5/23, p. 63
Saudis facing USSR, regional threats 5/23, p. 66
F-15 performs Saudi interceptor role 5/23, p. 72
Saudi naval force grows toward 34-vessel fleet 5/23, p. 75
Persian Gulf air defense poses difficult challenge 5/23, p. 81
Saudis employing offsets to expand industrial base 5/23, p. 85
C-130s yield high utilization of Saudi missions 5/23, p. 88
Fighters, helicopters shield west area 5/23, p. 88
Northrop offers Mideast F-20 with U.S. support 5/23, p. 93
Saudis expected to sign letter of offer for RF-5E aircraft 5/23, p. 94
Administration lifts delay of F-16 sale to Israel 5/30, p. 56
Jordan seeks weapon advances 6/27, p. 38
Israelis penetrate Jordanian airspace 6/27, p. 54
Jordan girds for its future military, economic needs 6/27, p. 58
Jordan readies defenses for aerial war 6/27, p. 67
Hawk training, readiness geared to fixed positions 6/27, p. 69
Jordanian Air Force expanding Hussein Air College curriculum 6/27, p. 76
F-5E/F fighters provide defense on Iraqi border 6/27, p. 79
Jordan seeks behind-the-scenes role 6/27, p. 84
Israel develops new tactical weaponry 7/4, p. 64
Israel inventory includes new radars 7/4, p. 69
F-14s intercept MiGs 8/8, p. 23
Egypt seeks technology transfer 8/15, p. 129
U.S. plans about $7.5 billion in aid for fiscal 1983-1985 8/15, p. 134
Egypt views Soviet expansion as encirclement, isolation plan 8/15, p. 138
Egypt modernizing its IFF system 8/15, p. 141
Radar production talks in final stages 8/15, p. 141
Egyptians assemble Alpha Jets at Helwan 8/15, p. 147
Tempo of airframe, engine production accelerates 8/15, p. 150
First F-16 wing at Inshas nears operational status 8/15, p. 152
China shipping F-7 fighter kits to Jiyanklis for assembly 8/15, p. 160
Hawk air defense brigade operational 8/15, p. 162
Texas firms will complete Saudi King's 747-300 8/15, p. 32
Army deploying Firefinder radars in Lebanon 9/5, p. 26
Alia plans to modify its 747s 9/5, p. 32
New Israeli cabinet may allow El Al sabbath flights 9/26, p. 46
Vital interests 10/31, p. 13
Kuwaiti contract 11/14, p. 25
U.S. offers Israel 15% in military offsets 12/5, p. 25
Saudi Arabian airfield 12/5, p. 32
Egypt to build Embraer Tucano trainers 12/12, p. 22
Navy blames aircraft loss on Soviet sensor change 12/12, p. 25
Israeli air raid 12/12, p. 26
Sogite delivers military simulator to Jordan 12/12, p. 66

MISSILES-INTERNATIONAL
Finland
Finland missile buy 3/7, p. 15
France
Matra plans new control systems tests 1/24, p. 64
French missile force fully developed 2/21, p. 64
U.S. to study two French antitank rocket systems 5/2, p. 68
Sfena missile guidance unit uses laser gyro 5/9, p. 69
AS 15TT test launch 7/11, p. 19
French testing multirole nuclear missile 7/25, p. 16
French fire M-4 missile in sea launch 8/1, p. 17
Mirage 4 displays ASMP nuclear missile 8/1, p. 21
French to equip Etendards with ASMP missile 8/8, p. 20
Aerospatiale tests submarine-launched missile 9/5, p. 20
French missile contractor 9/19, p. 16
Matra tests SATCP short-range missile 10/17, p. 67
Exocet, laser missile to be qualified on Mirage 10/31, p. 27
French ready M-4 nuclear missile for final tests 12/12, p. 25
Germany
MBB forms U.S. branch 1/24, p. 24
U.S., Germany sign air defense pact 12/12, p. 19
Great Britain
RAF planning antiradiation weapon buy 3/7, p. 59
British launch Seawolf 3/21, p. 24
Rocket contract signed 3/21, p. 84
British Royal Air Force Nimrod flies with Sidewinder missiles 4/18, p. 65
British Aerospace tests Sea Eagle missile gyros 4/18, p. 68
British develop antiarmor weapon 5/30, p. 166
British Aerospace develops Rapier laserfire missile 6/20, p. 77
British Royal Navy orders missile decoy system 7/25, p. 53
British select Alarm missile over HARM 8/8, p. 25
British mount Alarm missile on Tornado aircraft 10/3, p. 139
Short Brothers Javelin enters production for British Army 12/5, p. 171
Israel
Israelis testing air-launched Gabriel 2/14, p. 103
Italy
Full-scale test of Aspide system slated 4/18, p. 182
Spada/Aspide system 11/7, p. 26
Sweden
Swedes evaluate weapon system efficiency on AJ37 Viggen aircraft 9/12, p. 69
Switzerland
ADATS missile ready to be marketed 5/30, p. 173
USSR
Soviets test launch small ICBM 2/21, p. 16
U.S. spurns Soviet bid to remove some SS-20s 2/21, p. 24
Strategic missile forces 3/14, p. 24
Soviet deployment of IRBMs doubles 4/25, p. 65
First photos show SA-13 missile details 8/22, p. 17
Soviets test defense missile reload 8/29, p. 19
Navy blames aircraft loss on Soviet sensor change 12/12, p. 25

MISSILES-INTERNATIONAL-CONSORTIUM

ACL 300 Jupiter
European antitank system offered to U.S. 5/2, p. 68

ATGW-3
Euromissile unit wins guided weapon contract 8/15, p. 22

MISSILES-U.S.
MX vote 5/16, p. 27

AASM
Air Force weighs alternatives for new missile 5/30, p. 50

ABM
Army to flight test nonnuclear ABM 1/24, p. 30
Europeans challenging U.S. ABM system 6/20, p. 28

ACM
USAF selects missile builder 4/25, p. 22

AIM-9
AIM-9 sale 11/21, p. 26

AMRAAM
AMRAAM being displayed at Paris Air Show 5/30, p. 287
Hughes studies AMRAAM for surface ships 8/22, p. 18

ASAT
ASAT carried by F-15 during compatibility testing 5/2, p. 14

ASROC
Firms plan contract bids on ASROC 3/21, p. 84

Antiship
Antiship missiles studied to block sea choke-points 2/28, p. 24

Apache
Matra develops Apache vehicle 1/31, p. 60

Counter-air Missile
Firm studies counter-airfield weapon 8/29, p. 73

Cruise
ALCMs delivered ahead of schedule 1/17, p. 101
Strategic missiles facing political tests 1/24, p. 21
Missile poll considered 1/24, p. 22
USAF cuts ALCM procurement funding 1/31, p. 18
U.S., Canada agree on weapon testing 2/21, p. 25
Cruise missile tested on B-52G bomber 2/21, p. 48
Belgians, Dutch may slip cruise missile deployment 3/21, p. 24
Arnold center tests cruise missile icing 3/21, p. 83
Cruise missile upkeep set at $1 billion 6/27, p. 23
Missile base study 6/27, p. 23
USAF launches three test ALCMs 6/27, p. 23
Canada approves cruise missile testing 7/25, p. 15
Europeans set deployment schedule for 572 missiles 7/25, p. 54
British approve cruise missile deployment 11/7, p. 25
U.S. begins deployment of cruise missiles in Britain 11/21, p. 20
Missiles delivered to Italian, German bases 12/5, p. 17

GBU-15
Lower cost GBU-15 sought 4/18, p. 185

General
Strategic missile forces 3/14, p. 24
Growth trends: U.S. missile sales 3/14, p. 25
New markets seen for tactical missiles 3/14, p. 33

HARM
HARM paces cost increases for weapons 1/10, p. 87

HVM
Advanced-technology missile tests conducted 1/10, p. 76

Hawk
Hawk training, readiness geared to fixed positions 6/27, p. 69
Hawk air defense brigade operational 8/15, p. 162
Mobile Hawk radar tests 10/24, p. 56

Hellfire
Hellfire undergoes qualifying tests on Lynx helicopter 10/17, p. 67

Javelin
Production to begin on Javelin missile 3/21, p. 82

LAW
Teams will face shootoff for new antitank weapon 1/24, p. 23

MLRS
MLRS launcher order 1/24, p. 65
MLRS guidance 4/11, p. 71
Joint U.S./European MLRS effort cleared for funding 5/30, p. 165
Six industrial teams involved in MLRS 5/30, p. 169
Rocket contract 9/26, p. 39

MRASM
Avco will develop USAF submunition 3/21, p. 85

MX
Military preparing data for MX basing study 1/3, p. 18
Blue ribbon panel considered on MX 1/3, p. 19
Senators seek GAO MX basing study 1/3, p. 20
President names commission on MX 1/10, p. 19
Future growth key to MX site selection 1/10, p. 73
Commission studies small ICBM 2/21, p. 14
Inert MX in canister falls at pad 3/28, p. 22
Protesters arrested at Vandenberg AFB 3/28, p. 22
Clarifying MX 4/18, p. 13
New report on MX basing finds support in Congress 4/18, p. 28
Congress seeks MX reassurance 5/9, p. 14
Congress releases fiscal 1983 MX funds 5/30, p. 52
MX protest 6/20, p. 28
First USAF MX flight test verifies reentry accuracy 6/27, p. 24
MX funding voted 8/1, p. 14
USAF beginning ICBM modernization 8/29, p. 18
Tower foresees passage of MX missile funding 9/26, p. 34
Second MX flight verifies design, ground test data 10/24, p. 20
Funds approved for MX, B-1B 10/31, p. 20
USAF studies public testimony as MX silo construction nears 11/14, p. 33

Maverick
U.S.-Italy Maverick talks progress 4/11, p. 27
Maverick reliability shows improvement 4/11, p. 57
Hughes prepares infrared Maverick missiles for delivery 12/5, p. 56

Minuteman 1
Minuteman 1 fired 8/1, p. 17

Patriot
Dutch seek to buy 160 Patriot missiles 11/14, p. 26
U.S., Germany sign air defense pact 12/12, p. 19

Pershing 1A
Pershing 1A refresher 10/3, p. 23

Pershing 2
Strategic missiles facing political tests 1/24, p. 21
Pershing 2 theater missile launched in successful test 1/31, p. 24
Pershing 2 flight envelope extended 2/14, p. 22
Pershing tested 4/4, p. 18
Pershing 2 missile launched successfully 5/2, p. 20
Pershing funding 5/9, p. 15
Army fires tenth Pershing 2 at White Sands 5/16, p. 18
Pershing warhead hits test target 6/6, p. 104
Pershing 2 program 7/4, p. 22
Pershing verification 7/25, p. 19
Missile deployment to use preexisting facilities 7/25, p. 52
Europeans set deployment schedule for 572 missiles 7/25, p. 54
Pershing 2 self destructs after liftoff 8/1, p. 16
Europeans back Pershing 2 8/1, p. 19
Closure ring failure interrupts Pershing 2 test 8/8, p. 22
Pershing 2 test series 8/29, p. 16
Firm studies counter-airfield weapon 8/29, p. 73
Final Pershing flight 9/26, p. 27
Europeans reject deployment delay 10/24, p. 22

Polaris
Soviets track launch of British missiles 6/20, p. 26

RAM
RAM missile intercepts supersonic Vandal 3/7, p. 17
Ship-defense missile tested at Pacific range 4/18, p. 183

Roland
U.S. Army test Roland system 1/3, p. 21

SRAM
B-1B rotary weapons launcher tested 5/30, p. 313

Sentry
Air Force tests Sentry missile in wind tunnel 1/17, p. 118

Sidewinder
Decision expected on Sidewinder replacement 5/30, p. 165
Marine Corps tests Sidewinder missile fired from F/A-18 7/4, p. 16

Stinger
Europeans agree on Stinger production 9/12, p. 69

TOW
TOW missile deployed 4/4, p. 45

Tomahawk
Navy planning Tomahawk program revisions 1/3, p. 14
Tomahawk crash 3/14, p. 263
USS New Jersey launches Tomahawk missile to Nevada test range 5/16, p. 22
Tomahawk tested 6/13, p. 26
Tomahawk tests concern Congress 7/18, p. 27
USAF trains Tomahawk crews for NATO deployment 7/25, p. 52
Naval update includes new missile system 8/8, p. 54
McDonnell Douglas opens Tomahawk facility 10/31, p. 26

Trident
Navy to develop new Trident warhead 1/17, p. 26
Trident C4 missile self-destructs during test launch 4/25, p. 19
Trident range tracking 11/28, p. 154

Trident 2
Tomography used to inspect Trident 2 5/2, p. 71

Vought Hypervelocity Missile
Hypervelocity missile penetrates screen in test 7/25, p. 17

Wasp
Wasp missile hits tank target 5/2, p. 24
Air Force terminates Wasp program 10/10, p. 26

NAMES

Swigert dies 1/3, p. 21
Laurence L. Doty 1/10, p. 25
Robert W. Martin, Jr. 1/10, p. 25
British Airways names CEO 1/24, p. 34
Weather coordinator 2/21, p. 27
Comsat nomination 3/28, p. 17
Collier Trophy 3/28, p. 25
Northrop executive posts 3/28, p. 58
Putnam to resign 4/4, p. 27
Advisory council 4/25, p. 23
Hughes president 5/2, p. 25
Bergt submits resignation 5/9, p. 30
H.M. Horner dies 5/16, p. 25
Carlson elected UTC president 5/23, p. 20
Kearns retires 5/23, p. 27
Aerospatiale CEO 5/30, p. 301
Harvey Gaylord dies 5/30, p. 56
Mars orbiter 6/13, p. 19
Flying Tigers names new chief officer 7/4, p. 31
Technology forecast: Igor Sikorsky 8/22, p. 11
CAB nomination 9/5, p. 30
Jackson dies 9/12, p. 33
Lorenzo assumes Wolf's duties at Continental 9/26, p. 45
Slattery heads Braniff 9/26, p. 47
Northwest promotion 10/10, p. 32
Aerojet name change 10/10, p. 83
Debus dies 10/17, p. 23
Braniff management team 10/17, p. 30
Continental flying director resigns 11/7, p. 31

NAVIGATION AND GUIDANCE

FMS certification 2/28, p. 77
Navy evaluates French transmitters 3/28, p. 19
Litton gyroscopic reference system to equip Alitalia DC-9s 4/18, p. 199
Navstar contract 4/18, p. 26
Final design set for new guidance unit 4/25, p. 159
Litton navigation system approved for A300 4/25, p. 170
Crew uses GPS to cross ocean 6/6, p. 22
USAF awards multiyear contract in Navstar buy 7/11, p. 45
Strapdown inertial systems effort gains 7/18, p. 119
F-15 tested with digital flight control system 7/18, p. 68
Transoceanic flight shows GPS's 7/25, p. 45
Fly-by-light unit nears software test 8/22, p. 123
Air Force seeking data on new navigation calibration aircraft 8/22, p. 18
747 carried Litton LTN-72R navigation system 9/12, p. 21
Automated system eases oil rig Navaid monitoring 9/12, p. 66
FAA studies upgraded Pacific Navaids 9/19, p. 18
Navstar tests to validate receiver sets 9/26, p. 147
Lockheed, Delta evaluate L-1011 systems 9/26, p. 149
Yuma expanding facilities in support of Navstar, GPS 9/26, p. 157
KNS 660 built for corporate aircraft 10/3, p. 111
Omega offers immediate INS backup 10/3, p. 153
Senator urges acceleration of Navstar 10/3, p. 153
Human factors analyzed in 007 navigation error 10/3, p. 165
ESA proposes Navsat civilian navigation system 10/17, p. 20
House asking FAA for civilian Navstar system use by 1988 11/21, p. 25

NETHERLANDS

Fokker completes modifications to Dutch F-16 fighters 1/17, p. 117
Dutch seek to buy 160 Patriot missiles 11/14, p. 26

NIGERIA

Nigerian state government orders Embraer Xingu 1 aircraft 1/31, p. 67
Nigerian air force orders Alpha Jet 7/11, p. 21

NOISE CONTROL

Noise restriction settlement expected 2/28, p. 68
Port Authority denies noise waivers 5/16, p. 35
Noise compliance 5/23, p. 31
California seeks to curb airport noise lawsuits 9/19, p. 39
707, DC-8 nacelles developed 10/17, p. 43
Airlines want to postpone noise rules 11/14, p. 105

NORTH ATLANTIC TREATY ORGANIZATION

NATO plans to fund air control studies 1/10, p. 79
NATO maritime group 1/24, p. 70
Defense data of NATO countries 1/31, p. 62
Foundation of U.S. coalition strategy 3/14, p. 27
Combat aircraft comparison 3/14, p. 37
Naval forces comparison 3/14, p. 50
NATO eyes conventional weapons buy 3/14, p. 69
NATO planning early warning force role 3/14, p. 69

Rivalries intensify for NATO air defense radar contracts 3/28, p. 24
NATO urged to re-station air defenses 4/4, p. 45
NATO arms sales 6/6, p. 28
Military seeks system interoperability 6/13, p. 123
Europeans remain divided on nuclear missile basing 6/20, p. 28
British cite need for NATO support 7/18, p. 22
Defense minister predicts on-time missile basing 7/18, p. 22
NATO told Soviets pirate western technology 10/17, p. 100
U.S. curbs on technology said to hinder NATO unity 10/17, p. 100
NATO planning enhanced C3 over decade 11/7, p. 80
NATO's initial AWACS bases start operations 11/28, p. 130
NATO cites radar, radio link priorities 12/5, p. 173
NATO Southern Region forces outnumbered by Warsaw Pact 12/5, p. 181
NATO ministers debate research costs 12/12, p. 18

NORTH KOREA
North Korean military threat assessed 2/7, p. 42

NORWAY
Defense Dept. proposes 24 F-16s for Norway 10/17, p. 26

NUCLEAR WEAPONS
Defense budget presses nuclear effort 1/31, p. 16
Vandenberg protest 1/31, p. 19
Strategic nuclear forces 3/14, p. 31
Watershed on nuclear defense 4/25, p. 13
Europeans remain divided on nuclear missile basing 6/20, p. 28
Missile opposition 6/20, p. 28
Second thoughts on the freeze 7/11, p. 9
Nuclear reduction 10/10, p. 29
Panel urges defense technology advances 10/17, p. 16

ORDERS, PURCHASES, DELIVERIES
UPS purchasing DC-8s 1/3, p. 28
Western Airlines orders three Boeing 737-300 transports 1/10, p. 34
Letters of offer 1/10, p. 87
ALCMs delivered ahead of schedule 1/17, p. 101
Belgian linguistic divisions threten F-16 order 1/24, p. 22
F-5Es delivered to Morocco by private firm 1/31, p. 17
Nigerian state government orders Embraer Xingu 1 aircraft 1/31, p. 67
British Airways may advance short-haul transport orders 2/14, p. 26
Belgian helicopter request 2/21, p. 16
DC-10-30 order 2/28, p. 28
Middle East Airlines purchasing Airbus A310s 3/7, p. 28
727 letter of intent 3/7, p. 29
American DC 9-80s 7/4, p. 29
Cessna Aircraft deliveries fall; marks $18.8-million 1983 loss 10/31, p. 26

PARTICLE BEAM WEAPONS
Scientific canvas locates innovative defensive ideas 10/17, p. 19

PAYLOAD
Shuttle payloads to study seeds, snow processing 1/31, p. 46
Payload-handling device developed 3/14, p. 103

PEACE MOVEMENT
Electronics conference future in doubt 10/10, p. 85

PILOT REPORT
Engine boosts Jetstream performance 1/3, p. 43
Falcon 200 shows performance gains 4/4, p. 36
Integrated systems evaluated on F-15 4/11, p. 47
CFM56s boost KC-135R performance 5/2, p. 42
CF34 upgrades Challenger capabilities 5/16, p. 63
Citation 3 marks new design approach 6/13, p. 91
CH-47D offers upgraded performance 7/11, p. 54
Reengined DC-8 transports achieve fuel savings, high performance 8/22, p. 48
British 146 reduces cockpit workload 9/5, p. 39
Tucano turboprop offers jet qualities 9/19, p. 51
F-16XL shows advances in range, ride qualities 9/26, p. 62
Embraer seeks Xingu 2 improvements 10/10, p. 71
Sherpa focuses on cargo versatility 11/28, p. 117
Changes cut drag on uprated HS. 125 12/5, p. 141
DO 228-200 offers mission versatility 12/12, p. 52

PILOTS
Eastern furloughs 1/10, p. 27
Pilot layoffs 1/24, p. 34
U.S. school enrolls Brazilian test pilots 2/21, p. 75
German pilot training 3/28, p. 17
KLM A310 service delayed by labor dispute 4/4, p. 29
Company links simulator to helicopter for pilot training 4/18, p. 93
IFALPA to seek stronger 90-min. rule 4/25, p. 32
Eastern ALPA vote 4/25, p. 36
Greeks sentence Swissair pilots 5/2, p. 29
Pilots study rating proposal 5/9, p. 42
Eastern offers stock to its pilots 5/16, p. 28
IFALPA cautions pilots on illness 5/16, p. 44
Eastern pilots vote to take raises this year 5/30, p. 58
Voice-recognition systems may reduce pilot workload 6/4, p. 72
KLM crew dispute delays A310 operations 6/20, p. 41
ALPA launches intensive drive to recruit new pilot members 7/11, p. 29
Glider pilot 8/1, p. 24
FAA allows common Boeing 757/767 pilot type-rating 8/1, p. 28
Outrage from the pilots 9/19, p. 9
Pilot groups considering effects of boycott action 9/26, p. 42
ALPA considers pilot support strategy 10/3, p. 28
Pilots ask ICAO to insure end of attacks 10/3, p. 33
Demand increases for corporate pilots 10/3, p. 84
Firms combining classes, simulators in pilot training 10/3, p. 90
Normal Moscow service resumes after pilots' ban 10/10, p. 36
British Airways considering fleet expansion 10/24, p. 28
ALPA asks CAB chairman's disqualification 10/24, p. 32
Company offers weapons training to pilots 11/7, p. 45
Pilot station mockup built for display evaluation 11/7, p. 80
Pilots revive complaints after Madrid crash 12/12, p. 30

POLAND
Two Polish crews defect to West 3/7, p. 17
Poland developing new trainer aircraft 6/20, p. 63

POWERPLANTS
Avco Lycoming H0360-B1A
Facility tests ethanol engine 9/5, p. 56
CFM International CFM56
CFM56 powerplant fixes based on DC-8 operations 2/14, p. 32
DC-8 shown after CFM56 reengining 2/21, p. 47
CFM56s show dispatch reliability of 99.8% 5/2, p. 31
CFM56s considered for four aircraft types 8/22, p. 53
Engine gains could aid 737 derivatives 9/19, p. 34
CFM International CFM56-2
CFM56s boost KC-135R performance 5/2, p. 42
CFM56-2 powerplants will provide fuel savings 8/22, p. 54
CFM International CFM56-3
CFM56-3 certification 8/15, p. 33
CFM56-3 powerplant positioned for nacelle buildup 10/17, p. 43
Boeing installs CFM56-3 powerplants on first 737-300 transport 12/5, p. 30
CFM International CFM56-4
CFM56-4 proposed for new A320 design 1/24, p. 33
CFM56 modified for use on Airbus A320 transport 1/31, p. 31
Garrett JTDE
Engine contract 10/10, p. 27
Garrett TPE331-10
Engine boosts Jetstream performance 1/3, p. 43
General
Engine makers improving efficiency of powerplants 1/10, p. 67
Firms agree on 150-seat transport engine 2/28, p. 28
New engine work-sharing talks continue 3/21, p. 23
Team developing new engine 3/21, p. 26
Engine of the future defined 4/18, p. 156
Snecma readies test facility 4/25, p. 140
Makers of small turbines pursue broadening market 6/13, p. 69
Engine makers lead in computer uses 8/29, p. 58
Hamilton Standard studies counter-rotating propfan 9/26, p. 105
Manufacturers push engine technology 10/3, p. 99
USAF awards advanced engine contracts 10/10, p. 28
USAF tests turbine monitoring system 11/7, p. 77
New turbofans designed for reduced fuel burn 11/14, p. 55
General Electric CF6
FAA, General Electric study CF6 problem 1/31, p. 34
General Electric CF6-45
World objects to engine-fix order 4/25, p. 30
General Electric CF6-50
World objects to engine-fix order 4/25, p. 30
General Electric CF6-802C
New engine series stresses efficiency 5/30, p. 243
General Electric CF6-80A
American experiences CF6-80 shutdowns 1/24, p. 34
Investigation team identifies causes of CF6-80 problem 2/7, p. 32
CF6-80A engine tests 2/14, p. 30
FAA requires continued CF6-80A inspection 2/28, p. 34
General Electric CT7
CT7 certification 9/5, p. 20
General Electric CT7-5A
CT7 turboprop finishes flight tests on Gulfstream aircraft 1/31, p. 29
General Electric E3
General Electric installs E3 engine on test stand 6/13, p. 113
General Electric F100
Fighter engines 5/30, p. 265
General Electric F101
General Electric F101 production nears 8/1, p. 47
General Electric F101-GE-102
General Electric undertakes powerplant qualification tests 8/1, p. 48
General Electric delivers first engine B-1B 10/17, p. 74
General Electric F110
Fighter engines 5/30, p. 265
General Electric F404
Douglas asks F/A-18 engine mount checks 11/21, p. 21
General Electric GE27
General Electric developing engine for joint services' vertical-lift program 10/24, p. 19
General Electric T700
General Electric awarded engine contract 10/17, p. 24
General Electric TF34-GE-400
TF34 being modified to dual function 1/24, p. 60
International Aero Engines V2500
Pratt, Rolls launch new turbofan 11/7, p. 28
Rolls-Royce asks clarification of V2500 engine export limits 11/7, p. 30
Larzac 04 C20
Larzac flight tests begin 1/17, p. 23
Larzac 04 C20 finishes tests 4/18, p. 161
Pratt & Whitney F100
USAF rejects firm's multiyear acquisition proposal for F100 2/21, p. 24
F100 engine derivative has increased airflow 4/4, p. 19
Engine pricing errors 7/18, p. 24
F100 evaluation to verify high-performance 10/24, p. 71
Pratt & Whitney JT8D-15
Delta expands JT8D engine improvements 4/25, p. 35
Pratt & Whitney JT9D-7R4
FAA requires JT9D-7R4 modifications 10/10, p. 33
Pratt & Whitney PW2037
PW 2037 engines complete extra test cycles 1/31, p. 58
Boeing flight testing Pratt & Whitney PW2037 powerplant 4/18, p. 62
PW2037 tests 5/30, p. 137
Singapore buys P&W engines for new fleet 8/8, p. 27
Pratt & Whitney inspecting components of first production PW2037 powerplant 10/24, p. 30
Pratt & Whitney PW4000
PW4000 uses JT9D, new technology 3/28, p. 43
Pratt & Whitney TF30-P-3
Aero Propulsion Laboratory evaluates engine with fuel derived from shale oil 9/5, p. 56
Pratt & Whitney of Canada JT15D-4
Artists paints with jet exhaust 2/21, p. 79
RPM Thunder
Certification nears for Thunder engine 5/30, p. 273
Rolls-Royce Dart Mk. 530
Dart directives extended to Mk. 530 engine 5/16, p. 24
Rolls-Royce GEM 41
Digital engine controls tested on Lynx helicopter 1/17, p. 116
Rolls-Royce Marine Spey
Rolls-Royce Spey engines being produced for British and Japanese navies 3/21, p. 54
Rolls-Royce Pegasus 2
Rolls begins test series on PLenum chamber burning 11/14, p. 198
Rolls-Royce RB.211
MTU to begin overhauling Rolls-Royce powerplants 4/25, p. 151
Rolls-Royce RB.211-524
Rolls investigating RB.211 fan shaft failure 1/31, p. 30
Rolls-Royce RB.211-524D4
Qantas engine choice 10/17, p. 32
Rolls-Royce RB.211-535C
Rolls deliveries first engines for Monarch airlines 757s 1/10, p. 82
Rolls changing engine marketing plan 4/4, p. 56
Rolls-Royce RB.211-535E4
Boeing will test RB.211-535E4 in 747 testbed 7/11, p. 27
Boeing delays RB.211 flight tests 8/8, p. 32
Boeing flies 757 RB.211 engine on 747 testbed 8/29, p. 29

Rolls-Royce will begin deliveries of RB.211-535E4 engines in December 11/7, p. 75

Rolls-Royce RB.211-600
Rolls-Royce proposes PW4000 competitor 4/18, p. 33

Rolls-Royce Tay
First order launches Rolls-Royce Tay 3/21, p. 59
Rolls-Royce awaits Fokker order for Tay engine 3/21, p. 61

Rolls-Royce/Turbomeca RTM 322-01
Three-nation consortium plans new engine family 5/30, p. 267

Turbo-Union RB.199
Follow-on RB.199 engine to be defined 3/7, p. 49
Performance guarantees 3/7, p. 50

Turbomeca Astafan 4G2
Teledyne finishes static tests of convertible Astafan engine 8/15, p. 51

PROPULSION
Stage assessment 4/18, p. 129
French plan tests of prop fan 7/11, p. 57
Companies developing propulsion module 9/26, p. 82
Manufacturer builds mockup of propfan 11/14, p. 153

RADAR
F-20 radar uses modular hardware 2/7, p. 87
Satellite link to speed evaluation of F-16 radar 2/14, p. 111
Plessey naval surveillance radar antenna tested in Canada 3/14, p. 100
Rivalries intensify for NATO air defense radar contracts 3/28, p. 24
FAA cancels VOR weather program 3/28, p. 38
Selenia, Sperry Rand plan to develop longrange radar for NATO 4/4, p. 20
Italian company awarded radar contract 4/11, p. 60
Plessey to build advanced NATO radar 4/18, p. 166
United to alter radar to spot turbulence 4/18, p. 196
FAA to shift terminal radar control function 4/18, p. 44
Airborne radar adapted for Divad use 4/25, p. 154
Israel inventory includes new radars 7/4, p. 69
Low-altitude radar developed by Dassault 7/18, p. 127
Joint radar production 7/25, p. 46
France tests holographic radar 8/8, p. 18
Egypt modernizing its IFF system 8/15, p. 141
Radar production talks in final stages 8/15, p. 141
Radar antenna problem cited in Soyuz rendezvous failure 8/15, p. 24
U.S. scrutinizing new Soviet radar 8/22, p. 19
Army deploying Firefinder radars in Lebanon 9/5, p. 26
Westinghouse evaluating its APQ-164 radar on BAC 111-400 testbed 9/12, p. 100
747 radar 9/12, p. 27
Naval radar contract 9/12, p. 95
Laser radar contract 10/3, p. 18
Northern Pacific radar 10/3, p. 33
Air Force installs color weather radar on C-5A 10/17, p. 110
Soviet radar records Venus surface imagery 10/24, p. 18
Mobile Hawk radar tests 10/24, p. 56
Mode-S transponders 11/7, p. 33
USAF using balloon-borne radar system 11/14, p. 215
Thomson-CSF develops phased array radar for missile 11/28, p. 153
NATO cites radar, radio link priorities 12/5, p. 173

RADIATION
Rockwell International develops system for detecting airborne radiation 4/18, p. 77

REMOTE MANIPULATORS
Second remote manipulator arm arrives at Kennedy 3/14, p. 87
Challenger to use Columbia manipulator arm 6/13, p. 17
Orbiter deploys, retrieves SPAS 6/27, p. 14

RESCUE
Company develops unitized medical equipment 2/21, p. 76
Beacon false alarms create problem 2/28, p. 76
Helicopters outfitted for ambulance airlift 5/9, p. 63

ROBOTICS
Robotic device may have applications in aerospace 4/4, p. 59
Agencies' plan may advance robotics 4/18, p. 87
Robotic sales 4/18, p. 87
Vision sensors expanding industrial robot flexibility 5/30, p. 139
Robots assist in turbine blade coating 7/18, p. 85
Robot paints aircraft, missile components at Ogden Center 11/28, p. 122

ROCKET MOTORS
Rocket engine contract 2/28, p. 18
New Challenger engine cracks found 3/7, p. 23
Shuttle engine repair work begun at Kennedy 3/14, p. 91
U.S., French companies produce advanced technology solid propellant space motor 3/14, p. 94
Test clears new shuttle motors for use 3/28, p. 19
Challenger launch proves advanced main engines 4/11, p. 22
IUS malfunction under evaluation 4/18, p. 27
NASA to seek redesign of shuttle engine parts 4/25, p. 115
Shuttle 6 reused solid motor hardware 4/25, p. 116
U.S., France evaluate engines 5/30, p. 163
NASA to recompete booster refurbishment 5/30, p. 297
Inquiry cites control system in IUS anomaly 5/30, p. 53
Shuttle missions and engines 7/4, p. 9
New propulsion systems shown 7/25, p. 57
Shuttle to use high performance motors 8/22, p. 153
Arnold tests solid hydrocarbon fueled ducted rocket ramjet 8/29, p. 62
Company building X-ray computed tomography system 9/12, p. 72
Company building booster components for space shuttle launches 9/19, p. 71
NASA booster contract 9/26, p. 74
Nozzle heat led to IUS stage failure 9/26, p. 89
Arnold Test Center evaluating ducted rocket powerplant 12/5, p. 163
USAF conducts instrumented IUS motor firing 12/12, p. 26

SAFETY
Accident Prevention
Helms informs House units on initiatives 1/24, p. 26
Boeing changing 767 escape slide latches 1/31, p. 32
Wind shear study 3/28, p. 32
NTSB urges fuel tank, procedure changes 3/28, p. 59
Emergency landing 4/25, p. 33
FAA reviewing snow-removal rules, brake action reporting 5/2, p. 34
Goodyear develops antiskid brake control 5/30, p. 179
Republic testing shear system 6/4, p. 78
FAA drafts changes in fire rule 7/4, p. 28
Firemen seek hearings on FAA safety effort 7/4, p. 29
FAA studies deicing to aid survivability 7/11, p. 28
Planned 720 crash to benefit safety 7/11, p. 28
ALPA chief warns losses may affect safety 7/11, p. 35
Companies display helicopter warning systems 7/18, p. 125
Government, users to study beacon problem 7/25, p. 14
Air Force studies lightning strikes on electrical systems 7/25, p. 50
Smoke detector issue raised at hearings on DC-9 fire 8/22, p. 30
Raft inflation problem disrupts United overwater 747 service 9/19, p. 32
T/CAS faces operational tests on Boeing 727 9/26, p. 143
Goodrich seeking raft leak causes 9/26, p. 49
Electromagnetic deicing 10/24, p. 71
Controllers tell Congress of safety concerns 11/7, p. 36
Congressmen criticize FAA in cabin safety issue 11/14, p. 132
FAA proposes A300 slat, flap system checks 11/14, p. 137
Douglas asks F/A-18 engine mount checks 11/21, p. 21
Twin-engine overwater safety reviewed 11/28, p. 41
FAA drafts smoke detector rule 12/12, p. 28
Panel in House critizes FAA on improving safety standards 12/12, p. 30
Accident Report
Tire failure cited in DC-10-30 accident 5/9, p. 73
Tire wear studied in Heathrow accident 5/16, p. 77
British set guidelines for tire usage 5/30, p. 369
NTSB issues safety recommendations 5/30, p. 383
Accidents
NTSB investigates three fatal accidents 1/17, p. 33
Snowstorm aid runway friction study 2/21, p. 26
Wheels-up landing 2/21, p. 27
Fatal airline accidents rose in 1982 3/7, p. 58
Vote in Senate fails to ratify Montreal protocols on liability 3/14, p. 264
NTSB cites wind shear in New Orleans accident 3/28, p. 32
Military accident rate drops in 1982 4/18, p. 199
FAA releases Eastern flight 855 transcript 5/16, p. 30
Pan Am, U.S. accept crash liability 5/23, p. 28
Helicopter crash caused by tie bolt 5/30, p. 371
NTSB DC-9 investigation focuses on electrical fire 6/13, p. 34
Smoke incident 6/13, p. 34
Air Canada controller radio transcript 6/13, p. 35
Blue Impulse leader cited in crash 6/20, p. 25
NTSB investigates JT8D engine failure 6/20, p. 32
Crash cause 6/27, p. 25
Air Canada 767 lands dead-stick after flameouts 8/1, p. 25
DC-9 recorder reveals arcing sounds 8/8, p. 30
Metric errors blamed for 767 flameout 8/8, p. 30
British S-61 crash investigators focus on final descent profile 8/8, p. 32
Lightning mishaps 8/15, p. 49
Transamerica crash 9/19, p. 39
British investigate Tornado crash 10/10, p. 30
Crew disciplined 10/10, p. 36
Airlines oppose ICAO recorder plans 10/17, p. 34
Officials seek cause of Avianca 747 crash 12/5, p. 28
Pilots revive complaints after Madrid crash 12/12, p. 30

SAILPLANES
Team attempting high-altitude record in modified sailplane 11/21, p. 42

SATELLITES-INTERNATIONAL
Antisatellites
Soviet antisatellite treaty raises verification issue 8/29, p. 20
Argentina
Go-ahead decision due in April on Argentine satellite program 4/4, p. 20
Canada
Canada defining communications satellite 11/21, p. 74
China
China urges broadcast system 11/21, p. 76
Europe
Europeans exhibit communication concepts 11/28, p. 145
France
French completing first Telecom satellites 7/25, p. 56
French deliver Solar arrays to Matra for use on Telecom 1 spacecraft 9/5, p. 73
French to decide on TV satellite 11/28, p. 31
General
Conference sets bands, orbital slots 8/8, p. 49
Television service 10/3, p. 130
Germany
Shuttle will fully deploy German pallet 2/21, p. 67
India
Second Indian satellite completes tests 4/25, p. 21
Challenger deploys Indian spacecraft 9/5, p. 22
Italy
Italian consortium completing engineering design of satellite 6/6, p. 88
Japan
Japanese plan 30/20 GHz satellite service 1/31, p. 23
Japan plans observation satellite launch 10/31, p. 62
Japan readies BS-2 broadcast family 12/5, p. 137
Luxembourg
Luxembourg satellite slot 10/3, p. 130
Sweden
ESA to test Swedish Viking satellite in Holland 5/30, p. 102
USSR
Soviets launch 12 space missions 6/20, p. 22
Soviet Gamma 1 satellite set for 1985 launch 10/17, p. 20
Soviets prepare for new frequency use 10/24, p. 24
Intersputnik ground station provides minimal service 11/21, p. 75

SATELLITES-INTERNATIONAL-CONSORTIUM ECS-1
Eutelsat group takes control of ECS-1 satellite operations 10/31, p. 22
Eumetsat
Europeans form new satellite organization 3/28, p. 21
Europe
British extending lifespan of satellites 3/21, p. 68
Exosat
ESA attempts to recoup Ariane delays 2/14, p. 113
Exosat launched on Delta vehicle 5/30, p. 54
ESA's Exosat providing data on X-ray sources 7/4, p. 62
Inmarsat
Soviets marketing Proton in the West 6/20, p. 18
Inmarsat adds Proton to booster list 8/1, p. 16
Inmarsat seeks proposal for new satellite network 8/8, p. 20
Soviets provide data to guide Inmarsat in launcher decision 8/8, p. 22
Inmarsat's Lundberg envisions broader organization services 11/28, p. 151
Intelsat
Intelsat approves 5A spacecraft modification 4/4, p. 48
Intelsat finds threat in transoceanic diversion 5/2, p. 19
British Aerospace installs new test chamber for Intelsat 5/30, p. 123
Intelsat demand 6/13, p. 27

Intelsat delays Ariane launch 9/19, p. 28
New service requires satellite changes 10/10, p. 77
Intelsat studies antenna farm platform 11/28, p. 143

Oscar 10
European radio satellite hit after Ariane separation 7/25, p. 25
Amsat seeking low cost launch for relay satellite 9/26, p. 139

Sarsat-Cospas
Soviets widening SAR system coverage 4/18, p. 136
Space-based rescue system to expand 7/18, p. 99

Solar Panel
Solar panel contract 9/26, p. 89

Spot Earth Resources Satellite
Spot image data 10/24, p. 77

TERS
Netherlands, Indonesia discuss Joint Earth Resources Satellite 10/24, p. 24

SATELLITES-U.S.
SBS-3 satellite 5/23, p. 26

ACTS
NASA plans test Satcom 12/12, p. 16

Antisatellites
Antisatellite weapon entering test phase 3/21, p. 18
Space command seeks Asat laser 3/21, p. 18
Asat test opposed 3/21, p. 19
Authorization bill amendment would ban antisatellite tests 7/25, p. 18

Block 1
Rockwell builds composite satellite structure 11/28, p. 138

Block 52-D
RCA spacecraft orbited 1/3, p. 20

Commercial
Comsat plans to release documents now withheld 1/3, p. 50
Western Union sells Spacecom interest 1/31, p. 25
Optical fiber threatens satellite role in voice links 1/31, p. 62
RCA designs direct broadcast satellite 3/7, p. 47
Comsat alters accounting to avoid corporate split 3/21, p. 75
Reports critcize plans to sell satellites 4/4, p. 48
Panels drawn from federal agencies 4/4, p. 49
Satellite venture formed 4/18, p. 137
Locator satellite planned 4/18, p. 139
Congress firming position on satellite sale proposal 4/18, p. 30
Comsat confirms job contacts with satellite transfer official 4/25, p. 25
SBS venture 5/16, p. 25
Communications reliability under study 5/23, p. 99
FCC approves Comsat financing plan 6/20, p. 53
Comsat division to revise rate structure 6/20, p. 55
Satellite television plans service in 1984 6/20, p. 56
Comsat seeks service wholesaler role 7/11, p. 52
Satcom IR tests 7/18, p. 22
SBS equity rises 7/25, p. 18
Sale of Galaxy channels stabilizes fees 7/25, p. 56
Spacecom ownership 7/25, p. 56
Cyrus Corp. funds satellite service center 8/29, p. 78
Commerce readies satellite proposal request 9/5, p. 26
Users oppose weather service cuts 9/5, p. 63
Investor team acquires control of Mobilsat 9/5, p. 67
Comsat studies means to cut expenses 9/5, p. 78
Satellite sale 10/31, p. 24
Company files for international station 11/7, p. 56
Comsat selects earth station supplier 11/7, p. 57
House rejects sale of satellites to industry 11/21, p. 18
Comsat divestiture 11/28, p. 22

Commerical
Report criticizes Landsat commercialization 5/9, p. 18

Communications
NASA forecasts Satcom capacity saturation 4/18, p. 139
FCC approves launch of 19 new Satcoms 5/9, p. 60
Communication satellites given new orbital slots 8/22, p. 25
AT&T seeks eased satellite regulation 8/29, p. 27
Private firm seeks transatlantic slots 9/5, p. 73
Skylink files to provide mobile service 10/3, p. 130
FCC approves video transponder lease 10/10, p. 81
Group to build earth station in New York 11/21, p. 77
Spacecraft transmits engineering plans 11/28, p. 143

Earth Radiation Budget Spacecraft
Earth Radiation Budget Spacecraft being prepared for 1984 shuttle launch 9/12, p. 77

Earth Remote Sensing Satellite
Satellite sale opponents finding support 10/3, p. 18
Senate resolution opposes satellite sale 10/17, p. 19

Earth Remote Sensing Spacecraft
Space America to launch stereoscopic earth sensor 9/26, p. 87

GOES
GOES satellite photographs Hurricane Alicia 8/22, p. 23

GOES 6
GOES 6 launched as Delta payload 5/9, p. 15

Galaxy
Hughes Galaxy files to develop satellite array 5/9, p. 60
Hughes launches first of four Galaxy relays 7/11, p. 53

Galaxy 1
Company sells two Galaxy 1 transponders 11/21, p. 15

Galileo
JPL working Galileo spacecraft 9/5, p. 63

General
Reagan orders satellite sale 3/14, p. 263
Orbital slot bid 3/21, p. 75
Hughes to build Florida satellite factory 11/21, p. 14

HS 393, 394, 399
Hughes' designs aim at future markets 11/7, p. 55

Hilat
Ionospheric research satellite carries experiments 7/18, p. 101
Satellite produces ultraviolet imagery 9/26, p. 135

IRAS
IRAS launched 1/31, p. 23
IRAS gaining longer life in space 2/28, p. 21
British laboratory scans IRAS data 2/28, p. 22
IRAS project overcoming system design obstacles 2/28, p. 59
IRAS detecting spectral colors of elements in distant galaxies 3/28, p. 56
Infrared astronomical satellite produces Andromeda image 5/30, p. 247
IRAS aids star formation study 5/30, p. 333
Astronomical satellite detects new star 7/11, p. 52
NASA verifies solid objects orbit Vega 8/29, p. 78
IRAS finds new features in deep space 11/14, p. 27
Helium coolant loss ends IRAS sky survey mission 11/28, p. 26

Insat 1B
Insat-1B solar array 9/12, p. 29
Insat 1B solar array positioned for use 9/19, p. 14
Insat 1B satellite becomes operational 10/31, p. 22

KH-9
Recon satellite 4/25, p. 21

Landsat
Landsat power loss 4/11, p. 28
Report criticizes Landsat commercialization 5/9, p. 18
Landsat images reveal rock type 6/20, p. 48
Landsat failures spur shuttle plan for repair 8/1, p. 12
University proposes to build Landsat payload 10/17, p. 22
Landsat funding 10/31, p. 23
Bendix to join Space Services' Landsat unit 11/21, p. 24
Landsat views Soviet rescue in Arctic ice 11/28, p. 24

Landsat 4
Landsat 4 gathers geologic detail 1/31, p. 40
Landsat 4 boosts remote sensing uses 2/7, p. 77
Landsat loses thematic mapper transmitter 2/28, p. 16

Laser Intelligence Satellites
Laser intelligence satellite 8/29, p. 20

Leasecraft
Fairchild, NASA sign Leasecraft pact 9/26, p. 33

Milstar
Lockheed to develop Milstar control segments 3/7, p. 22
Lockheed to develop Milstar control segments 3/7, p. 22
Orbital survivability of Milstar, Navstar vital to defense effort 3/14, p. 95
Lockheed awarded Milstar system contract 7/25, p. 20

Mobile Satellite
NASA studies shift in Mobile Satellite effort 10/10, p. 81

NOAA
Explosive events seen on Soviet island 9/26, p. 31
NOAA-7 satellite images hurricane Alicia 10/3, p. 21

NOAA-8
NASA attempts to stabilize new atmospheric satellite 4/4, p. 22

Navstar
Orbital survivability of Milstar, Navstar vital to defense effort 3/14, p. 95
Navstar award 5/30, p. 338
Defense Dept. boosts civil Navstar precision 6/27, p. 24
USAF awards multiyear contract in Navstar buy 7/11, p. 45

Radar Callibration Satellite
Group developing radar callibration satellite 12/5, p. 76

SBS 5 and 6
SBS line of credit 9/5, p. 27

SBS-3
Murdoch leasing space on SBS-3 satellite 5/23, p. 26

Satcom
Satcom filings crowd orbital capacity 3/14, p. 104
Fixed Satcom operators try innovative marketing 3/14, p. 107
Satcom 1R launch 4/18, p. 27

Satcom 3
Satcom 3 debris 3/28, p. 14

Solar Maximum
NASA selects Solar Max repair crew 3/7, p. 25

Spacenet
RCA antenna on Spacenet satellite 12/5, p. 22

Superset
Ford Aerospace develops new satellites 11/7, p. 55

TDRS
Loss of TDRS-A averted by joint action 4/11, p. 19
TDRS orbital shift delayed pending study 4/18, p. 26
Team readies plan for TDRS orbit shift 4/25, p. 24
IUS malfunction may delay launch of second TDRS 5/2, p. 18
TDRS thrusters readied for geostationary shift 5/9, p. 16
TDRS awaits launch from Challenger 5/9, p. 50
TDRS achieves decisive thruster burn 5/16, p. 26
TDRS-A managers attempting cooler, longer thruster burns 5/23, p. 20
NASA delays deployment of TDRS-2 6/13, p. 117
Officials revise TDRS-A propellant estimate 6/20, p. 21
Controllers ease TDRS into proper orbit 7/4, p. 17
NASA weighs TDRS checkout options 7/25, p. 22
Goddard urges keeping Delta TDRS option 8/1, p. 14
TDRS testing delays next shuttle launch 8/1, p. 15
TDRS relays data 8/15, p. 27
Shuttle Mission 8, set for night launch, will verify TDRS operation 8/22, p. 150
TDRS relay intermittent, ground link suspected 8/22, p. 20
Pre-mission 8 tests completed on TDRS-A 8/29, p. 25
TDRS demonstrates capability to track shuttle automatically 9/19, p. 44
TDRS failures may result in legal battle 11/28, p. 29

TDRSS
TDRSS deployment involves complex operations 1/17, p. 88
TDRSS technical service 3/7, p. 46
Storm causes second TDRSS problem 4/4, p. 16
NASA considers Delta stages for shuttle launch on TDRSS 7/11, p. 18
TDRSS efficiency exceeds expectations 12/5, p. 21

Teal Ruby
USAF postpones Teal Ruby launch 6/13, p. 121

Telstar 301
AT&T begins testing Telstar payload 8/8, p. 21

SATURN
U.S. presses Europeans for Saturn decision 6/20, p. 51

SEMICONDUCTORS
State Dept. takes VHSIC export authority 7/18, p. 25
VHSIC 10/31, p. 26

SENSORS
Airborne sensor facility 2/7, p. 89
Low airspeed sensor to aid flight safety 5/2, p. 79
Vision sensors expanding industrial robot flexibility 5/30, p. 139
British supporting remote sensor program 5/30, p. 149
Aerojet building microwave sensors for USAF 7/25, p. 48
Inertial sensor utilizes Coriolis effect 10/10, p. 89
Aireye sensors aid Coast Guard patrols 10/31, p. 80
AHIP sight 11/7, p. 25
Spacelab 1 to fly large earth sensors 11/21, p. 54

SIMULATORS AND TRAINERS
Thomson-CSF readying IL-86 simulator 1/3, p. 23
Designers of aircraft turning to new analytical tools 1/17, p. 42
Boeing gains real-time flight data 1/17, p. 45
General Dynamics building new facility 1/17, p. 52
Rockwell B-1B design to be studied in new cab 1/17, p. 52

Lockheed to simulate maritime patrol missions 1/17, p. 53
Flight envelopes widened at NASA's Dryden facility 1/17, p. 56
Real-time scenarios aid McDonnell weapons work 1/17, p. 57
McDonnell Douglas using 'idea' computers 1/17, p. 61
Ames expands rotorcraft capability 1/17, p. 65
Grumman's computer facility aiding early airframe design 1/17, p. 72
Mathematical model speeds F-20 tests 1/17, p. 72
Computer models cut USAF test costs 1/17, p. 77
Twin-dome mockup aids in design of fighter 1/17, p. 82
Dassault considers simulator basic tool 1/17, p. 86
IFR simulator replaces training hood 1/24, p. 67
Simulator recreates realistic weather 1/31, p. 69
Link sees no "significant" growth pattern 1/31, p. 73
GAO finds simulators used inefficiently 2/21, p. 72
Beech orders turbine aircraft simulators 2/28, p. 64
Sogitec pushes simulator advances 3/14, p. 217
Pilots cite helicopter simulator 3/14, p. 225
Triad simulator offers pilots realistic helicopter training 3/21, p. 79
C-130 mission simulator realism cited 3/21, p. 96
On-board simulation system accelerated IFFC flight tests 4/11, p. 48
Company links simulator to helicopter for pilot training 4/18, p. 93
Image system to unite computer, video 5/16, p. 70
Simplified cockpit simulator developed 5/23, p. 107
Worldwide simulator market growing 5/30, p. 205
Acoustic training systems 5/30, p. 211
Delta using 767 procedures 5/30, p. 219
Back-lit photographs used to simulate cockpit 6/13, p. 123
Group displays shuttle orbiter simulator in Tokyo 7/11, p. 53
Systems simulator to cut flight testing 8/29, p. 80
NASA completes new transonic unit 9/26, p. 103
Firms combining classes, simulators in pilot training 10/3, p. 90
Visual systems refine flight simulation 10/17, p. 105
Pilot station mockup built for displays evaluation 11/7, p. 80
Companies developing Tornado flight simulator 11/7, p. 85
737 simulator receives Phase 1 approval 11/14, p. 195
Computer enhances simulator realism 11/14, p. 205
Airbus A300-600 simulator readied for delivery 11/21, p. 29
Fixed-base simulator aiding transport cockpit design 11/21, p. 30
Sogitec delivers military simulator to Jordan 12/12, p. 66

SINGAPORE

Singapore buys P&W engines for new fleet 8/8, p. 26
Singapore Airlines renews fleet with 16 aircraft order 10/17, p. 46
Bell helicopter establishing Singapore facility 10/31, p. 27

SOUTH AFRICA

Exports to South Africa face more limits 11/21, p. 51

SPACE SHUTTLE

NASA studies gas problem on Challenger 1/3, p. 21
Mission 6's EVA to verify capability 1/3, p. 47
Physicians added to two shuttle crews 1/3, p. 50
Australian to fly shuttle mission 1/3, p. 51
Hercules producing case section for shuttle 1/3, p. 58
Shuttle 6 to verify program elements 1/10, p. 42
Air bags support orbiter Enterprise during testing 1/17, p. 100
Second Challenger main engine test set 1/17, p. 24
Shuttle managers divided on launch delay decision 1/17, p. 24
TDRSS deployment involves complex operations 1/17, p. 88
Combined NASA, defense budget studied on shuttle 1/24, p. 28
NASA broadens shuttle engine assessment 1/24, p. 28
Shuttle 7 planned for Kennedy landing 1/24, p. 29
Third shuttle backpack 1/24, p. 29
Third shuttle vehicle to use blanket insulation 1/24, p. 57
Stage development 1/31, p. 24
Challenger processing halted for engine gas leak probe 1/31, p. 25
Shuttle payloads to study seeds, snow, processing 1/31, p. 46
Shuttle 6 rescheduled for mid-March 2/7, p. 28
Challenger's engine problems force further launch delay 2/14, p. 23
NASA might display shuttle at Paris Air Show 2/14, p. 24
Leak forces second shuttle engine replacement 2/21, p. 23
Shuttle will deploy German pallet 2/21, p. 67
NASA plans infrared devices for communications in shuttle 2/21, p. 69
Shuttle engine problems spark broad review 2/28, p. 18
Rocketdyne evaluating test procedures 2/28, p. 19
Shuttle schedule recovery plan approved 2/28, p. 20
NASA to test shuttle parachute system 2/28, p. 61
New Challenger engine cracks found 3/7, p. 23
Rocketdyne analyzing fuel line problem 3/7, p. 23
NASA selects Solar Max repair crew 3/7, p. 25
NASA selects shuttle 11, 12 crews 3/7, p. 44
USAF, NASA to reduce shuttle costs 3/7, p. 45
Contamination causes further shuttle delay 3/14, p. 255
Soviets building heavy shuttle 3/14, p. 255
Shuttle tile replacement evaluated 3/14, p. 85
Shuttle engine repair work begun at Kennedy 3/14, p. 91
NASA aiming for early April shuttle launch 3/21, p. 20
NASA sets medical privacy rule 3/28, p. 14
Shuttle payloads to be protected on pad 3/28, p. 16
Test clears new shuttle motors for use 3/28, p. 19
Shuttle biological unit cleared for mission after inspection 3/28, p. 24
Challenger joins the fleet 4/11, p. 11
Space command tracked external tank 4/11, p. 20
Challenger launch proves advanced main engines 4/11, p. 22
Cause of German payload failure determined 4/11, p. 24
Launch countdown cited as smoothest in 20 years 4/11, p. 24
Mission 6 EVA clears way for untethered operations 4/11, p. 25
Shuttle 6 reentry aids program data base 4/18, p. 18
Astronauts conduct first shuttle EVA 4/18, p. 21
Quilted insulation layer damaged on Challenger 4/18, p. 25
NASA to seek redesign of shuttle engine 4/25, p. 115
Shuttle 6 reused solid motor hardware 4/25, p. 116
New shuttle motor set for Mission 8 4/25, p. 119
Mission 6 logs few anomalies 4/25, p. 123
NASA plan speeding Challenger recovery 4/25, p. 20
Shuttle processing bids due this week 4/25, p. 20
NASA considers Europe tour of shuttle orbiter Enterprise 5/2, p. 15
Shuttle processing falls behind schedule 5/2, p. 18
NASA considers coal gasification plant to produce shuttle fuel 5/2, p. 86
P-3C Orion photographs falling booster 5/2, p. 89
USAF tests shuttle launch sound-suppression system 5/9, p. 16
NASA sets June 16 for seventh shuttle launch 5/9, p. 17
Study opposed to commercial operation of space shuttles 5/9, p. 18
Enterprise's tour to focus on joint space activities 5/9, p. 22
TDRS awaits launch from Challenger 5/9, p. 50
Shuttle 7 to fly approaches to payload 5/9, p. 51
An upper stage alternative 5/9, p. 9
Seventh shuttle mission set for June 18 5/16, p. 25
Shuttle 7 to carry multinational payload 5/16, p. 52
Orbiter Enterprise starts European tour 5/23, p. 17
NASA standardizes shuttle landing procedures 5/30, p. 249
Final approach photographed from inside Challenger 5/30, p. 295
Mideast area photographed by shuttle 5/30, p. 324
Vandenberg facility planned to support shuttle operations 5/30, p. 338
Shuttle crew hones skills in Gulfstream 6/6, p. 65
Shuttle officials study Orlando as alternate landing facility 6/6, p. 78
House unit acts on space telescope, shuttle 6/6, p. 87
USAF, Boeing share IUS processing procedures 6/6, p. 87
Mission 7 astronauts prepare for launch 6/13, p. 117
Defense managers cancel space Mission 10 6/13, p. 16
Challenger to use Columbia manipulator arm 6/13, p. 17
Countdown for Mission 7 launch will begin June 16 6/13, p. 18
Thunderstorms slow shuttle processing 6/13, p. 18
Shuttle, carrier draw crowds during London stopover 6/13, p. 25
Promoting the shuttle 6/20, p. 13
Options studied to insure SPAS-01 shuttle payload 6/20, p. 26
APU malfunction affects mission planning 6/27, p. 17
NASA plans alternate landing sites 6/27, p. 17
Shuttle 7 improves precise deployment of satellites 6/27, p. 18
Ascent flown with higher load profile 6/27, p. 19
Countdown accomplished without flaws 6/27, p. 20
Shuttle reservation 7/4, p. 18
Shuttle landing shift shows flexibility 7/4, p. 19
Edwards landing used contingency support 7/4, p. 21
Rockwell nears completion of third space shuttle orbiter 7/4, p. 63
Shuttle missions and engines 7/4, p. 9
NASA considers Delta stages for shuttle launch on TDRSS 7/11, p. 18
Strike craters shuttle windshield, forces replacement 7/11, p. 18
Shuttle, SPAS, Satcoms fly separately 7/11, p. 37
Researchers study shuttle vortex shedding patterns 7/11, p. 49
Group displays shuttle orbiter simulator in Tokyo 7/11, p. 53
Mid-August launch of orbiter planned after rapid processing 7/18, p. 104
IUS delayed for analysis of problem 7/18, p. 24
Space shuttle processing—first seven flights 7/25, p. 22
Shuttle windshield damaged by debris in space 8/1, p. 15
Challenger rollout 8/8, p. 17
NASA ponders reversing shuttle missions 12 8/8, p. 19
Extended Mission 8 count will assist cell experiment 8/15, p. 25
Shuttle crew trains for night landing 8/15, p. 55
Experiment will measure oxygen effects 8/15, p. 60
Shuttle Mission 8, set for night launch, will verify TDRS operation 8/22, p. 150
Mission 8 experiments involve living cells 8/22, p. 152
Shuttle to use high performance motors 8/22, p. 153
Eighth space shuttle mission to orbit scientific payloads 8/22, p. 160
NASA to store Columbia for two years 8/22, p. 21
Workers place ESA Spacelab in Columbia 8/29, p. 79
Shuttle launch verifies thrust margins 9/5, p. 21
Challenger deploys Indian spacecraft 9/5, p. 22
Astronauts photograph southern hemisphere 9/5, p. 23
Shuttle countdown displays flexibility 9/5, p. 24
Sandia tests impact of nose cone, simulating that of space shuttle boosters 9/5, p. 65
Lockheed team wins shuttle contract 9/12, p. 30
Night shuttle descent offers new data 9/12, p. 30
NASA gains confidence in night landings 9/12, p. 31
Shuttle Mission 8 astronauts photograph reentry phenomena 9/19, p. 20
Beggs ends plan to store shuttle orbiter 9/19, p. 28
Mission 8 completes multiple objective 9/19, p. 41
Company building booster components for space shuttle launches 9/19, p. 71
Managerial plan pivotal in shuttle award 9/26, p. 28
NASA canceling shuttle Mission 12 9/26, p. 28
Shuttle delivery delayed by thermal system work 9/26, p. 30
Contractor delivers manned maneuvering units 9/26, p. 79
Shuttle for Mission 9 rolls out amid concerns 10/3, p. 19
Shuttle processing 10/10, p. 29
Spacelab 1 to establish scientific utility 10/10, p. 49
Space agency tests new shuttle booster parachute 10/10, p. 55
Tank impact sites change shuttle abort procedures 10/10, p. 55
NASA weighs launch options after scale booster test firing 10/17, p. 22
Orbiter rollback, disassembly begins Spacelab 1 recovery 10/24, p. 16
ESA offers Eureca platform for shuttle 10/24, p. 75
Study assesses shuttle's impact on NASA 10/31, p. 21
Shuttle contract to Italy 10/31, p. 23
Shuttle crew to use blood monitor during 1984 flight 10/31, p. 63
Shuttle may aid in space weapons test 10/31, p. 74
Columbia undergoes pre-rollout activities 11/7, p. 21
NASA, ESA set to launch shuttle/spacelab Nov. 28 11/7, p. 21
SPAS team to compete with Landsat 11/7, p. 22
SPAS 01 payload scans South America 11/7, p. 62
Shuttle orbiter Discovery transported from Edwards AFB to Kennedy Space Center 11/14, p. 25
Hardware problems surface on shuttle 11/14, p. 36
Mission 9 astronauts to use home computer 11/21, p. 25
Spacelab 1 to fly large earth sensors 11/21, p. 54
Mission 9 managers strive for efficiency 11/21, p. 58

Countdown for Mission 9 follows standard timing 11/21, p. 65
Mission 12 slot canceled 11/21, p. 65
NASA studies new shuttle crew station 11/28, p. 137
New module to orbit satellites 11/28, p. 139
Spacelab returns broad scientific data 12/5, p. 18
Mission extension 12/5, p. 20
Countdown shows operational maturity 12/5, p. 21
Crewmember workload 12/5, p. 23
Fuel cells tested for higher output 12/5, p. 23
Mission 9 ascent required high level of maneuvering 12/5, p. 23
NASA selects shuttle crews 12/5, p. 80
Columbia lands with spacelab despite computer malfunctions 12/12, p. 23
White House edict annoys shuttle participants 12/12, p. 23

SPACE STATIONS, PLATFORMS, STRUCTURES

Soviets launch module to enlarge Salyut 7 3/7, p. 19
Space station pivotal in NASA future 3/14, p. 93
Committee forsees benefits in space station 4/18, p. 131
USAF has no present space station need 4/18, p. 25
NASA defines initial station missions 5/30, p. 324
Keyworth urges definition of space station objective 7/4, p. 25
NASA chief forsees space station approval 7/25, p. 18
Soviet space station tug fitted with large reentry module 7/25, p. 20
Military cautious on space station role 7/25, p. 21
Reagan briefed on space station 8/8, p. 16
Space objects strike Salyut window 8/8, p. 20
Defense Dept. studies aid space station 10/3, p. 19
Spacelab to study astronomy, physics 10/17, p. 73
Spacelab managers study science options 10/24, p. 16
ESA pursuing space station role 12/5, p. 16

SPACE TECHNOLOGY

Australia
Australian to fly shuttle mission 1/3, p. 51

Canada
4,100 apply to be Canadian astronauts 8/29, p. 25
Canada defining communications satellite 11/21, p. 74

China
China orders Landsat ground facility 1/31, p. 21
China plans upgraded satellite network 11/21, p. 71

Europe
ESA marketing data dissemination system 1/3, p. 51
ESA considers proposals for new science mission 1/10, p. 56
Strap-on boosters will improve Ariane lift capabilities 1/10, p. 58
ESA attempts to recoup Ariane delays 2/14, p. 113
ESA switches Exosat from Ariane to Delta 2/28, p. 26
18-mission plan for Ariane resumes pace of program 3/7, p. 19
ESA reevaluating Spacelab options 3/7, p. 26
ESA advancing into commercial phase 3/14, p. 100
Europeans building new launch site for Ariane at Kourou, French Guiana 3/14, p. 101
Pump overheat stops Ariane test firing 4/18, p. 139
ESA studies launch of platform components 4/25, p. 113
Extended preflight checks may slip Ariane schedule 5/9, p. 20
ESA, Soviets plan joint space research 5/9, p. 59
Shuttle 7 to carry multinational payload 5/16, p. 52
Ariane postponement 5/23, p. 27
Europe weighs joint space ventures 5/30, p. 149
Spacelab seen as preview to more joint space work 5/30, p. 295
French to increase Ariane funding 5/30, p. 353
Ariane success bolsters tight mission 6/27, p. 21
ESA's Exosat providing data on X-ray source 7/4, p. 62
Ariane gains four payloads, loses one 7/11, p. 21
Satellite watchdog 7/18, p. 104
European radio satellite hit after Ariane separation 7/25, p. 25
Launch delay strains spacelab funds 8/15, p. 24
Arianespace contracts 8/15, p. 61
Workers place ESA Spacelab in Columbia 8/29, p. 79
Onera to examine Ariane 4 acoustic, thermal levels 9/5, p. 69
Ariane No. 7 launch 9/5, p. 76
Spacelab stresses life sciences study 9/26, p. 73
ESA proposes Navsat civilian navigation system 10/17, p. 20
Ariane launch 10/24, p. 27
Europeans support U.S. space-based laser 10/24, p. 59
ESA offers Eureca platform for shuttle 10/24, p. 75
NASA, Europeans confer on shuttle 9 launch plans 10/31, p. 24
Evaluations delay launch of Ariane 8 until January 10/31, p. 25
NASA, ESA set to launch shuttle/spacelab Nov. 28 11/7, p. 21
ESA considering Navsat satellite system 11/21, p. 76
ESA pursuing space station role 12/5, p. 16

France
France studies advanced cryogenic motor 4/4, p. 20
France proposes minishuttle craft 8/8, p. 17
French, Soviets evaluating Venus exploration mission 10/17, p. 86

General
Scientists urge third world's space use 4/25, p. 129
Multinational space ventures growing 5/30, p. 247

Germany
Cause of German payload failure determined 4/11, p. 24
Orbiter deploys, retrieves SPAS 6/27, p. 14
Otrag prepares for full launch service 9/12, p. 77
German space laboratory nears project go-ahead 9/12, p. 84
SPAS team to compete with Landsat 11/7,
SPAS 01 payload scans South America 11/7, p. 62

Great Britain
Growth trends: British aerospace industry 3/14, p. 111
British Aerospace orders Fokker solar panels 7/18, p. 101

International
New concepts in spacecraft shown at IAF 11/7, p. 61

Italy
Shuttle contract to Italy 10/31, p. 23

Japan
Japan budgeting $2.4 billion for space in 1983, up 3.1% 1/17, p. 26
Growth trends: Japanese aerospace industry 3/14, p. 112
Japan's space effort moves toward operations 3/14, p. 112
Japan plans new launcher, 78 satellites 8/22, p. 23
Japanese list space technology goals 8/22, p. 24
Japan plans observation satellite launch 10/31, p. 62
Japan readies BS-2 broadcast family 12/5, p. 137

U.S.
Mission 6's EVA to verify capability 1/3, p. 47
Space policy bill 1/17, p. 27
USAF space facility operation delayed 1/24, p. 55
Hardware from past programs will cut Venus mapper costs 2/14, p. 20
Agencies agree on space power effort 2/21, p. 22
USAF upgrades deep space coverage 2/28, p. 57
USAF command influencing direction of programs 3/7, p. 44
RCA building new thermal vacuum chamber 3/14, p. 222
U.S. expendable vehicle launches will decrease 3/14, p. 98
Farsighted planning urged for study of solar system 3/28, p. 18
Shuttle biological unit cleared for mission after inspection 3/28, p. 24
USAF selects shuttle ice deterrent 3/28, p. 57
Space commission 4/4, p. 14
JPL tries to revive link with Viking 1 4/4, p. 16
Biological materials production test successful 4/11, p. 23
Johnson Space Center reorganizing 4/11, p. 25
Planetary strategy to boost flight rate 4/18, p. 121
Committee cites cost-control techniques 4/18, p. 129
Committee experienced in space work 4/18, p. 131
Economic benefits of lunar base cited 4/18, p. 132
Reagan lists manned space approaches 4/18, p. 19
Utah State expands space programs 4/18, p. 92
Aeroassist studies tied to fuel savings 4/25, p. 109
Panel recommends space minerals survey 4/25, p. 129
Snow experiment 5/2, p. 20
Pioneer 10 passes Pluto's orbit, transmitting data 5/2, p. 24
Firms examine commercial uses of space 5/9, p. 60
Industry awaits Reagan policy on space launches 5/16, p. 46
Spacelab seen as preview to more joint space work 5/30, p. 295
Shuttle crew hones skills in Gulfstream 6/6, p. 65
Carlucci cost initiatives spark changes 6/20, p. 20
Pioneer leaves known solar system 6/20, p. 21
Orbiter deploys, retrives SPAS 6/27, p. 14
Biological processing 6/27, p. 20
Rockwell nears completion of third space shuttle orbiter 7/4, p. 63
Launch delay strains spacelab funds 8/15, p. 24
Space study 8/15, p. 52
JPL tests hydride refrigerator 8/22, p. 152
Mission 8 experiments involve living cells 8/22, p. 152
Comsat award 8/22, p. 20
SBS Earth station 8/22, p. 25
Naval space unit centralizes responsibility 8/29, p. 18
NASA verifies solid objects orbit Vega 8/29, p. 78
Contractors design Martian orbiter probes 9/12, p. 81
Spacelab stresses life sciences study 9/26, p. 73
Spacelab 1 to establish scientific utility 10/10, p. 49
Spacelab to study astronomy, physics 10/17, p. 73
Spacelab material experiments coming primarily from Europe 10/17, p. 80
French budget to increase funds for space activities 10/17, p. 82
Spacelab managers study science options 10/24, p. 16
Europeans support U.S. space-based laser 10/24, p. 59
Images reveal Venusian surface 10/31, p. 18
NASA answers planning challenge 10/31, p. 21
NASA, Europeans confer on shuttle 9 launch plans 10/31, p. 24
NASA altering circuits on Jupiter probe 10/31, p. 62
Shuttle crew to use blood monitor during 1984 flight 10/31, p. 63
IRAS finds new features in deep space 11/14, p. 27
Spacelab 1 to fly large earth sensors 11/21, p. 54
49 contractors received funds for Spacelab effort 11/21, p. 66
NOAA tracking atmospheric pollutants 11/28, p. 140
X-ray observatory 11/28, p. 20
Spacelab scientists prove 1914 theory 12/5, p. 24
Companies study low-cost space use 12/5, p. 73

USSR
Soviets prepare for extravehicular activity 1/3, p. 18
Soviet nuclear spacecraft poses reentry danger 1/10, p. 18
Salyut 7 living conditions depicted 1/24, p. 58
U.S. assesses hazard of Cosmos fuel 1/31, p. 20
Soviets launch module to enlarge Salyut 7 3/7, p. 19
Soviets integrating space in strategic war planning 3/14, p. 110
Soviets building heavy shuttle 3/14, p. 255
Salyut addition 3/14, p. 259
Soviets launch winged spacecraft 3/21, p. 18
Soviet efforts point to antisatellite laser 3/21, p. 19
Soviets construct new space facilities 3/21, p. 21
Soviets recover spaceplane in Indian Ocean 3/28, p. 15
Center for Soviet space monitoring 3/28, p. 56
Center for Soviet space monitoring 3/28, p. 56
Soviets recover spaceplane 4/4, p. 17
Incentives and engineers 4/4, p. 9
Soyuz T-8 rendezvous with Salyut fails 4/25, p. 26
Soyuz failure laid to error in rendezvous 5/2, p. 21
ESA, Soviets plan joint space research 5/9, p. 59
Soviet threat in space said to be on rise 5/16, p. 47
Soviet spaceplane shows crew cabin, tile details 6/6, p. 27
Soviets marketing Proton in the West 6/20, p. 18
New crew manning Soviet Salyut 7 7/4, p. 26
Soviets identify Cosmos as space station's tug 7/11, p. 16
Salyut crew performs space mission tasks 7/25, p. 62
Soviets press Earth resources program 8/1, p. 15
Radar antenna problem cited in Soyuz rendezvous failure 8/15, p. 24
Soviets return material from Salyut 7 8/29, p. 22
Soviet cosmonauts survive launch explosion 10/3, p. 20
Explosion, leak cripple Salyut 7 effort 10/10, p. 23
Soyuz crew faced possibility of being marooned in space 10/10, p. 27
Soviets release balloons above Venus 10/17, p. 21
Cosmonaut confirms explosion of SL-4 10/17, p. 23
French, Soviets evaluating Venus exploration mission 10/17, p. 86
Progress launched 10/24, p. 25
Images reveal Venusian surface 10/31, p. 18
Soviets scramble Salyut 7 radio signals 10/31, p. 20
Cosmonauts install two arrays 11/7, p. 22
Veneras scan Venus with large radars 11/7, p. 24

Soviets to delay next Salyut 7 crew visit 11/7, p. 26
Cosmonauts place new solar array on Salyut 7 11/14, p. 29
Salyut panels attached to existing arrays 11/14, p. 30
Soviets confident of Soyuz reentry viability 11/21, p. 22
Venera orbit 11/21, p. 22
Russian cosmonaut returns to Earth after 149-day Salyut mission 12/5, p. 25
Faulty solar array caused Salyut 7 crew discomfort 12/12, p. 24
Space-based power plan deadline near 12/12, p. 63

SPACE TELESCOPES
Problems spur shift in telescope program 4/4, p. 14
Technicians mount mirror in space telescope 6/6, p. 75
House unit acts on space telescope, shuttle 6/6, p. 87
Lockheed developing space telescope for launch from shuttle 7/4, p. 25
Camera designed for high-resolution images of planets 11/21, p. 81

SPACE VEHICLES
NASA studying possibility of second Galileo vehicle 1/31, p. 54
Soviets recover spaceplane 4/4, p. 17
Experiment integration test clears Space-lab 1 for flight 4/25, p. 124
Pioneer 10 passes Pluto's orbit, transmitting data 5/2, p. 24
Soviet spaceplane shows crew cabin, tile details 6/6, p. 27
Pioneer 10 leaves known solar system 6/20, p. 21
New crew manning Soviet Salyut 7 7/4, p. 26
Tests show fixes improved Galileo parachute 8/1, p. 20
Soviets release balloons above Venus 10/17, p. 21
Veneras scan Venus with large radars 11/7, p. 24
New concepts in spacecraft shown at IAF 11/7, p. 61

SPARE PARTS
Parts bill passed 1/10, p. 93
Spare parts, long supply lines hinder maintenance 2/7, p. 67
CAB rejects immunity on parts talks 2/21, p. 32
Pricing of spares sparks scrutiny by Defense Dept. 7/18, p. 25
Navy disciplines two officers in overpricing of spare parts 7/25, p. 16
Weinberger issues spare parts policy 8/1, p. 22
Untangling spares pricing 8/1, p. 7
Spare parts 8/15, p. 13
Defense Dept. pursuing new engine spares plan 8/15, p. 18
USAF suspends 12 spare parts suppliers 8/15, p. 20
Policy on spares 8/29, p. 11
F-16 contractor refunds $56,000 to USAF 9/5, p. 18
Military spurs competitive spares buys 10/3, p. 131
Court overturns parts supplier's suspension 10/10, p. 27
Firm pleads guilty to spare parts charges 10/17, p. 26
Small businesses back spares bills 10/31, p. 73
Leasing parts refurbishing spare parts 11/14, p. 159
USAF adopts spare parts plan 11/14, p. 24
Navy seeks F/A-18 spares competition 11/28, p. 129
Spare refund 12/12, p. 18

STOL, V/STOL
Rolls-Royce to test propulsion systems for supersonic VTOLs 1/3, p. 22
British design Mach 2 VTOL fighter 1/10, p. 22
Manufacturers refine V/STOL designs 1/24, p. 63
A-6 STOL project wind tunnel tests 1/24, p. 69
Air Force requests STOL proposals 10/10, p. 30
Japan's STOL highlights air show 11/7, p. 16
Japan's STOL uses blown flaps for lift 11/21, p. 19
McDonnell Douglas proposes modifying F-15 fighter 12/12, p. 45

STRATEGIC ARMS LIMITATION TALKS
U.S. spurns Soviet bid to remove some SS-20s 2/21, p. 24

STRIKES, BOYCOTTS, JOB ACTIONS
Benefit fund decision 1/10, p. 40
Unions seek 'fair share' of defense spending 2/7, p. 26
Vote set on Eastern strike 3/21, p. 29
Eastern strike averted 3/28, p. 26
KLM A310 service delayed by labor dispute 4/4, p. 29
Poor market blunts engine strike impact 8/1, p. 22
Continental maintains full service despite IAM strike 8/22, p. 34
Pilots weighing ban on Soviet service 9/12, p. 26
Pilot groups considering effects of boycott action 9/26, p. 42
UAW strikes McDonnell Douglas facilities 10/24, p. 26
McDonnell warns that strikers threaten commercial business 11/7, p. 25

SURFACE VEHICLES
Japan to demonstrate high-speed surface car 12/5, p. 43

SURVEILLANCE
RC-12D to fill communications role 2/7, p. 79
Thermal imager designed 3/14, p. 208
Systems command will lead in acquisition logistics policy 10/17, p. 26
GEODSS photographs orbiting satellite 11/28, p. 146

SWEDEN
Sweden reacts to Soviet threat 3/14, p. 63
Swedes helicopter flight control system 12/12, p. 74
Sweden upgrading its defense force despite funds shortage 12/12, p. 83
Swedish Navy to force submarines to surface 12/12, p. 85

TAIWAN
CAB approves Pan American Taipei service 4/25, p. 34
Taiwan selects Lockheed to modernize ATC 11/21, p. 17

TAX
Supreme Court bans state tax on gross receipts of airlines 11/7, p. 30

TECHNOLOGY TRANSFER
Measure urged to stem tide of sensitive data to Soviets 1/10, p. 22
U.S. nears Lavi transfer approval 1/10, p. 20
Restrictions on technical papers 1/17, p. 22
Technology transfer at home 1/24, p. 13
Soviet action spurs technology policy 1/24, p. 25
British plan technology research program 1/24, p. 71
Japan approves technology transfer to U.S. 2/14, p. 118
Army pulls unclassified survey from meeting 3/7, p. 16
Rein on technology 3/7, p. 9
President orders lie detector tests 3/21, p. 25
Technology transfer fund sought 4/11, p. 26
Soviet ways to gain U.S. technology described 4/18, p. 79
Technology transfer 5/9, p. 24
Administration tightens granting of visas 5/16, p. 21
U.S. issues export licenses for Lavi 5/23, p. 25
New rules altering joint efforts 5/30, p. 78
Japanese take positive stance on cooperation 5/30, p. 80
France planning more joint programs 5/30, p. 83
When to transfer technology 6/13, p. 11
Screening urged for sensitive research 6/13, p. 20
Secret papers key to embezzlement case 6/13, p. 29
Egypt seeks technology transfer 8/15, p. 129
Small businesses oppose curb on data 8/29, p. 26
New center to oversee export licenses 9/19, p. 71
Belgian security conference disrupted 10/10, p. 85
NATO told Soviets pirate western technology 10/17, p. 100
U.S. curbs on technology said to hinder NATO unity 10/17, p. 100
Espionage arrest 10/24, p. 20
Reagan plans lie detector tests to stop data leaks 11/7, p. 76
German customs seizes computer sold to USSR 11/21, p. 24
Company transferring technology to China 11/21, p. 41
Reagan approves credits to Israel for Lavi 11/28, p. 27
Swedes seize more Soviet-bound equipment 11/28, p. 27
U.S. relaxes rules on exports to China 12/5, p. 167
Customs seizure 12/5, p. 24

TESTING EQUIPMENT
Rolls-Royce installs engine core testbed 3/28, p. 49
Icing tankers aid aircraft certification 4/11, p. 59
Dunlop adds wheel roller to qualification testing facilities 4/11, p. 64
Tomography used to inspect Trident 2 5/2, p. 71
Vought develops neutron rediography testing unit 5/16, p. 60
B-1B test equipment 5/23, p. 19
Hughes develops automated test station for F/A-18 radar 7/18, p. 120
NASA receives laminar flow control flight test unit 7/18, p. 77
Test center update program linked to cost savings 8/8, p. 50
Altimetry testing will aid aircraft separation study 8/15, p. 30
FAA testing vertical separation standards at space agency facility 8/22, p. 29
Camera checks assembly tool accuracy 8/29, p. 59
Company building X-ray computed tomography system 9/12, p. 72
B-1B test equipment 9/26, p. 151
Lockheed builds test range 10/10, p. 92
Naval Air Test Center opens new anechoic test facility 10/31, p. 65
Firm delivers electronic subsystems test unit 10/31, p. 81
Pilots questions combined flight testing 12/12, p. 44

THEMATIC MAPPER
Landsat 4 gathers geologic detail 1/31, p. 40
Landsat 4 boosts remote sensing uses 2/7, p. 77
Landsat loses thematic mapper transmitter 2/28, p. 16
Landsat failures spur shuttle plan for repair 8/1, p. 12

TRACKING AND SCANNING
Tracking device 1/10, p. 91
Forward-looking infrared pod undergoing tests on F-15 1/17, p. 107
Lantirn software 1/24, p. 27
FLIR system tested on F-16 in night mission 1/24, p. 61
Systems command probes C3 potential 3/28, p. 62
Navy may accelerate missile defense 5/30, p. 283

TRAINING
German pilot training 3/28, p. 17
Company offers weapons training to pilots 11/7, p. 45
U.S., British fleets conduct joint Indian Ocean training exercises 11/28, p. 129

TURKEY
Turkey decides to buy, coproduce 160 F-16s 9/12, p. 32

UNITED STATES AIR FORCE
USAF studies fighters for dual role 1/3, p. 36
USAF cuts ALCM procurement funding 1/31, p. 18
USAF funding development mission 2/7, p. 20
Revitalization effort sparked by new theater defense concept methods 2/7, p. 38
USAF buildup in Japan proposed 2/7, p. 41
Hawaii defense based on joint command of Guard, 326th Div. 2/7, p. 56
Realistic training, unity boosts combat readiness 2/7, p. 58
Military construction aids Air Force update effort 2/7, p. 63
Spare parts, long supply lines hinder maintenance 2/7, p. 67
Command, control capability upgraded 2/7, p. 71
Airlift command fulfilling high priority cargo delivery mission 2/7, p. 75
Airlift and sealift forces 2/14, p. 95
General purpose forces 2/14, p. 99
USAF rejects firm's multiyear acquisition proposal for F100 2/21, p. 24
Draft issued on support aircraft 2/28, p. 16
USAF upgrades deep space coverage 2/28, p. 57
USAFE assessing operating base resources 3/7, p. 22
USAF command influencing direction of programs 3/7, p. 44
USAF mission areas 3/14, p. 29
CRAF revisions 3/21, p. 47
Air Force receives first Lockheed TR-1B 3/28, p. 22
Space Div. assessing foreign hardware source 4/18, p. 96
USAF using cross checks to cut bias in weapons development 4/25, p. 130
Damaged runway tests 4/25, p. 133
USAF to seek fighter engine bids 5/2, p. 14
Air Force to issue RFP for light aircraft 5/2, p. 23
USAF studies new computer concept 5/9, p. 69
USAF seeks industry wage limit 5/16, p. 16
Orr targets costs of labor, executive pay for scrutiny 5/16, p. 18
Navstar award 5/30, p. 338
Air Force weighs alternatives for new missile 5/30, p. 50
USAF budget goals balance weapon readiness 5/30, p. 50
Mission adaptive wing mating set 6/6, p. 103
U.S. tactical fighter 6/6, p. 16
USAF selects Gulfstream to replace C-140s 6/13, p. 21
USAF to issue request for proposals on CRAF 6/13, p. 32
USAF sets bid deadline for small cargo aircraft 6/27, p. 27
USAF moves toward cooperative fighter 7/4, p. 14
Three carriers accept CRAF program 7/4, p. 15
Six bid for support aircraft 7/11, p. 65

USAF to assess European supplier capabilities 7/18, p. 99
Air Force studies lightning strikes on electrical systems 7/25, p. 50
USAF implements modernization plan 8/1, p. 51
USAF suspends 12 spare parts suppliers 8/15, p. 20
USAF beginning ICBM modernization 8/29, p. 18
USAF studies non-linear, vortex flows 8/29, p. 62
F-16 contractor refunds $56,000 to USAF 9/5, p. 18
Laboratory addition 9/19, p. 72
USAF will test T-46A ejection seats 9/26, p. 115
Gates, Beech win USAF contracts 9/26, p. 26
USAF orders French weapon 10/3, p. 22
USAF awards advanced engine contracts 10/10, p. 28
USAF studies new standoff weapons 10/17, p. 54
Air Force tightening policies to improve bid procedures 10/31, p. 73
USAF studies transatmosphere vehicle 11/7, p. 44
USAF tests turbine monitoring system 11/7, p. 77
Pan Am awarded $42-million contract for CRAF modification 11/14, p. 120
USAF using balloon-borne radar system 11/14, p. 215
USAF adopts spare parts plan 11/14, p. 24
USAF studies public testimony as MX silo construction nears 11/14, p. 33
New concepts in development 11/21, p. 9

UNITED STATES AIR NATIONAL GUARD
Arches aid hangar design for National Guard at Baltimore 1/17, p. 116

UNITED STATES ARMY
U.S. Army tests Roland system 1/3, p. 21
Army funding bid covers buy of 208 helicopters 2/7, p. 27
General purpose forces 2/14, p. 99
Army planners scrutinize inventory mix 3/14, p. 47
United States aviation strategy for standardization 3/14, p. 61
Army aviation 4/25, p. 25
Army seeks light helicopter bids 8/29, p. 16
Army reorganizes aviation command 10/31, p. 77

UNITED STATES COAST GUARD
Coast guard modernizing 2/14, p. 99
Coast Guard has priority for additional helicopter 8/1, p. 63
Aireye sensors aid Coast Guard patrols 10/31, p. 80

UNITED STATES GOVERNMENT
CBO
CBO urges restraint on military raises 12/12, p. 87
Commerce Dept.
U.S. ponders shift in air show services 11/14, p. 34
Congress
Senators seek GAO MX basing study 1/3, p. 20
Squeezing research 1/10, p. 11
U.S. assigns Israel, Egypt bulk of foreign military financing 1/10, p. 20
SAR program acquisition cost summary 1/10, p. 90
Parts bill passed 1/10, p. 93
Study finds Congress losing authority over sales of arms 1/17, p. 20
Space policy bill 1/17, p. 27
Helms informs House units on initiatives 1/24, p. 26
Proposals for budget freeze persist despite defense cuts 1/31, p. 16
Congressmen charge F-18 overruns hidden 1/31, p. 26
Defense cut support scarce in initial hearings on funding 2/7, p. 22
Congress to weigh Exim charter shift 2/14, p. 21
Exim fund boost 2/14, p. 21
Capping defense growth gains favor in Congress 2/14, p. 24
Democrats propose limit of defense growth to 5% 2/21, p. 21
Democrats question Israeli aid cut 3/7, p. 14
Leasing meets opposition in Congress 3/7, p. 20
Congress may reconsider deregulation 3/14, p. 194
FMS budget urged 3/14, p. 71
Senate group agrees to delay in action on defense budget 3/21, p. 25
Expanded military aid request worries Congress 3/21, p. 86
House panel given defense plan for funding research 3/28, p. 24
Opportunities lost 3/28, p. 9
House to debate new buy-America clause 4/11, p. 28
Restriction urged on commerce trade fair aid 4/25, p. 152
House panel votes $101 million for Lebanese military forces 4/25, p. 23
Reagan backs Senate initiative for merger of trade unions 5/2, p. 20
White House backs bribery law change 5/2, p. 90
Congress seeks MX reassurance 5/9, p. 14
Congress rejects value of trade curbs 5/16, p. 19
House committee assails delay on German missiles 5/16, p. 24
House designs move to boost industrial base 5/23, p. 101
Bill would create bank, trade policy council 5/23, p. 18
House leaders set procedures for changes to bribery law 5/23, p. 98
Eased research antitrust curb meets democratic opposition 5/30, p. 105
Congress debates protectionist policy 5/30, p. 123
House Committee slowing military aid to Argentina 5/30, p. 301
Congress releases fiscal 1983 MX funds 5/30, p. 52
Senate panel compromise advance export controls 5/30, p. 54
House questions agent decision 5/30, p. 57
House panel asks airport aid scrutiny 5/30, p. 65
House unit acts on space telescope, shuttle 6/6, p. 87
Joint Chiefs hearings 6/13, p. 20
Administration completes planning for Trade Dept. 6/13, p. 26
The old chicken gun story 6/20, p. 9
Senate panel to scrutinize management of defense 6/27, p. 26
Authority on arms sales survives court decision 7/4, p. 22
Author alters weapons test amendment 7/4, p. 26
Senate panel cuts budget for defense 7/4, p. 27
House panel hears critics of computer reservations 7/4, p. 39
Four measures would affect business tax 7/11, p. 22
Senate panel halves C-17 funding request 7/18, p. 27
Senate panel opposes closing flight services 7/18, p. 31
House approves stronger mandate for Exim Bank 8/15, p. 22
House condemns Soviets for attack on 747 9/19, p. 24
Legislative moves tighten contracting rules 10/3, p. 131
Travel agent exclusivity bill support grows 10/10, p. 34
Draft patents bill favors private rights 10/17, p. 99
Senate group delaying action on procurement authority shift 10/24, p. 19
House votes changes in Joint Chiefs of Staff 10/24, p. 23
Clash looms over indemnity policy bill 10/31, p. 65
Small businesses back spares bills 10/31, p. 73
Congress may force HAWK delay 11/7, p. 18
House defeats efforts to kill MX, B-1B funds 11/7, p. 23
House relaxes some export controls 11/7, p. 66
Senators plan product liability bill action 11/7, p. 76
Defense contract bidding bill gains support 11/14, p. 24
House rejects sale of satellites to industry 11/21, p. 18
Bill supports missile defense 11/21, p. 22
House asking FAA for civilian Navstar system used by 1988 11/21, p. 25
Congress renews Exim Bank's charter 11/28, p. 22
Republicans warn White House on budget 12/12, p. 20
Defense Dept.
Opponents plan drive on research 1/10, p. 16
Offer to Turkey 1/17, p. 20
Weinberger proposes $11.8 billion budget cut 1/17, p. 22
Combined NASA, defense budget studied on shuttle 1/24, p. 28
Defense budget presses nuclear effort 1/31, p. 16
Proposals for budget freeze persist despite defense cuts 1/31, p. 16
Defense Dept. pushes readiness, nuclear modernization 2/7, p. 16
Defense doubles integrated circuit funding 2/7, p. 19
Supplemental request 2/7, p. 19
Total obligational authority by program 2/7, p. 20

Department prepares for CAB function 3/7, p. 31
Program transfer 6/13, p. 41

UNITED STATES GOVERNMENT AGENCIES
CAB
CAB approves ticket pact 1/3, p. 28
Carriers support travel agents 1/10, p. 26
Defense contracts 1/17, p. 28
CAB allows subsidized route bumping 1/17, p. 39
CAB finds deregulation improving efficiency 1/31, p. 35
CAB chief defends ruling on ticket issuance 1/31, p. 36
U.S. promulgating policy on transatlantic aviation 2/14, p. 47
CAB rejects immunity on parts talks 2/21, p. 32

Department prepares for CAB function 3/7, p. 31
Baggage rule delay 3/7, p. 43
CAB chief urges international panel 3/21, p. 33
CAB rule requires Montreal pact link 3/21, p. 36
Smoking rules 3/21, p. 43
CAB issues campaign charter waiver 4/4, p. 25
CAB approves Pan American Taipei service 4/25, p. 34
CAB tightens agent ticketing rules 5/9, p. 25
House questions agent decision 5/30, p. 57
GAO proposes Congress give CAB more subsidy flexibility 6/13, p. 41
CAB proposes amended baggage rules 6/13, p. 48
CAB proposes ban on cigar, pipe smoking 6/20, p. 40
CAB denies certificate to Regent Air 6/27, p. 30
CAB ends People Express exemptions 7/4, p. 30
CAB acts on certification, smoking, fares 8/1, p. 28
CAB studies reservations bias in connecting flights 9/26, p. 50
New frontier subsidiary nears CAB approval 11/7, p. 36

Customs Service
Customs procedure shifts reduce passenger 4/25, p. 50

DARPA
DARPA fund request keyed to weapon technology gains 2/7, p. 16
DARPA head recommends Stealth discussion 5/16, p. 20

FAA
Severe storm disrupts air carrier 1/3, p. 24
FAA planning to evaluate ATC training 1/3, p. 29
Conferees agree on $2.46 billion for FAA 1/3, p. 31
Boeing power system 1/10, p. 23
FAA rejects Braniff's request for return of former slots 1/31, p. 30
FAA, General Electric study CF6 problem 1/31, p. 34
FAA plans to lift ATC restrictions by fall 2/7, p. 35
FAA readies first phase of modernizing air fleet 2/14, p. 126
FAA studies two-engine transoceanic operations 2/14, p. 28
FAA plans to continue flow control 2/14, p. 34
FAA's funding leans heavily on revenues from trust fund 2/14, p. 95
Snowstorm aids runway friction study 2/21, p. 26
Boeing, FAA seek answer to observer seat problem 2/28, p. 29
FAA requires continued CF6-80A inspection 2/28, p. 34
FAA forecasting growth in all sections of aviation 3/7, p. 43
Firms plan FAA modernization bids 3/14, p. 207
FAA readies ATC quality assurance program 3/21, p. 31
Overwater rule extension sought 4/11, p. 30
Meetings push for certification accord 4/25, p. 36
FAA reviewing snow-removal rules, brake action reporting 5/2, p. 34
FAA revokes Guy America certificate 5/9, p. 34
FAA urges ATC survey for satellites 5/30, p. 332
FAA proposal to require improved data recorders 6/6, p. 34
FAA plans to end loan guarantee program 6/13, p. 43
Boeing, FAA agree on 757 observer seat 6/27, p. 34
FAA drafts changes in fire rule 7/4, p. 28
FAA fully automating system for service difficulty reports 7/4, p. 28
Firemen seek hearings on FAA safety effort 7/4, p. 29
FAA studies deicing to aid survivability 7/11, p. 28
FAA staff document endorses use of cockpit traffic displays 7/18, p. 128
FAA orders lavatory maintenance survey 7/25, p. 26
FAA studies emergency rules to halt hijacking 7/25, p. 30
Bill would expand FAA role in exports 8/8, p. 23
FAA as an export promoter 8/15, p. 13
Fire investigators find rules inadequate 8/22, p. 31
FAA suspends use of Route R20 9/12, p. 25
More on the FAA as salesman 9/26, p. 21
Helms affirms overwater extension opposition 9/26, p. 44
FAA proposing airworthiness action on A300 gear, brakes 10/17, p. 39
Opposition grows to FAA plan on closing facilities 10/31, p. 36
FAA criticizes procedures at Republic 11/7, p. 33
FAA approves vendor evaluation plan 11/7, p. 43
FAA selects sites of new heliports 11/14, p. 121
Congressmen criticize FAA in cabin safety issue 11/14, p. 132
FAA proposes new operating rules for 19-seat commuters 11/28, p. 36
FAA revises hydrocarbon exhaust limits 12/5, p. 35
FAA drafts smoke detector rules 12/12, p. 28
Carrier surveillance 12/12, p. 31

FCC
FCC Filing seeks to position private Satcoms over Atlantic 3/21, p. 28

GAO
Senators seek GAO MX basing study 1/3, p. 20
GAO scrutinizes shuttle operations, costs 1/31, p. 54
GAO finds simulators used inefficiently 2/21, p. 72
GAO urges arrival peaks be charged 4/25, p. 50
GAO finds Maverick problems unresolved 5/16, p. 23

JPL
JPL seeks work 3/14, p. 219

NASA
NASA studies gas problem on Challenger 1/3, p. 21
NASA limits research paper distribution 1/17, p. 23
Flight envelopes widened at NASA's Dryden facility 1/17, p. 56
Combined NASA, defense budget studied on shuttle 1/24, p. 28
NASA broadens shuttle engine assessment 1/24, p. 28
NASA considers early live engine test 1/24, p. 28
NASA studying possibility of second Galileo vehicle 1/31, p. 54
NASA squeezes in some new starts 2/7, p. 24
Reporting reduced 2/7, p. 33
Lewis Research Center reorganizes activities 2/7, p. 77
Another lean NASA budget 2/14, p. 11
NASA might display shuttle at Paris Air Show 2/14, p. 24
NASA budget summary ($thousands) 2/14, p. 99
Agencies agree on space power effort 2/21, p. 22
NASA issues stop work order on Delta booster 2/21, p. 22
NASA plans infrared devices for communications in shuttle 2/21, p. 69
NASA to test shuttle parachute system 2/28, p. 61
NASA selects Solar Max repair crew 3/7, p. 25
NASA begins installation of fiber optic network 3/14, p. 104
NASA budget 3/14, p. 265
Space station pivotal in NASA future 3/14, p. 83
NASA sets medical privacy rule 3/28, p. 14
Farsighted planning urged for study of solar system 3/28, p. 18
NASA budget 4/18, p. 30
NASA to seek redesign of shuttle engine parts 4/25, p. 115
NASA considers Europe tour of shuttle orbiter Enterprise 5/2, p. 15
NASA initiates annual astronaut selection 5/23, p. 22
NASA to recompete booster refurbishment 5/30, p. 297
Ames tunnel repair costs rising 6/20, p. 23
NASA selects Boeing for launch complex talks 7/18, p. 21
NASA plans laminar flow control tests 8/29, p. 75
Reagan urges NASA to be more visionary 10/24, p. 25
NASA answers planning challenge 10/31, p. 21
NASA researches aircraft control during deep stall 10/31, p. 53
NASA plans high-speed design for follow-on QSRA research 10/31, p. 57
NASA-RAE tests investigating flight at high angles of attack 11/7, p. 45
NASA readies post-spacelab testing 11/28, p. 30

NOAA
NOAA 8 to speed search and rescue 2/28, p. 75
NOAA contract 7/25, p. 21

NTSB
NTSB scrutininzes trim setting in crash of United DC-8-54F 3/21, p. 36
NTSB studying power loss in DC-9 incident 4/11, p. 34
NTSB issues safety recommendations 5/30, p. 383
NTSB seeking to slow lift of ATC curbs 5/30, p. 59
NTSB investigates JT8D engine failure 6/20, p. 32
NTSB seeks higher standards for cockpit recorder survival 11/28, p. 156

UNITED STATES MARINE CORPS
Marine Corps seeks 79 new aircraft 2/7, p. 18
F/A-18, AV-8B latest steps in Marine modernization drive 3/14, p. 36
Vital interests 10/31, p. 13

UNITED STATES NAVY
Navy planning Tomahawk program revisions 1/3, p. 14
Navy drafts new ejection seat plan 1/10, p. 24
Navy to develop new Trident warhead 1/17, p. 26
Navy seeks industry proposals on vertical lift aircraft design 1/24, p. 26
Navy seeking balance in procurement, readiness 2/7, p. 22
Airlift and sealift forces 2/14, p. 95
General purpose forces 2/14, p. 99
Navy pushes maritime superiority goal 3/14, p. 50
Navy evaluates French transmitters 3/28, p. 19
Navy chooses Citation 2 for navigation trainer role 5/16, p. 17
Navy studies photon echo memory use 5/23, p. 102
Navy may accelerate missile defense 5/30, p. 283
Navy disciplines two officers in overpricing of spare parts 7/25, p. 16
Navy tests new maintenance procedure 8/22, p. 131
Naval space unit centralizes responsibility 8/29, p. 18
Navy to buy supersonic adversary aircraft 10/17, p. 28
Navy favors modified attack aircraft 11/7, p. 19
Contractor deadline nearing in Navy aggressor aircraft buy 11/7, p. 73
Navy plans attack aircraft modification 11/14, p. 198
Naval official predicts procurement changes 11/21, p. 24
Navy signs for 168 F/A-18s, 21 AV-8Bs worth $5.9 billion 11/28, p. 30

USSR
Soviet ministers fired 2/28, p. 26
Soviets reshape structure for air attack, defense 4/4, p. 54
French expel Soviets 4/11, p. 29
Soviets pull aircraft from Paris 5/23, p. 16
Egypt views Soviet expansion as encirclement, isolation plan 8/15, p. 138
U.S. scrutinizing new Soviet radar 8/22, p. 19
Soviet Su-15 shoots down Korean 747 9/5, p. 25
An incredible blunder 9/12, p. 13
U.S. says Soviets knew Korean Air Lines 747 was commercial flight 9/12, p. 18
747 carried Litton LTN-72R navigation system 9/12, p. 21
U.S. intercepts Soviet fighter transmissions 9/12, p. 22
ICAO studying its rules on interceptions 9/12, p. 24
Aeroflot tickets banned 9/12, p. 26
U.S., Soviet Union dispute key elements of Korean 747 attack 9/12, p. 26
Attack may boost funding for defense 9/12, p. 28
Soviets harass searchers for 747 debris 9/12, p. 28
Gromyko rejects U.S. criticism of incident 9/12, p. 29
Soviets still insist shootdown of Korean transport justified 9/12, p. 29
Soviets retaliate 9/19, p. 18
U.S. actions estimated to cost Soviets $1.5-2 million annually 9/19, p. 18
Search for Flight 007 yields bodies, debris 9/19, p. 22
Soviet cautions West its fighters will shoot again 9/19, p. 22
ICAO debates full inquiry of Flight 007 destruction 9/19, p. 24
Soviet scientists cancel U.S. appearance 9/19, p. 25
U.S. admits Soviets fired cannon shots 9/19, p. 25
11 nations halt Moscow air service to protest downing 9/19, p. 26
Insurance paid 9/19, p. 26
Finns blame Koreans 9/19, p. 27
Ireland withdraws Soviet fifth freedom rights 9/19, p. 27
Outrage from the pilots 9/19, p. 9
Explosive events seen on Soviet island 9/26, p. 31
U.S. eases pressures on ICAO 9/26, p. 40
Soviets charge U.S. aligned 747 with satellite, aircraft 9/26, p. 42
Carriers say R20 closing causing delays 9/26, p. 43
Human factors analyzed in 007 navigation error 10/3, p. 165
ICAO considers replacing route system on Pacific 10/3, p. 33
Pilots ask ICAO to insure end of attacks 10/3, p. 33
Normal Moscow service resumes after pilots' ban 10/10, p. 36
Soviet Marshal displays aircraft, missile positions 12/12, p. 21
Soviets restructure

VENEZUELA
U.S., Venezuela set air service level 4/25, p. 33

VENUS
Hardware from past programs will cut Venus mapper costs 2/14, p. 20
Venera more limited than U.S. mission 6/13, p. 19
French, Soviets evaluating Venus exploration mission 10/17, p. 86
Soviet radar records Venus surface imagery 10/24, p. 18
Images reveal Venusian surface 10/31, p. 18
Veneras scan Venus with large radars 11/7, p. 24
Venera orbit 11/21, p. 22

VERTICAL LIFT AIRCRAFT
Navy seeks industry proposals on vertical lift aircraft design 1/24, p. 26

JVX contract 5/2, p. 14
U.S. Navy considers restoring competition to JVX program 5/9, p. 21
JVX pullout 5/30, p. 274

VERY HIGH SPEED INTEGRATED CIRCUITS
TRW matrix switch 3/7, p. 18
Hughes producing 72,000-transistor VHISIC chip 5/16, p. 73

WARSAW PACT
Foundation of U.S. coalition strategy 3/14, p. 27
Combat aircraft comparison 3/14, p. 37
Warsaw Pact multiplies arms sales to Third World 5/2, p. 91
NATO Southern Region forces outnumbered by Warsaw Pact 12/5, p. 181

WEAPON SYSTEMS
U.S. to evaluate light antitank weapon 1/3, p. 23
NATO plans to fund air control studies 1/10, p. 79
Assault breaker submunition tests completed 1/10, p. 87
SAR program acquisition cost summary 1/10, p. 90
Teams will face shootoff for new antitank weapon 1/24, p. 23
Matra proposes weapons delivery vehicle 1/24, p. 64
Strategic forces 2/7, p. 27
Added systems capability improving force presence 2/7, p. 51
Live air-to-air missile firing performed at Clark 2/7, p. 73
Fiscal 1984 major weapons systems spending detailed by military service 2/14, p. 92
Agencies agree on space power effort 2/21, p. 22
Lantirn delivered 3/7, p. 25
NATO eyes conventional weapons buy 3/14, p. 69
Flight systems providing towing service of air-to air gunnery targets 4/18, p. 81
Antitank weapon tested on ultralight 4/25, p. 137
Goalkeeper system built for ship defense 5/2, p. 67
F-16 used to flight test low drag bomb release 5/2, p. 79
Pave Spike aids F-4E target accuracy 5/2, p. 95
Weapon systems 5/30, p. 170
B-1B rotary weapons launcher tested 5/30, p. 313
British develop microprocessor-based naval ground mine 5/30, p. 315
Missile defense effort includes directed-energy, other means 5/30, p. 332
Study sees technology as key to defense 5/30, p. 345
Army evaluates homing vehicle test failure 6/13, p. 119
New START negotiating stand would aid small missile plans 6/13, p. 28
General Electric develops air defense system 6/13, p. 70
Europeans challenging U.S. ABM system 6/20, p. 28
French neutron weapon 7/4, p. 17
Author alters weapons test amendment 7/4, p. 26
Launcher contract 7/11, p. 15
Beam weapon advances emerge 7/18, p. 18
Panel evaluates strategy policy shift 7/18, p. 18
French army adopts Apilas antitank weapon 7/18, p. 71
A bad idea for testing 7/25, p. 9
GBU-15s destroys simulated missile sites 8/1, p. 16
B-1B bomber weapons stores, avionics placement detailed 8/1, p. 53
Test center update program linked to cost savings 8/6, p. 50
Firm studies counter-airfield weapon 8/29, p. 73
Air Force completes tests of conformal weapons carriage on F-15 9/19, p. 17
Two firms to make munition circuits 9/19, p. 85
Board asks caution in Lantirn upgrading 9/26, p. 32
New air defense gun 10/3, p. 142
USAF orders French weapon 10/3, p. 22
Panel urges defense technology advances 10/17, p. 16
Scientific canvas locates innovative defensive ideas 10/17, p. 19
USAF studies new standoff weapons 10/17, p. 54
Euromissile develops new Milan warhead 10/24, p. 22
Marconi testing new fire control system 10/24, p. 23
Army to seek validation phase bids on new MLRS warhead 10/24, p. 26
Defensive technologies study sets funding profile options 10/24, p. 50
Study urges exploiting of technologies 10/24, p. 50
Europeans support U.S. space-based laser systems 10/24, p. 59
Shuttle may aid in space weapons test 10/31, p. 74
U.S. accused of blocking two-way street 11/7, p. 66
Bill supports missile defense 11/21, p. 22
U.S., Germany discuss air defense plan 11/28, p. 21
Congress okays strategic weapons plan 11/28, p. 23
U.S., Britain sign memorandum for JTIDS system participation 11/28, p. 28
Defense acquisition cost increase 11/28, p. 51
Panel urges boost-phase intercepts 12/5, p. 50
USAF studies hypervelocity technology 12/5, p. 62
Turnaround in readiness 12/12, p. 11
Soviet Marshal displays aircraft, missile positions 12/12, p. 21
Army Bushmaster order 12/12, p. 44
Space-based power plan deadline near 12/12, p. 63
Sweden upgrading its defense force despite funds shortage 12/12, p. 83

WEAPONS SYSTEMS
Israel develops new tactical weaponry 7/4, p. 64

WEATHER REPORTING SYSTEMS
FAA cancels VOR weather program 3/28, p. 38
Users oppose weather service cuts 9/5, p. 63
Explosive events seen on Soviet island 9/26, p. 31

WIND SHEAR
Researchers study methods to combat effects of wind shear 2/21, p. 40

WIND TUNNEL
French test laser-fitted wind tunnel 7/18, p. 79
Langley tunnel models 9/19, p. 75

AEROSPACE FACTS AND FIGURES 1983/84

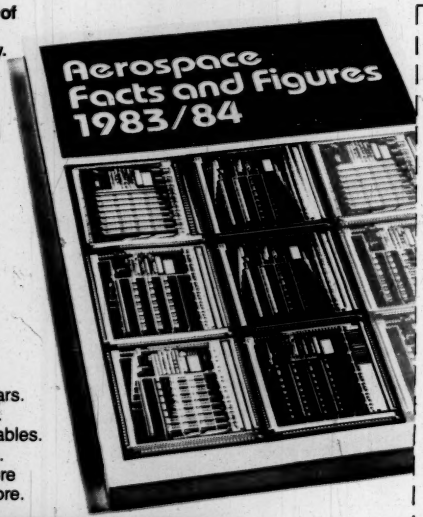
Compiled by Aerospace Industries of America, Inc. Published by Aviation Week & Space Technology.

Here are all the statistics, all the trends—with complete summaries, glossaries and indexes—everything you need to know about eight vital segments of the aerospace industry:

- Aircraft and Engine Production
- Missile Programs
- Space Programs
- Air Transportation
- Research and Development
- Foreign Trade
- Employment
- Finance

All New! Updated And Revised! New Features!
- Tables in constant and current dollars.
- New Federal deflator series tables.
- New 25-year industry time series tables.
- New table of aerospace SIC codes.

...plus more tables, more graphs, more aerospace information than ever before.



ORDER YOUR COPY TODAY. ONLY $9.95 EACH.
